Reservations

For your convenience, ADA Dial-A-Ride offers four types of reservations. Subscription and Advanced reservations receive priority scheduling. ADA Dial-A-Ride is a shared ride service and drivers may make additional stops on the way to your destination. Allow at least one hour between the requested pick-up time and the time you need to arrive.

• Subscription: For riders requiring transportation at the same time of day, to the same location on a recurring basis. Subscriptions are available for up to 90 days. Riders must call to cancel if a scheduled ride is not required.

• Advanced: Made between one day and two weeks in advance. There is no limit to the number of advanced reservations.

• Same Day: Made for same day transportation and must be reserved at least two hours in advance. Each rider can make three Same Day reservations daily.

• First Available: For trips that do not require a specific pick-up time or when we are unable to accommodate a requested time due to capacity limits, riders will be offered the first available pick-up time as determined by our computerized dispatch system. If the time offered is accepted, the ride will be booked as if it was an advanced reservation and you can expect the vehicle to arrive within 15 minutes of the agreed time. Use of First Available service requires opting-in to the RADAR notification system.

Due to demand for service, we are no longer able to accept ride requests on a demand basis if your scheduled trip on Dial-A-Ride involves a return ride where your return time is uncertain, for instance a doctor’s appointment; please book a reserved ride for your estimated return time. If you are running behind and will miss your scheduled return ride, please cancel it as soon as possible and use the First Available service instead. Reservations must be a minimum of one hour apart.
