This is a broad classification with individual positions assigned to specific functional areas; duties and assignments may overlap depending on the operational needs of the department and staffing levels.

**Administrative Clerk I** – This is the entry level class in the Administrative Clerk series providing general and specialized clerical and office support. Positions at this level are not expected to function with the same amount of program knowledge or skill level as positions allocated to the Administrative Clerk II level and exercise less independent discretion and judgment in matters related to work procedures and methods. Work is usually supervised while in progress and/or fits an established structure or pattern. Exceptions or changes in procedures are explained in detail as they arise. Advancement to the “II” level is based on performing the full range of journey level duties, demonstrated proficiency in performing the assigned functions, and is at the discretion of higher level supervisory or management staff.

**Administrative Clerk II** – This is the journey level class within the Administrative Clerk series performing the full range of general and specialized clerical and office support duties with only occasional instruction or assistance. Positions at this level are distinguished from the Administrative Clerk I level by the performance of the full range of duties as assigned, working independently, applying well developed clerical and office support knowledge, and exercising judgment and initiative. Assigned work requires the use of judgment in selecting appropriate procedures, conducting transactions with customers and the public, and solving routine and non-routine problems based on knowledge gained through experience. Positions at this level receive only occasional instruction or assistance as new or unusual situations arise, and are fully aware of the operating procedures and policies of the work unit. Work is normally reviewed only on completion and for overall results. Positions in this class series are alternately staffed and positions at the Administrative Clerk II level are normally filled by advancement from the Administrative Clerk I level.
