Senior Purchasing Specialist

**Purpose of the role:**
Under direction, leads, oversees, and participates in the more complex and difficult work in the purchasing, receipt, and issuance of materials, supplies, and equipment for use by various City departments in accordance with City purchasing procedures; provides bid specifications; negotiates bids and contracts; maintains an adequate inventory level; plans and reviews the activities for warehouse and other staff; and, performs related duties.

**Distinguishing Characteristics:**
This is the advanced journey level class within the Purchasing Specialist series responsible for the administration of the purchasing, ordering, and if assigned, warehouse functions. Positions at this level are distinguished from other classes within the series by the level of responsibility assumed and the complexity of duties assigned including lead functions over lower level staff, and/or training other departmental staff on purchasing practices including other Senior Purchasing Specialists. Employees perform the most difficult and responsible types of duties including responsibility for making and approving higher dollar value purchases. Employees at this level are required to be fully trained in all procedures related to the assigned area of responsibility.

**Essential Duties and Responsibilities:**
The following duties are typical for this classification. Incumbents may not perform all of the listed duties and/or may be required to perform additional or different duties from those set forth below to address business needs and changing business practices.

- Leads, plans, trains, organizes, schedules, reviews, and participates in the work of staff responsible for researching, evaluating, negotiating, and contracting for equipment, supplies, materials, parts, general services, and special equipment through the informal or formal bid processes, Request for Proposal (RFP), use of cooperative purchases, or tagging onto other agency's bids in order to obtain the best possible products and services at the best prices.

- Trains assigned staff in their areas of work.

- Verifies the work of assigned employees for accuracy, proper work methods, procedures, and techniques.

- Plans and reviews the work and activities of assigned staff; participates in the hiring and performance evaluation processes of staff.

- Receives, examines, analyzes, and processes purchase requisitions and purchase orders according to City and department policies and procedures; ensures that information is correct and complete and order parameters are clear and understood; corrects errors as necessary.
• Prepares bid specifications for formal and informal bids for equipment, annual contracts, materials, supplies and services; obtains bid quotations; compares costs and evaluates the quality and suitability of supplies, materials, and equipment; evaluates and summarizes bids; prepares recommendations for bid awards; prepares bid process documentation; selects appropriate vendors and purchases approved supplies, equipment and services used in City departments; maintains bid files, product files and appropriate records; and, generates reports as necessary.

• Confers with departmental representatives to determine purchasing needs, and resolves problems; resolves problems relating to substitutions, equivalents, delivery schedules, and vendor problems; follows up on purchase orders to ensure products are received in a correct and timely manner.

• Oversees the receipt of incoming orders which includes the verification of accuracy, quantities, and distribution; coordinates shipping of parts, incorrect orders, and exchanges.

• Oversees a stores inventory; disbursement of goods, and the maintenance of related inventory records, bid files, and product files.

• Oversees the maintenance of vendor/bid files, commodity/sub-commodity lists, and other purchasing and inventory files.

• Negotiates, manages, and monitors contracts.

• May oversee the transfer or disposal of surplus property.

• Uses and trains staff in the use of applicable purchasing and/or inventory software as necessary; instructs and informs other staff in purchasing procedures and policies as necessary.

• As assigned, oversees preventative maintenance programs; performs preventative maintenance on equipment and parts; creates work orders and tracks equipment, parts, and contractor services used; generates purchase orders for approval.

• Answers inquiries and complaints by employees, vendors, and the public over the phone and in person; provides information within scope of knowledge and authority, or refers to supervisor.

• Participates in purchasing meetings and discussions; maintains awareness of new developments in the field of purchasing.

• If assigned to a warehouse, operates forklifts, trucks, and other light equipment in the storage of material, supplies, equipment, and parts.

• May act in the absence of the Purchasing Supervisor.

• Performs related duties as required.
The following generally describes the knowledge and ability required to enter the job and/or be learned within a short period of time in order to successfully perform the assigned duties.

**Knowledge of:**
- Operations, services, and activities of a purchasing program.
