THOUSAND OAKS BLVD UTILITY UNDERGROUNDING PROJECT

Learn More About The Project

 WEBSITE: www.toaks.org/UndergroundTOB
EMAIL: UndergroundTOB@toaks.org

ABOUT THE PROJECT

The City is working with local utility companies Southern California Edison, Time Warner Cable and Crown Castle to improve Thousand Oaks Boulevard by removing approximately 1.5 miles of overhead electrical wires and 48 electrical poles, from Duesenberg Drive to Westlake High School at Via Merida. The project is being primarily funded by Redevelopment Agency bond proceeds, along with a contribution from the General Fund.

PROJECT BENEFITS

-  **Increased safety**
-  **Limit future tree topping**
-  **Enhanced aesthetics**
-  **Increased reliability**
-  **Improved pedestrian and ADA access**
-  **Provides room for Westlake High School future stadium expansion**

Thousand Oaks Boulevard: Before

Thousand Oaks Boulevard: After (Rendering)

PROJECT IMPACTS

- Periodic lane closures during construction along Thousand Oaks Boulevard.
- Nearly all utility boxes, switches, and transformers will be placed underground.
- Residents and businesses nearby will be notified of construction activity or closures in advance.
- Portions of the work will be completed at night, to minimize traffic impacts.
