Next Steps

• The City’s representative from Hamner, Jewell & Associates will meet with property owners where temporary and/or permanent easement rights are needed
• Confirm project plans
• Proceed with preparing easement area legal descriptions/ ordering appraisal reports and/or waiver valuations to determine the value of the needed easements
• Easement offer packages will be prepared for City approval
• Hamner, Jewell & Associates will then schedule individual meetings with property owners to present easement purchase offers
• Proceed with obtaining any necessary permits and putting the project out to bid
• We will host another Community Outreach meeting prior to starting construction and provide information about work hours, impacts and mitigative measures
