TOCC Meeting today Agenda 8A Public Hearing CDBG Grants

Dear Council:

Glad that CM Price held the meeting of providers with Cong. J. Brownley. Surprised that she was not aware of the whole enchilada. It is disgrace & a shame that Feds are constantly chopping these much needed programs. The HUD Secty said that programs like Meals on wheels which has been around since the 60's has grown and not shrunk. What a shame that he does not know even the basics about the program and also about poverty & the rise of needs. Also how many VOLUNTEERS around the country & TO give selflessly to help our fellow citizens; besides the dollar savings these volunteers provides much needed contacts to these vulnerable

seniors. This and other programs need to be increased to rescind the cuts and also to take care of the many more that are going hungry & are without a roof over their heads.

As a former 20+ yr member of the cities citizen committee for Social Services I am aware of the back ground; the comm. Is being reformulated now & 24 citz applied; one already dropped out. Let's see how many care enough to READ this report & come to the meeting to contribute.

Charge of staff time is being misappropriated; with the Santa Claus Redevelopment Agency's mandate to spend 20% of the millions that they skimmed of businesses there were literally millions available for many pet projects; Instead of having general fund pay \$100k + this should be assigned to the community development dept.

Sincerely,
