**CERTIFICATION BY SUPERVISING CIVIL ENGINEER**    *TOMC 7-3.18(c)(9)*

I certify to the satisfactory completion of grading on the project site in accordance with the City Grading Ordinance and the approved plans. All required drainage devices have been installed, slope planting and irrigation systems have been installed (where required), and adequate provisions have been made for drainage of surface waters from each building site. The recommendations of the soils engineer and/or engineering geologist (if such persons were employed) have been incorporated in the work.

Remarks \_\_\_\_\_

Engineer \_\_\_\_\_  
(Signature/Seal)

Date \_\_\_\_\_

Note to Owner/Developer: Final Punchlist preparation, and release of project Bonds will be initiated upon the submittal of your final Record (as-built) Drawings to the Public Works Department.
