Community Development Department

TO: Building Division

FROM: David Hueners, Building Official/Deputy Director

DATE: January 12, 2010

SUBJECT: **Policy for determining fee for work commencing before permit issuance**

Section 108.4, Appendix 1 of the 2007 California Building Code states the following:

“Work commencing before permit issuance. Any person who commences any work on a building, structure, electrical, gas, mechanical or plumbing system before obtaining the necessary permits shall be subject to a fee established by the building official that shall be in addition to the required permit fee.”

The following guide should be used to determine the amount of the fee for work commencing before permit issuance:

Work done before permit issuance	Percent of building permit fee to be assessed
1. Concrete foundation and/or slab	20%
2. No. 1 + rough framing	40%
3. No. 1 + No.2 + rough electrical, plumbing or mechanical	60%
4. No. 1 + No. 2 +No. 3 + drywall and/or exterior sheathing	80%
5. Project fully constructed	100%

The inspector will evaluate the amount of progress made on a building or structure built without benefit of permit, and then building permit fee shall be determined and from that the fee for work commencing before permit issuance will be set.

For unusual situations or if clarification is needed contact the Building Official.

as electrical, gas, mechanical, plumbing equipment and permanent systems. If, in the opinion of the building official, the valuation is underestimated on the application, the permit shall be denied, unless the applicant can show detailed estimates to meet the approval of the building official. Final building permit valuation shall be set by the building official.

108.4 Work commencing before permit issuance. Any person who commences any work on a building, structure, electrical, gas, mechanical or plumbing system before obtaining the necessary permits shall be subject to a fee established by the building official that shall be in addition to the required permit fees.

108.5 Related fees. The payment of the fee for the construction, alteration, removal or demolition for work done in connection to or concurrently with the work authorized by a building permit shall not relieve the applicant or holder of the permit from the payment of other fees that are prescribed by law.

108.6 Refunds. The building official is authorized to establish a refund policy.

SECTION 109 INSPECTIONS

109.1 General. Construction or work for which a permit is required shall be subject to inspection by the building official and such construction or work shall remain accessible and exposed for inspection purposes until approved. Approval as a result of an inspection shall not be construed to be an approval of a violation of the provisions of this code or of other ordinances of the jurisdiction. Inspections presuming to give authority to violate or cancel the provisions of this code or of other ordinances of the jurisdiction shall not be valid. It shall be the duty of the permit applicant to cause the work to remain accessible and exposed for inspection purposes. Neither the building official nor the jurisdiction shall be liable for expense entailed in the removal or replacement of any material required to allow inspection.

109.2 Preliminary inspection. Before issuing a permit, the building official is authorized to examine or cause to be examined buildings, structures and sites for which an application has been filed.

109.3 Required inspections. The building official, upon notification, shall make the inspections set forth in Sections 109.3.1 through 109.3.10.

109.3.1 Footing and foundation inspection. Footing and foundation inspections shall be made after excavations for footings are complete and any required reinforcing steel is in place. For concrete foundations, any required forms shall be in place prior to inspection. Materials for the foundation shall be on the job, except where concrete is ready mixed in accordance with ASTM C 94, the concrete need not be on the job.

109.3.2 Concrete slab and under-floor inspection. Concrete slab and under-floor inspections shall be made after in-slab or under-floor reinforcing steel and building service equipment, conduit, piping accessories and other ancillary

equipment items are in place, but before any concrete is placed or floor sheathing installed, including the subfloor.

109.3.3 Lowest floor elevation. In flood hazard areas, upon placement of the lowest floor, including the basement, and prior to further vertical construction, the elevation certification required in Section 1612.5 shall be submitted to the building official.

109.3.4 Frame inspection. Framing inspections shall be made after the roof deck or sheathing, all framing, fireblocking and bracing are in place and pipes, chimneys and vents to be concealed are complete and the rough electrical, plumbing, heating wires, pipes and ducts are approved.

109.3.5 Lath and gypsum board inspection. Lath and gypsum board inspections shall be made after lathing and gypsum board, interior and exterior, is in place, but before any plastering is applied or gypsum board joints and fasteners are taped and finished.

Exception: Gypsum board that is not part of a fire-resistance-rated assembly or a shear assembly.

109.3.6 Fire-resistant penetrations. Protection of joints and penetrations in fire-resistance-rated assemblies shall not be concealed from view until inspected and approved.

109.3.7 Energy efficiency inspections. Inspections shall be made to determine compliance with Chapter 13 and shall include, but not be limited to, inspections for: envelope insulation *R* and *U* values, fenestration *U* value, duct system *R* value, and HVAC and water-heating equipment efficiency.

109.3.8 Other inspections. In addition to the inspections specified above, the building official is authorized to make or require other inspections of any construction work to ascertain compliance with the provisions of this code and other laws that are enforced by the department of building safety.

109.3.9 Special inspections. For special inspections, see Section 1704.

109.3.10 Final inspection. The final inspection shall be made after all work required by the building permit is completed.

109.4 Inspection agencies. The building official is authorized to accept reports of approved inspection agencies, provided such agencies satisfy the requirements as to qualifications and reliability.

109.5 Inspection requests. It shall be the duty of the holder of the building permit or their duly authorized agent to notify the building official when work is ready for inspection. It shall be the duty of the permit holder to provide access to and means for inspections of such work that are required by this code.

109.6 Approval required. Work shall not be done beyond the point indicated in each successive inspection without first obtaining the approval of the building official. The building official, upon notification, shall make the requested inspections and shall either indicate the portion of the construction that is satisfactory as completed, or notify the permit holder or

RESOLUTION NO. 2015-020

A RESOLUTION OF THE CITY COUNCIL OF
THE CITY OF THOUSAND OAKS MAINTAINING
TRAFFIC DEVELOPMENT IMPACT FEES AT
EXISTING RATES

WHEREAS, various Traffic Development Impact Fees (“Impact Fees”) were previously established and amended by various City Council Resolutions, as listed in Exhibit 1 attached hereto; and

WHEREAS, these Impact Fees are imposed on land development projects for the purpose of each development paying its fair share of road improvements, and have been collected from property owners for development of their real property; and

WHEREAS, the legal basis for the imposition of these Impact Fees is, inter alia, article XI, § 7, of the California Constitution (general police powers); section 66410, et al., of the California Government Code (the Subdivision Map Act); and the Thousand Oaks Municipal Code at Article 15 of Chapter 3 of Title 9, and Article 1 of Chapter 1 of Title 7; and

WHEREAS, the Resolutions that established these Impact Fees allow for biennial adjustment of the fees due to increased costs of construction and based on the California Highway Construction Cost Index; and

WHEREAS, the Impact Fees were last adjusted in 2013; and

WHEREAS, consistent with Government Code Section 66000, et seq., the City prepared and the City Council adopted the analysis, findings and reports establishing the nexus for each of the Impact Fees when each was established, and included as a part of each Resolution the fair share, allocation, and nexus or reasonable relationship between development and impacts associated with the development as follows:

- (1) Each fee's use and the type of land development project for which each fee is imposed; and
- (2) The need for the public facility and the type of land development on which each fee is imposed; and

WHEREAS, the City Council has caused a Public Hearing Notice to be published as required by Government Code Section 66016; has caused the attached exhibit to be available for public review at least 10 days prior to the

Public Meeting; has conducted a Public Meeting concerning this action on February 28, 2015; and has conducted a Public Hearing concerning this action on April 28, 2015.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Thousand Oaks that the Traffic Development Impact Fees shall remain at existing rates until nexus reports are completed on each Impact Fee as set forth in the attached Exhibit 1.

BE IT FURTHER RESOLVED that all other provisions of the Resolutions listed in Exhibit 1 that established the Impact Fees are incorporated herein as if set forth in full and shall remain in full force and effect.

PASSED AND ADOPTED this 28th day of April, 2015.

**AN ORDINANCE OF THE CITY COUNCIL OF THE
CITY OF THOUSAND OAKS ADJUSTING AND
SETTING RATES AND FEES OF THE CITY WATER
DIVISION (UNCODIFIED)**

WHEREAS, Section 5471 of the Health and Safety Code requires that rates and fees of the City Water Division be adopted by Council action; and

WHEREAS, the City Council of the City of Thousand Oaks has adopted Ordinance No. 1594-NS which establishes the authority for imposing and charging fees for the Water Division; and

WHEREAS, Thousand Oaks Municipal Code Section 10-2.701 (d) and Sections I B, II B, and III B of said Ordinance No. 1594-NS provided for the automatic annual escalation of such connection fees and charges, those sections stating that water plant investment, special facilities and fire flow surcharge charges shall automatically be adjusted each year based on the percentage change in the Engineering News Record (ENR) Construction Cost Index for Los Angeles as of July of that year; and

WHEREAS, the July 2014 ENR Construction Cost Index for Los Angeles was 10737.43; and

WHEREAS, the July 2014 ENR Construction Cost Index for Los Angeles increased by 4.2 percent from July 2013; and

WHEREAS, in the adoption of this Ordinance, the City of Thousand Oaks desires to adjust the existing, water plant investment fee, special facilities surcharge fees and fire flow surcharge fee; and

WHEREAS, in the adoption of this Ordinance, the City of Thousand Oaks has followed the provisions of Government Code Section 66000 et seq. relating to the conducting of a noticed Public Hearing on December 16, 2014, to hear both oral and written testimony and to the setting of fees and charges that do not exceed the estimated reasonable cost of providing the services for which the fees or charges are made, as well as complied with Proposition 218; and

NOW, THEREFORE, the City Council of the City of Thousand Oaks DOES ORDAIN as follows:

Part 1

(Uncodified)

Ordinance No. 1594-NS is hereby repealed to the extent inconsistent with this Ordinance, concurrent with the effective date of this Ordinance. For ease of

administration, one of the purposes of this Ordinance is to have all of the City's water fees, rates, charges, formulas, and related cost recovery matters in one document (or one Ordinance). Some of the water fees, charges, formulas, and related cost recovery matters are restated in this Ordinance and have not been modified or altered from the earlier Ordinance No. 1594-NS therefore, the respective portions of the facility or capital improvement financial plans, operating expense reports and budgets, future facility needs and cost studies, City Council findings and nexus reports associated with the earlier Ordinance are incorporated herein and re-approved by the City Council.

Part 2

(Uncodified)

That the following rates, charges and fees shall be set for the City Water Division in accordance with Chapter 2 of Title 10 of the Thousand Oaks Municipal Code:

I. In accordance with Section 10-2.701, plant investment fees shall be as follows:

A. Plant Investment Fee. The assessment of the plant investment fee shall be computed as follows:

<u>By Customer Type*</u>	<u>Ratio**</u>	
Single family detached home	1.00	\$7,723
Single family detached condominium	1.00	\$7,723
Residential condominium, townhouse, mobile home	0.75	\$5,792
Apartment, duplex, granny flat, secondary unit, per dwelling unit	0.75	\$5,792
Motel, hotel, congregate care units, with kitchens per dwelling unit	0.50	\$3,862
Commercial if 10 or less fixture units & low water use ***	0.50	\$3,862

All others by meter size

<u>By Meter Size*</u>		
5/8"x3/4" or 3/4"	1.00	\$ 7,723
1"	2.00	\$ 15,447
1-1/2"	4.00	\$ 30,893
2"	6.40	\$ 49,429
3"	13.00	\$100,403
4"	22.00	\$169,913
6"	45.00	\$347,549

* Generally, a customer is charged based upon the "customer type" amounts unless that category does not fit. Exceptions include a single family dwelling or condominium project having larger than a 3/4" meter, kitchen and dining facilities at a motel, hotel or congregate-care facility and any irrigation meter. The charge for these customers is to be based on equivalent meter size of the estimated water demand.

** Approximate ratio to single family detached home or to 5/8" x 3/4" or 3/4" meter as appropriate.

*** Fixture units as defined in the City of Thousand Oaks Plumbing Code using the water demand weight of fixtures; low water usage corresponds to 10 hundred cubic feet per month or less.

B. Escalation. In December of each year, all Plant Investment Fee charges in this Ordinance shall be increased by a factor based upon the change from the preceding July-to-July period in the ENR Construction Cost Index for Los Angeles.

II. In accordance with Section 10-2.702, special facilities surcharge fees shall be as follows:

A. Special Facilities Surcharge Fees

Single Family Detached: per Unit	
- Rolling Oaks Zone	\$12,870
- Kelley/Ventu Zone	\$ 3,537
- Wilder/Grissom Zone	\$ 4,820

- Kelley/Ventu Zone	
- Wilder/Grissom Zone	
Motel, Hotel, Congregate Care: per Room or Suite	0.50 x above SFD fees
Commercial Projects with 10 or less Fixture Units	0.50 x above SFD fees
Irrigation Meters	-0-

All others, on a building by building basis

*Per formula below with a minimum charge equal to "SFD" charge per site/project

* SFS=SFD amount x (FF_x0.5+F.U._x0.25+Sq.Ft.x0.25) / 1000 20 3000

- Where: SFS = Special facilities surcharge per site/project
SFD = Single family dwelling
FF = Required fire flow for site/project
F.U. = Fixture units in site/project
Sq. Ft. = Total site/project square footage

B. Escalation. In December of each year, all Special Facilities Surcharge Fee charges in this Ordinance shall be increased or decreased by a factor based upon the percent increase or decrease in the ENR Construction Cost Index for Los Angeles as of July of that year

III. In accordance with Section 10-2.703, the fire flow surcharge fees shall be as follows:

A. Fire Flow Surcharge Fees

Table with 3 columns: Required fire flow, Residential, All Others. Rows include fire flow ranges from 0-1,250 gpm to over 2,250 gpm with corresponding PIF percentages and dollar amounts.

* Fire flow as set by Ventura County Fire Department.
** Whichever is greater, per site/project.

Fire flow surcharge fees shall not be applied to the PIF for any irrigation meter.

B. Escalation. In December of each year, all Fire Flow Surcharge Fee charges in this Ordinance shall be increased or decreased by a factor based upon the percent increase or decrease in the ENR Construction Cost Index for Los Angeles as of July of that year.

C. Refunds of Previous Payments. Where payments of fire flow surcharge fees have been made at higher rates, refunds shall not be made. Where

an agreement has been executed for the deferred payment of this fee, the amount due shall be the amount shown on the deferred agreement.

IV. In accordance with Section 10-2.705, the base or minimum domestic use rate shall be as follows:

A. Single Units Rate:

Meter Size	Base Rate (Monthly)*
3/4"	\$ 18.19
1"	\$ 33.11
1-1/2"	\$ 62.76
2"	\$ 102.57
3"	\$ 199.96
4"	\$ 302.28
6"	\$ 671.87

*Most customers are billed bimonthly.

B. Multiple Units Rate (including multiple family dwellings, apartments, commercial buildings and trailer courts):

Meter Size	Minimum Rate (Monthly)
3/4"	\$ 37.99
1"	\$ 49.66
Above 1"	Same as single units

C. Conejo Oaks Provision. Effective January 1, 2008, the City of Thousand Oaks Public Works Department will be the official water purveyor and owner of the water facilities within the Conejo Oaks area. Commencing December 31, 2008 and terminating December 31, 2018, properties within the Conejo Oaks service area, shall pay \$4.64 per month. This charge shall represent additional infrastructure provided by the City to serve these customers including pressure reduction vaults construction, pipeline installation, pump station abandonment, demolition and site clean-up, and telemetry improvements.

D. Groundwater accounts are not charged a base meter charge as total program costs are collected through the quantity rate.

E. Charges for portions of billing period. A property connected to the water system for a portion of a billing period shall be billed for the portion of the period service is received.

V. In accordance with Section 10-2.705, the quantity rate shall be as follows per one hundred (100) cubic feet.

A. Non-Single Family Residential

Quantity Rate	\$4.57
B. Single Family Residential Quantity Rate	
Tier 1 (0 - 15 HCF)	\$4.22
Tier 2 (16 - 35 HCF)	\$4.51
Tier 3 (36+ HCF)	\$4.81

VI. In accordance with Section 10-2.705, the pumping lift charge is sixteen cents (\$0.16) per one hundred (100) cubic feet per pumping lift. It shall be charged to all water services which rely on one or more pumping lifts in the City system.

VII. In accordance with Section 10-2.706, the groundwater rate shall be one dollar and eighty three cents (\$1.83) per one hundred (100) cubic feet. This rate is based on charging forty (40%) percent of the current non-single family residential water quantity rate.

VIII. In accordance with Sections 10-2.707 and 10-2.708, the following shall apply for construction water and unmetered water furnished by the City:

A. Construction Water

The construction water rate shall be six dollars and seventeen cents (\$6.17) per one hundred cubic feet with a base rate of \$599.88 These rates are based on charging 135 percent of the current non-single family resident quantity potable water rate and three (3) times the current base rate for a 3-inch meter.

Deposit: \$620.00 for a 3-inch meter or as determined by the Public Works Director for larger meter sizes.

Installation Charge: \$90.00 with a signed application by an authorized person, for initial installation.

\$45.00 each time the meter is relocated to another hydrant at the customer's request.

B. Unmetered Water

For projects where a water system has been declared usable but has not been accepted by the City Council and the subdivider, builder, or developer requests the use of or uses unmetered water for incidental onsite construction purposes, a monthly fee equal to that of the base rate of a 3/4" water meter shall be charged per lot. The subdivider, builder or developer shall be responsible for the payment of the charge until such time as the new owner or occupant signs an application for metered service at which time the regular service charges shall apply.

If water use during the period the availability rate is in effect is estimated to exceed 3 hcf per service per month, the Public Works Director, at his option, may increase such monthly service charge to reflect the estimated usage.

C. Payment Due Date:

Payment is due on all invoices for construction water and unmetered water within 40 days of the date of the invoice; the invoice becomes delinquent then after.

IX. In accordance with Section 10.2.902, delinquent invoices shall be assessed a basic penalty equal to ten (10%) percent of the unpaid water service charge. An additional penalty, equal to one-half of one percent (0.5%) of the unpaid water service charge and the basic penalty, shall be charged each month, or fraction thereof, that the water service charge and the basic penalty of the previous billing period remain unpaid.

X. In accordance with Section 10-2.712, the overhead rate is included in the approved fully burdened hourly rate.

XI. In accordance with Section 10-2.713 and 10-2.305, the minimum rate for each automatic fire sprinkler service and each private fire hydrant shall be as follows:

<u>Size of Service Connection</u>	<u>Monthly Charge</u>
2-inch & smaller	\$ 7.60
3-inch	\$11.40
4-inch	\$15.20
6-inch	\$22.70
8-inch	\$30.30
10-inch	\$37.90
12-inch	\$45.50

XII. In accordance with Section 10-2.715, the overhead rate is included in the approved fully burdened hourly rate.

XIII. Repeal of any provision of this ordinance will not affect any penalty, forfeiture, or liability incurred before, or preclude prosecution and imposition of penalties for any violation occurring before, this Ordinance's effective date. Any such repealed part will remain in full force and effect for sustaining action or prosecuting violations occurring before the effective date of this Ordinance.

XIV. Any water-related fees not set forth in this ordinance may be set forth in the User Fee Manual or other ordinance or resolution.

Part 3
Continuation
(Uncodified)

Repeal of any provision of Ordinance No. 1594-NS herein will not affect any penalty, forfeiture, or liability incurred before, or preclude prosecution and imposition of penalties for any violation occurring before, this Ordinance's effective date. Any such repealed part will remain in full force and effect for sustaining action or prosecuting violations occurring before the effective date of this Ordinance.

Part 4
Severability

If any section, sentence, clauses, or phrase of this ordinance is for any reason held to be invalid or unconstitutional by a decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions. The City Council hereby declares that it would have passed this ordinance, and each section, sentence, clause, or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clause, or phrases be declared invalid or unconstitutional.

Part 5
Effective Date

This Ordinance shall take effect on the 31st day following final passage and adoption.

PASSED AND ADOPTED this 13th day of January, 2015.

Date Attested

ORDINANCE NO. 1602-NS

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF THOUSAND OAKS ADJUSTING AND SETTING RATES, FEES AND DISCHARGE LIMITS OF THE CITY WASTEWATER DIVISION (UNCODIFIED)

WHEREAS, Section 5471 of the Health and Safety Code requires that rates and fees of the City Wastewater Division be adopted by Council action; and

WHEREAS, the City Council of the City of Thousand Oaks has adopted Ordinance No. 1595-NS which establishes the authority for imposing and charging fees for the Wastewater Division; and

WHEREAS, Thousand Oaks Municipal Code Section 10-1.701(d) and Sections II C and III B of Ordinance No. 1595-NS provide for the annual escalation of connection fees and charges, those sections stating that Connection and Special Interceptor charges shall automatically be adjusted in December each year based on the percentage change in the Engineering News Record (ENR) Construction Cost Index for Los Angeles as of July of that year; and

WHEREAS, the July 2014 ENR Construction Cost Index for Los Angeles was 10737.43; and

WHEREAS, the July 2014 ENR Construction Cost Index for Los Angeles increased by 4.2 percent from July 2013; and

WHEREAS, in the adoption of this Ordinance, the City of Thousand Oaks desires to restate most of the existing wastewater rates while updating, adjusting, and setting certain fees and discharge limits; and

WHEREAS, in the adoption of this Ordinance, the City of Thousand Oaks has followed the provisions of Government Code Section 66000 et seq. relating to the conducting of a noticed public hearing on December 16, 2014, to hear both oral and written testimony and to the setting of fees and charges that do not exceed the estimated reasonable cost of providing the services for which the fees or charges are made, as well as comply with Proposition 218; and

NOW, THEREFORE, the City Council of the City of Thousand Oaks DOES ORDAIN as follows:

PART 1

(Uncodified)

That Ordinance No. 1595-NS is hereby repealed to the extent inconsistent with this Ordinance, concurrent with the effective date of this Ordinance. For

ease of administration, one of the purposes of this Ordinance is to have all the City's wastewater fees, rates, charges, formulas, and related cost recovery matters in one document (or one Ordinance). Some of the wastewater fees, rates, charges, formulas, and related cost recovery matters are restated in this Ordinance and have not been modified or altered from the earlier Ordinance No. 1595-NS, therefore, the respective portions of the facility or capital improvement financial plans, operating expense reports and budgets, future facility needs and cost studies, City Council findings and nexus reports associated with the earlier ordinance are incorporated herein and re-approved by the City Council.

PART 2

(Uncodified)

That the following rates, charges and fees are and shall be set for the City Wastewater Division in accordance with Chapter 1 of Title 10 of the Thousand Oaks Municipal Code as follows:

I. Definitions

A. "Equivalent Residential Unit" (ERU) is a number which represents the discharge to the wastewater system which is equal to that from an average residential unit. One ERU is equal to 20 plumbing fixture units or a discharge of 180 gallons per day having an average strength.

B. "Plumbing Fixture Unit" (PFU) is a number assigned to various physical plumbing appurtenances. The unit count of each fixture type is based on the relation to the amount of waste contributed as determined by the Public Works Director.

C. "Service Unit" (SU) is a number which results from the multiplication of the number of ERU's by adjustment factors for the user group to reflect the strength and volume of the discharge from that user group. The discharge from the average residential user is defined as being equal to one service unit.

D. "Service Unit Rate" is the monthly charge per service unit established by the City Council.

E. "Connection Charge Rate" is the connection charge per service unit established by the City Council.

F. "Connection Charge" is the connection charge rate multiplied by the number of service units.

G. "Strength Factor" (SF) is a number which converts the biochemical oxygen demand (BOD) and suspended solids (SS) of a discharge to a numerical

value in proportion to average residential levels (BOD is equal to 290 mg/l and SS is equal to 290 mg/l) for the same variables.

H. "Flow Factor" (FF) is a number which converts the volume of a discharge to a numerical value in proportion to the volume of discharge for an average residential unit.

I. "Wastewater Service Charge" is the monthly charge which is the product of service units and the service unit rate.

J. "Kitchen" is an area equipped with permanent cooking and dish washing facilities for the regular preparation of meals.

K. "Bakery" is a large commercial operation which produces baked goods for wholesale purposes.

L. "Restaurant" is an establishment engaged in the retail sale of prepared food and drinks for on premises or immediate consumption. A "cafeteria" is similar in function and, with the exception of school facilities and non-commercial caterers, shall be deemed the same as a restaurant.

M. "School" is (1) a public or private educational institution with a campus which is dedicated to the instruction of children from kindergarten to twelfth grade, and (2) a public or private college or university with a campus which offers classes with a minimum duration of eight weeks.

N. "Market" is a large commercial operation with two or more of the following: seafood, produce, bakery, meat packaging/processing, or delicatessen.

O. "Condominium" means an estate in real property consisting of an undivided interest in a common portion of a parcel of real property, together with a separate interest in space in a building on such real property. A condominium may include, in addition, a separate interest in other portions of such real property.

For the purposes of this chapter, each separate condominium unit shall be treated as a single residential unit or single commercial/industrial entity in regard to wastewater connection and service charges.

II. In accordance with Section 10-1.701, connection charges shall be determined as follows:

A. Connection Charge. Connection charges shall be based upon the estimated flow, biochemical oxygen demand (BOD) and suspended solids (SS) of the discharge to the wastewater system.

1. Formula for Service Unit Determination

$$\text{SU} = (\text{ERU}) \times (\text{Strength Factor}) \times (\text{Flow Factor})$$

or

$$(\text{ERU}) \times (\text{Combined Factor})$$

SU = Service Unit

ERU = Equivalent Residential Unit

2. Strength & Flow Adjustment Factors for User Groups are as follows:

<u>User Group</u>	<u>Strength Factor</u>	<u>Flow Factor</u>	<u>Combined Factor</u>
a. <u>Residential</u>			
Single family detached home	1.0	1.0	1.0
Single family detached condominium	1.0	1.0	1.0
Residential condominiums, townhouses mobile homes	1.0	0.8	0.8
Apartment, duplex, granny flat, secondary unit, per dwelling unit	1.0	0.8	0.8
Motel, hotel and congregate care units, <u>with</u> kitchens per dwelling unit	1.0	0.8	0.8
b. <u>Commercial</u>			
Bakery	---	---	1.85
Retail/professional	1.0	1.0	1.0
Restaurant	---	---	1.85
Restaurant (grease traps)	---	---	1.20
School	0.7	0.75	0.525
Service Station	1.0	1.0	1.0
Church	1.0	1.0	1.0
Medical	1.0	1.0	1.0
Mortuary	---	---	1.85
Market	---	---	1.85
Major Retail	1.0	1.0	1.0
Motel, hotel, congregate care, <u>without</u> kitchen per dwelling unit	1.0	1.0	1.0
Laundromat	1.0	1.0	1.0
All Others	1.0	1.0	1.0

c. Industrial

Non-regulated or normal volume discharge 1.0 1.0 1.0

d. Regulated industrial waste (as determined by the Public Works Director) or high volume discharge and car washes:

Regulated Industrial or High Flow:

$$SU = \frac{\text{Daily Flow}}{180} \times 0.65$$

Daily Flow = Wastewater flow, gpd

Car Wash:

$$SU = \frac{\text{Daily Flow}}{180} \times 0.70$$

Daily Flow = Wastewater flow, gpd

In determining the number of service units for car washes, the calculation should include: (1) car wash discharges, and (2) discharges from other plumbing fixtures on the property.

All dischargers in this group shall be required to separately meter water used which is discharged to the wastewater system. Meter can be public or private. Public meter requires payment of applicable fees.

The daily flow shall be based on data submitted by the user. If actual flow exceeds this estimate by more than 25 percent in any subsequent one year period as determined by metered water usage, the connection charge shall be recomputed and the owner billed for additional charges due as a result of the higher than estimated flows. This provision shall apply to all industrial waste or high volume dischargers and car washes where payment of wastewater connection charges was made on or after July 15, 1988.

Where the use of any discharger's facilities/premises in this group is changed or modified such that the

change or modification requires approval by the Community Development Department, then the entire facility/premises shall be subject to the payment of additional connection fees as previously outlined.

e. Alternative factors - The adjustment factors for other user groups shall be as determined by the Public Works Director based on the volume and the strength of the discharge in Paragraph A of this Section. The total volume of water used from public and private sources may be determined by means of public or private meters, installed and maintained at the expense of the user and approved by the Public Works Director.

The formulas noted in a. through d. above are procedures to attempt to accurately estimate flow and waste strength. If the Public Works Director determines that any of the above applied procedures do not accurately represent the flow being discharged to the City sewer system, the Public Works Director may make a determination to correct the flow discrepancy in accordance with established engineering practices.

3. Connection Charge Rate

The connection charge rate per service unit shall be \$7,594.

4. Connection Charge

The actual connection charge shall be determined by multiplying the number of service units by the connection charge rate per service unit.

5. Minimum Number of Plumbing Fixture Units

a. For purposes of connection charge calculations, the equivalent residential units for bakery, market, restaurant and mortuary categories shall be determined by using the actual number of installed fixture units with a minimum of 10 plumbing fixture units.

b. For purposes of connection charge calculations, commercial users with a low volume of wastewater discharge and with 10 or less installed plumbing fixture units shall be assigned one-half (1/2) of a service unit.

c. For purposes of connection charge calculations, all other commercial users shall be charged using the actual number of installed plumbing fixture units, with a minimum of 20 plumbing fixture units.

6. Revisions to Service Unit Calculation

a. If required by the Public Works Director, any non-residential user may be required to submit the test results of an analysis performed by a certified laboratory on a representative 24-hour composite sample of a comparable wastewater discharge. The analysis shall be for BOD, SS and/or any other parameter(s) as may be required by the Public Works Director.

b. In the event a user believes that the strength and/or flow factors assigned are not applicable, said user may have a comparable wastewater discharge analyzed by a certified laboratory. The Public Works Director shall review these results and may make an adjustment to the strength and/or flow factors if the above described submission is judged to be representative of the user's anticipated wastewater strength and flow.

c. All costs to obtain said wastewater analyses shall be arranged and paid for by the user.

B. Common Ownership. The charges set forth in this subsection shall apply, except for those buildings with a total floor area equal to or greater than 25,000 square feet. The provisions of the "Special Situations" subsection of this section shall then apply. Motels, hotels and any other buildings on a parcel of land with a common ownership that cannot at some future date be divided shall be considered on an overall basis, and the minimum charge shall not apply to each individual building. Wastewater matters pertaining to non-residential condominiums shall be overseen by a property owners association. Such connection fees shall be paid at the appropriate commercial rate for a minimum of twenty (20) fixture units within each separate building, and this twenty (20) minimum fixture unit count shall remain in-use or available to the building. Transfer of fixture unit credits exceeding twenty (20) that are not in use may be transferred between non-residential condominium units under the management authority of the property owners association. If additional fixture units must be purchased to accommodate the wastewater disposal needs of a given non-residential condominium, such fixtures shall be purchased by the owner association, considered appurtenant to the parent property of the association and administered accordingly.

C. Escalation. In December of each year, all wastewater connection charges in this Ordinance shall be increased by a factor based upon the change from the preceding July-to-July period in the Engineering News Record (ENR) Construction Cost Index for Los Angeles. The July 2014 ENR Construction Cost Index for Los Angeles was 10737.43 and shall be the basis for future adjustments.

D. Vested Maps. Development projects with an approved vesting tentative map which had an application deemed complete by the City prior to July 5, 1996 shall pay the indexed wastewater connection charge of \$6,894 per service unit, as annually adjusted by C above. Development projects with an approved vesting tentative map which had an application deemed complete by the City on or after July 5, 1996 and prior to April 1, 1999 shall pay the wastewater connection charge of \$7,594 per service unit, as annually adjusted by C above.

E. Special Situations. For special situations such as combined use buildings, multiple occupant developments, high volume discharges or any other facilities where the connection charge computed in accordance with the connection charge subsection of this section does not, in the opinion of the Public Works Director, result in an equitable connection charge, said charge shall be determined based on the best available information and on current professional engineering practices. Such connection charge shall be based on criteria such as (but not limited to): environmental impact, National Pollution Discharge Elimination System requirements, water consumption, peak loading, residential equivalency, treatment plant capacity and capital costs.

III. This section intentionally left blank.

IV. In accordance with Section 10-1.703, monthly wastewater service charges shall be determined as follows:

A. Monthly wastewater service charges shall be based upon the estimated flow, biochemical oxygen demand (BOD) and suspended solids (SS) of the discharge to the wastewater system.

1. Formula for Service Unit Determination

$$\text{SU} = (\text{ERU}) \times (\text{Strength Factor}) \times (\text{Flow Factor})$$

or

$$(\text{ERU}) \times (\text{Combined Factor})$$

SU = Service Unit

ERU = Equivalent Residential Unit

2. Strength & Flow Adjustment Factors for User Groups:

<u>User Group</u>	<u>Strength Factor</u>	<u>Flow Factor</u>	<u>Combined Factor</u>
a. <u>Residential</u>	1.0	1.0	1.0
(all residential units including single family or detached dwelling, condominium/ townhouse, apartment, mobile home, congregate care and hotel/motel units <u>with</u> kitchens)			
b. <u>Commercial</u> (10 or more plumbing fixture units)			
Bakery	---	---	1.85
Retail/professional	1.0	1.0	1.0
Restaurant	---	---	1.85
Restaurant (with grease trap)	---	---	1.2
School	0.7	0.75	0.525
Service Station	1.0	1.0	1.0
Church	1.0	1.0	1.0
Medical	1.0	1.0	1.0
Mortuary	---	---	1.85
Market	---	---	1.85
Major Retail	1.0	1.0	1.0
Hotel/motel without kitchen	1.0	1.0	1.0
Laundromat	1.0	1.0	1.0
All Others	1.0	1.0	1.0

c. Industrial

Non-regulated or normal volume discharge	1.0	1.0	1.0
--	-----	-----	-----

d. Regulated industrial waste (as determined by the Public Works Director) or high volume discharge and car washes:

Regulated Industrial or High Flow:

$$SU = \frac{\text{Daily Flow}}{180} \times 0.65$$

Daily Flow = Wastewater flow, gpd

Car Wash:

$$SU = \frac{\text{Daily Flow}}{180} \times 0.70$$

Daily Flow = Wastewater flow, gpd

In determining the number of service units for car washes, the calculation should include: (1) car wash discharges, and (2) the discharge from other plumbing fixtures on the property.

e. Other - The adjustment factors for other user groups shall be as determined by the Public Works Director based on the volume and the strength of the discharge. The total volume of water used from public and private sources may be determined by means of public or private meters, installed and maintained at the expense of the user and approved by the Public Works Director.

The formulas noted in a. through d. above are procedures to attempt to accurately estimate flow and waste strength. If the Public Works Director determines that any of the above applied procedures do not accurately represent the flow being discharged to the City sewer system, the Public Works Director may make a determination to correct the flow discrepancy in accordance with established engineering practices.

3. Service Unit Rate and Wastewater Service Charge

a. The service unit rate shall be \$28.20 per service unit. The actual wastewater service charge shall be determined by multiplying the number of service units by the service unit rate.

b. For a single-family residence, the monthly wastewater service charge shall be \$28.20.

c. The minimum monthly service charge for a property for which wastewater service is provided shall be equal to the monthly wastewater service charge for a single-family residence.

4. Minimum Number of Plumbing Fixture Units

a. For purposes of service charge calculations, the equivalent residential units for bakery, market, restaurant and mortuary categories shall be determined by using the actual number of installed fixture units with a minimum of 10 plumbing fixture units. For all other categories, the minimum number of plumbing fixture units shall be 20.

5. Revisions to Service Unit Calculation

a. If required by the Public Works Director, any non-residential user may be required to submit the test results of an analysis performed by a certified laboratory on a representative 24-hour composite sample of wastewater originating from said user. The analysis shall be for BOD, SS and/or any other parameter(s) as may be required by the Public Works Director.

b. In the event a user believes that the strength and/or flow factors assigned are not applicable, said user may have the wastewater discharge analyzed by a certified laboratory. The Public Works Director shall review these results and may make an adjustment to the strength and/or flow factors if the above described submission is judged to be a representative sample of the user's wastewater strength and flow.

c. All costs to obtain said wastewater analyses shall be arranged and paid for by the user.

B. Additional Service Charges.

1. Service Charge for Properties Outside City Limits. For wastewater service provided outside City limits, the service charge as determined in Paragraph (A) of this section shall be increased by \$0.45 per service unit.

2. Service Charge Surcharge for Projects With Vesting Tentative Map Applications Deemed Complete. The difference between the indexed connection charge paid by a project with a complete vesting tentative map application and the full connection charge in effect for all other development projects shall be collected from the property owner in the form of a user service surcharge. The City shall collect the surcharge by adding an additional sum to the monthly or bimonthly wastewater service bill for the property. The surcharge shall be collected over a period not to exceed 10 years and shall include an

interest payment of 6.5% compounded annually. The amount of the monthly or bimonthly surcharge shall remain the same for the duration of time that the surcharge is collected.

C. Charges for portions of months. A property connected to the wastewater system for a portion of a billing period shall be billed for the portion of the period service is received.

D. Delinquencies. The basic penalty is equal to ten (10%) percent of the unpaid wastewater service charge. An additional penalty, equal to one-half of one percent (0.5%) of the unpaid wastewater service charge and the basic penalty, shall be charged each month, or fraction thereof, that the wastewater service charge and the basic penalty of the previous billing period remain unpaid.

V. In accordance with Section 10-1.706, the overhead rate is included in the approved fully burdened hourly rate.

VI. In accordance with Section 10-1.6, the following pollutant discharge limits shall apply to all users of the wastewater system:

TABLE I

<u>Constituent</u>	<u>Discharge Limits mg/l</u>
Arsenic	1.0
Cadmium	0.8
Total Chromium	2.5
Copper	2.0
Lead	0.6
Mercury	0.01
Nickel	2.0
Silver	0.5
Zinc	5.0
Cyanide (total)	2.5
Selenium	0.1
Phenols	1.0
Total Identifiable Chlorinated Hydrocarbons	0.05
Boron	1.0
Fluoride	3.0

In addition, no person shall discharge any wastewater:

1. Having a temperature higher than 150 degrees Fahrenheit (65 degrees Celsius).
2. Containing more than 25 mg/l of oil and grease of petroleum or mineral origin, or 175 mg/l of oil and grease of animal or vegetable origin.
3. Having a pH less than six (6) or greater than eleven and one-half (11.5).
4. Containing suspended solids greater than 500 mg/l.
5. Having a standard five-day biochemical oxygen demand more than 600 mg/l.
6. Containing a dissolved sulfide and/or sulfite content higher than 1.0 mg/l.
7. Containing a TDS (total dissolved solids) content which exceeds 1,000 mg/l or the potable water supply TDS by more than 250 mg/l, whichever is greater.
8. Containing a chloride content which exceeds 200 mg/l or the potable water supply by more than 50 mg/l, whichever is greater.

VII. In accordance with Section 10-1.604, the penalty fee for improperly maintained grease and sand traps shall be as follows:

- A. \$100.00 for the first violation in twelve months.
- B. \$300.00 for the second violation in twelve months.
- C. \$900.00 for the third violation in twelve months.

VIII. In accordance with Section 10-1.606(I), those users discharging prohibited substances or excess concentrations of regulated constituents shall be subject to a penalty fee in an amount not to exceed \$500.00 per day for each constituent in violation of discharge limits or discharge prohibition.

IX. Repeal of any provision of this Ordinance shall not affect any penalty, forfeiture, or liability incurred before, or preclude prosecution and imposition of penalties for any violation occurring before, this Ordinance's effective date. Any such repealed part shall remain in full force and effect for sustaining action or prosecuting violations occurring before the effective date of this Ordinance.

X. Any wastewater-related fees not set forth in this Ordinance may be set forth in the User Fee Manual or other Ordinance or Resolution.

PART 3
Continuation
(Uncodified)

Repeal of any provision of Ordinance No. 1595-NS herein shall not affect any penalty, forfeiture, or liability incurred before, or preclude prosecution and imposition of penalties for any violation occurring before, this Ordinance's effective date. Any such repealed part shall remain in full force and effect for sustaining action or prosecuting violations occurring before the effective date of this Ordinance.

PART 4
Severability
(Uncodified)

If any section, sentence, clauses, or phrase of this ordinance is for any reason held to be invalid or unconstitutional by a decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions. The City Council hereby declares that it would have passed this ordinance, and each section, sentence, clause, or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clause, or phrases be declared invalid or unconstitutional.

Part 5
Effective Date

This ordinance shall take effect on the 31st day following its final passage and adoption.

PASSED AND ADOPTED this 13th day of January, 2015.

Calculation Methodology:

- 1. Calculate monthly refuse cost based on weekly trash tips.**
- 2. For customers who have recycling service provided by a City franchised hauler, calculate monthly recycling cost based on weekly recycling tips using the refuse rate table before any discounts. For bin recycling service, the rate is 30% of the refuse rate so calculated. For barrel recycling service, the rate is 50% of the refuse rate so calculated.**
- 3. Compare recycling tips with total tips (refuse and recycling) - if percentage of total recycling tips in comparison to total tips is 25% or greater, reduce refuse rate by 10%. If percentage is less than 25%, reduce refuse rate by 5%.**
- 4. Add adjusted refuse cost to recycling cost for monthly rate (lines 2 and 3).**

LIGHTING AND LANDSCAPING ASSESSMENT
DISTRICT NO. 79-2

RESOLUTION NO. 2015-025

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF THOUSAND OAKS INITIATING PROCEEDINGS FOR ANNEXATION OF TERRITORY AND ANNUAL LEVY OF ASSESSMENTS FOR THOUSAND OAKS LANDSCAPE AND LIGHTING ASSESSMENT DISTRICT NO. 79-2 (FISCAL YEAR 2015-16)

WHEREAS, the City Council has, by previous Resolutions, formed the Thousand Oaks Landscape and Lighting Assessment District No. 79-2 (hereinafter referred to as the "District") pursuant to the provisions of the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500 (hereafter referred to as the "Act"), that provides for the levy and collection of assessments by the County of Ventura for the City of Thousand Oaks to pay the maintenance and services of lighting and landscaping improvements, and appurtenant facilities and operations related thereto; and

WHEREAS, the City Council proposes to annex to the District certain territory within its jurisdiction and establish the levy and collection of assessments by the County on behalf of the City of Thousand Oaks and to conduct assessment ballot proceedings to pay the maintenance and services of landscaping and lighting improvements and appurtenant facilities and operations related thereto; and,

WHEREAS, the City Council has retained Harris & Associates (hereinafter "Assessment Engineer"), to prepare and file an Engineer's Report (hereinafter referred to as the "Engineer's Report") with the City Clerk for the purposes of establishing ongoing annual assessments, identifying specific territory to be annexed to the District and formulating and establishing the annual assessments related thereto, and preparing and mailing notices and assessment ballots for proposed new or increased District assessments, in accordance with the Act and the provisions of the California Constitution, Article XIID.

NOW, THEREFORE, the City Council of the City of Thousand Oaks does hereby resolve as follows:

- Section 1 The City Council hereby orders the Assessment Engineer to prepare and file with the City Clerk the Engineer's Report concerning:
- 1a. The establishment and levy of District assessments for Fiscal Year 2015-16 in accordance with Chapter 1, Article 4, commencing with Section 22565 of the Act.

- 1b. The proposed annexation of territory to the District for Fiscal Year 2015-16 and the establishment of assessments related thereto in accordance with Chapter 2, Article 2, Section 22605 (a) and Section 22607 of the Act.

Section 2 The proposed District improvements and zones for Fiscal Year 2015-16 are substantially the same as the improvements and zones previously approved and adopted by the City Council, along with those improvements associated with the annexation territory, including the maintenance, operation and furnishing of services and materials for public lighting facilities including, but not limited to, street lights, traffic signals and safety lights at intersections, landscaped areas including open space areas, parkways, slopes and medians within the public rights-of-way including, but not limited to, trees, shrubs, turf and other ornamental vegetation, drainage and irrigation systems, and other appurtenant facilities. The Engineer's Report shall generally describe District improvements including those improvements to be maintained within the territory to be annexed into the District.

PASSED AND ADOPTED this 9th day of June, 2015.

RESOLUTION NO. 2015-026

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF THOUSAND OAKS DECLARING ITS INTENTION TO ANNEX TERRITORY, CONDUCT A PROPERTY OWNER BALLOTING ON THE MATTER OF NEW OR INCREASED ASSESSMENTS, AND LEVY ANNUAL ASSESSMENTS FOR THOUSAND OAKS LANDSCAPE AND LIGHTING ASSESSMENT DISTRICT NO. 79-2 (FISCAL YEAR 2015-16)

WHEREAS, the City Council has, by previous Resolutions, formed the Thousand Oaks Landscape and Lighting Assessment District No. 79-2 (hereinafter referred to as the "District"), and initiated proceedings for the annexation of territory to the District and levy of annual assessments for Fiscal Year 2015-16, pursuant to the provisions of the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500 (hereinafter referred to as the "Act"); and

WHEREAS, the City Council has retained Harris & Associates to prepare and file an Engineer's Report (hereinafter referred to as the "Engineer's Report") with the City Clerk for the purposes of establishing ongoing annual assessments, identifying specific territory to be annexed to the District and formulating and establishing the annual assessments related thereto, and preparing and mailing notices and assessment ballots for proposed new District assessments, in accordance with the Act and the provisions of the California Constitution, Article XIID; and

WHEREAS, the Engineer's Report for Fiscal Year 2015-16 has been prepared and filed with the City Clerk and has been presented to the City Council for review and approval.

NOW, THEREFORE, the City Council of the City of Thousand Oaks does hereby resolve as follows:

Section 1 The City Council hereby declares that it is its intention to annex specified territory to the District as outlined in the Engineer's Report and to seek the levy of annual assessments for Fiscal Year 2015-16, over and including the land within the existing District boundary and territories proposed to be annexed thereto, to pay the costs of the operation, maintenance, and servicing of lighting, landscaping, and appurtenant facilities and operations related thereto, pursuant to Chapter 3, Section 22624 of the Act, and the California Constitution, Article XIID.

Section 2 The Engineer's Report as presented has been reviewed by the City Council, and based on this review the City Council hereby makes the following determinations:

- a. The District improvements and zones described in the Engineer's Report are substantially the same as those improvements and zones previously approved and adopted by the City Council. The improvements and zones associated with the annexation territory are also described in the Engineer's Report.
- b. The costs and expenses of providing the improvements have been budgeted for each of the District zones and each area within the annexation territory, and the proportionate special benefit derived by each individual parcel assessed has been determined in relationship to the entirety of those costs and expenses.
- c. The proposed assessments do not exceed the reasonable cost of the proportional special benefit conferred on each parcel.
- d. Only the special benefits have been assessed and a contribution has been made from City funds in the amount that exceeds any reasonable general benefit to properties outside the District or to the public at large.
- e. The assessments do not exceed the maximum annual assessments previously authorized to be levied for the District and the zones therein.

Section 3 The Engineer's Report for Fiscal Year 2015-16 as presented is hereby approved for content and it is the intention of the City Council to levy and collect the proposed assessments so described for Fiscal Year 2015-16.

Section 4 The proposed improvements within the District and associated with the annexation territory include the maintenance, operation, and the furnishing of services and materials for public lighting facilities including, but not limited to, street lights, traffic signals and safety lights at intersections, landscaped areas including open space areas, parkways, slopes and medians within the public rights-of-way including, but not limited to, trees, shrubs, turf and other ornamental vegetation, drainage and irrigation systems, and other appurtenant facilities. The Engineer's Report provides a full description of the improvements and the assessments connected therewith for the District, including the improvements and assessments associated with the territory to be annexed to the District.

- Section 5** The boundaries of the District and the territory to be annexed are within the boundaries of the incorporated City Limits of the City of Thousand Oaks, within the County of Ventura, State of California, and are designated as Thousand Oaks Landscape and Lighting Assessment District No. 79-2. The District includes forty-three (43) distinct Landscape Benefit Zones (including subzones): Zones 1 through 39; and six (6) lighting Benefit Zones: Zones A through F. The District and zones within the District, along with the specific boundaries of the proposed territory, subdivisions and parcels of land to be annexed to the District, are more fully described in the Engineer's Report.
- Section 6** Pursuant to California Constitution Article XIID, an assessment ballot proceeding is hereby called on behalf of the District on the matter of confirming the proposed new or increased assessments associated with the territory to be annexed to the District. The ballots and notices so authorized shall be distributed by first class mail to the property owners of record as of the last County equalized roll, and each property owner may return the ballot by mail or in person to the City Clerk not later than the conclusion of the public hearing for this matter.
- Section 7** Upon the conclusion of public testimony at the public hearing, the City Clerk or their designee shall open and tabulate the ballots returned regarding the assessments for the proposed annexation territory to determine if a majority protest exists. The ballots shall be weighted according to the proportional financial obligation of the affected properties. A majority protest exists if ballots submitted in opposition to the assessment exceed the ballots submitted in favor of the assessment.
- Section 8** Since the proposed improvements and benefits to parcels within the annexation territory are similar in nature and substantially the same as improvements for other properties within the District, the City Council proposes to first treat the ballots for properties being annexed to the District as a single annexation territory, tabulating the returned ballots as a single ballot count. However, recognizing that the proposed annexation territory may include individual residential or commercial subdivisions conditioned to annex to the District or establish other long term maintenance financing, if majority protest exists for the annexation territory as a whole, a secondary tabulation will be conducted on a zone/subdivision basis. This secondary tabulation will treat each proposed subdivision with an approved tract map as a single annexation. Properties not identified by an approved tract map will each be tabulated as individual annexations to determine if majority protest exists.

- Section 9 The proposed assessments for the annexation territory are detailed in the Engineer's Report, which also includes a description of an annual inflationary adjustment that will be applied to these assessments in subsequent fiscal years.
- Section 10 The proposed assessments for each parcel within the District and the proposed annexation territory shall be calculated in accordance with the method of apportionment established for the District and the assessment rates and annual inflationary adjustment previously approved by the property owners in accordance with the California Constitution, Article XIID. The method of apportionment and the proposed assessment rates are documented in the Engineer's Report.
- Section 11 The City Council hereby declares its intention to conduct a Public Hearing concerning the annexation of territory to the District and the levy of assessments for the District in accordance with Government Code Section 54954.6, Chapter 3, Section 22625 of the Act and California Constitution, Article XIID, Section 4(e).

The City shall give notice of the time and place of the Public Hearing by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices and by publishing this Resolution in a local newspaper pursuant to applicable Government Code as outlined in Chapter 3, Section 22625 of the Act.

The City shall also give notice of the time and place of the public hearing to the property owners within the territory to be annexed or subject to a proposed new or increased assessment. Notice shall be by first class mail to said property owners not less than 45 days before the date of the public hearing. Along with the mailed notice, property owners will be provided an assessment ballot for their proposed assessment. Returned ballots must be received prior to the conclusion of the public hearing, at which time the ballots will be opened and tabulated.

At the Public Hearing, interested persons shall be permitted to present written and/or oral testimony.

Section 12 Notice is hereby given that a Public Hearing on these matters will be held by the City Council on Tuesday, June 23, 2015 at 6:00 p.m., or as soon thereafter as feasible, in the City Council Chambers, located at 2100 Thousand Oaks Boulevard, Thousand Oaks.

RESOLUTION NO. 2015-027

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF THOUSAND OAKS CONFIRMING THE PRELIMINARY ENGINEER'S REPORT FOR ANNEXATION OF TERRITORY, PROPOSED NEW ASSESSMENTS CONNECTED THEREWITH, AND ANNUAL LEVY OF ASSESSMENTS FOR THE THOUSAND OAKS LANDSCAPE AND LIGHTING ASSESSMENT DISTRICT NO. 79-2 (FISCAL YEAR 2015-16)

WHEREAS, the City Council has, by previous Resolutions, formed the Thousand Oaks Landscape and Lighting Assessment District No. 79-2 (hereinafter referred to as the "District"), and initiated proceedings for the annexation of territory to the District and levy of annual assessments for Fiscal Year 2015-16, pursuant to the provisions of the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500 (hereinafter referred to as the "Act"); and

WHEREAS, the City Council has retained Harris & Associates (hereinafter "Assessment Engineer"), to prepare and file an Engineer's Report (hereinafter referred to as the "Engineer's Report") with the City Clerk for the purposes of establishing ongoing annual assessments, identifying specific territory to be annexed to the District and formulating and establishing the annual assessments related thereto, and preparing and mailing notices and assessment ballots for the proposed new or increased District assessments, in accordance with the Act and the provisions of the California Constitution, Article XIID; and

WHEREAS, there has now been presented to this City Council an Engineer's Report; in connection with the levy of annual assessments, annexation of territory, changes in District improvements and the proposed assessments related thereto commencing in Fiscal Year 2015-16; and

WHEREAS, the City Council has carefully examined and reviewed the Engineer's Report as presented, and each of the items and documents as set forth therein, and is satisfied that the proposed new assessments for the territory proposed to be annexed, and the proposed assessments for the existing District Zones have been spread in accordance with the benefits received from the operation, maintenance and service of the improvements to be performed in connection thereto for Fiscal Year 2015-16.

NOW, THEREFORE, pursuant to Chapter 3, Section 22623 of the Act, and the California Constitution, Article XIID, the City Council of City of Thousand Oaks does hereby resolve as follows:

Section 1 The above recitals are true and correct.

- Section 2 The Engineer's Report as presented, consists of the following:
- 2a. A description of the District and the improvements to be maintained.
 - 2b. A description of the territory and properties proposed to be annexed to the District.
 - 2c. The proposed new assessment amounts for each subdivision and property to be annexed to the District and the proposed assessment amounts for each of the existing District Zones.
- Section 3 The Engineer's Report is hereby approved, and the assessment amounts so described shall be submitted to property owners subject to a new assessment. The Engineer's Report is hereby ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.
- Section 4 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of the Engineer's Report.

RESOLUTION NO. 2015-044

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF THOUSAND OAKS APPROVING THE ENGINEER'S REPORT FOR LANDSCAPE AND LIGHTING ASSESSMENT DISTRICT NO. 79-2, AND ANNUAL LEVY OF ASSESSMENTS RELATED THERETO COMMENCING IN FISCAL YEAR 2015/2016

WHEREAS, the City of Thousand Oaks has previously formed the Thousand Oaks Landscape and Lighting Assessment District No. 79-2 (hereinafter referred to as the "District"), and levied annual special benefit assessments pursuant to the provisions of the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code, beginning with Section 22500 (hereinafter referred to as the "Act"), and in accordance with the provisions of California Constitution Article XIID; and,

WHEREAS, the City Council ordered the preparation of an Engineer's Annual Levy Report (hereafter referred to as the "Engineer's Report") regarding the levy of assessments for Fiscal Year 2015/2016, pursuant to Chapter 3, Section 22622 of the Act and in accordance with the provisions of the California Constitution Article XIID; and,

WHEREAS, the Act provides for the levy and collection of assessments by the County of Ventura for the City of Thousand Oaks to pay for the maintenance, operation and services of the improvements and facilities within the District; and,

WHEREAS, the City Council approved the agreement with the Ventura County Auditor-Controller requesting the service of placement of the Landscape and Lighting Assessment District direct assessments on the Secured Tax Rolls and distribution of Collections to the City of Thousand Oaks; and,

WHEREAS, there has now been presented to the City Council the Final Engineer's Report in connection with the proposed levy of assessments for Fiscal Year 2015/2016 in accordance with Chapter 1, Article 4 (commencing with Section 22565) of the Act; and,

WHEREAS, the City Council has carefully examined and reviewed the Engineer's Report as presented, has considered the public testimony, and is satisfied that the assessments have been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed within the District and each Benefit Zone therein.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF THOUSAND OAKS DOES HEREBY RESOLVE AS FOLLOWS:

Section 1 The preceding recitals are true and correct.

Section 2 Based on testimony given, and the documents and discussion presented, the City Council has directed and confirmed any necessary modifications or amendments to the Engineer's Report previously presented and filed, and said modifications or amendments so reflected by the minutes of this meeting shall by reference be incorporated into the Engineer's Report.

Section 3 The Engineer's Report, as presented or amended, consists of the following:

- a. Plans and specifications that describe the District, the Zones therein, and the proposed Improvements related thereto.
- b. Method of Apportionment that outlines the special benefit conferred on properties within the District from the improvements; and the calculations used to establish each parcel's proportional assessment.
- c. The Budget that outlines the costs and expenses to service, and maintain the improvements for the fiscal year including incidental expenses authorized by the Act, establishing the proposed assessment rates for Fiscal Year 2015/2016.
- d. Identification of the maximum assessment rates including a description of the assessment range formula associated with these assessment rates.

Section 4 The City Council hereby approves the Final Engineer's Report and the assessments contained therein as presented or amended, and the assessments so described comply with the provisions of the California Constitution Article XIID.

Section 5 The Final Engineer's Report as presented or amended is hereby ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection. The City Clerk shall certify to the passage and adoption of this Resolution, and the minutes of this meeting shall so reflect the presentation and approval of the Engineer's Report.

Section 6 This Resolution shall become effective immediately upon its adoption.

Section 7 The City Clerk shall certify the adoption of this Resolution.

PASSED AND ADOPTED this 23rd day of June, 2015.

RESOLUTION NO. 2015-045

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF THOUSAND OAKS ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS FOR THOUSAND OAKS LANDSCAPE AND LIGHTING ASSESSMENT DISTRICT NO. 79-2 FOR FISCAL YEAR 2015-2016

WHEREAS, the City of Thousand Oaks has previously formed the Thousand Oaks Landscape and Lighting Assessment District No. 79-2 (hereinafter referred to as the "District"), and levied annual special benefit assessments pursuant to the provisions of the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code, beginning with Section 22500 (hereinafter referred to as the "Act"), and in accordance with the provisions of California Constitution Article XIID; and

WHEREAS, the City Council has, by previous Resolution approved the Engineer's Annual Levy Report (hereafter referred to as the "Engineer's Report") for the District for Fiscal Year 2015-2016, and said Engineer's Report sufficiently describes the Improvements and the assessments related thereto commencing with Fiscal Year 2015-2016; and

WHEREAS, the Landscape District zone annexation of Tract 5465 as announced on June 9, 2015 per Resolutions 2015-025 and 2015-026 has been withdrawn at this time per staff recommendation to City Council, and by mutual agreement between the applicant and City; and

WHEREAS, the levy and collection of assessments so described in the Engineer's Report shall be collected by the County of Ventura Auditor-Controller for the City of Thousand Oaks pursuant to the Agreement for Billing of Direct Assessments as approved by City Council on June 9, 2015; and

WHEREAS, the City Council and City Attorney have determined that the assessments comply with applicable provisions of the California State Constitution Section XIII D; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2015 and ending June 30, 2016, to pay the costs of maintenance, operation and services of the improvements and facilities within the District related thereto located within public places in the City.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF THOUSAND OAKS DOES HEREBY RESOLVE AS FOLLOWS:

Section 1 The preceding recitals are true and correct.

Section 2 Following notice duly given, the City Council has acknowledged the requested withdrawal of Landscape District annexation proceedings for Tract 5465, including the public hearing and balloting, and hereby declares no such annexation will proceed at this time; and

Section 3 Based on public testimony, the facts presented, and its review of the Engineer's Report and any amendments, as applicable, a copy of which has been presented to the City Council and has been filed with the City Clerk, the City Council hereby finds and determines that:

- a. The land within the District receives special benefit from the operation, maintenance and servicing of landscape and lighting improvements and appurtenances, located in public places within the boundaries of the District; and,
- b. The net amount to be assessed upon the lands within the District is apportioned by a formula and method which fairly distributes the net amount among the eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services and said apportionment of fees was approved by the property owners as defined in the Engineer's Report.

Section 4 The Engineer's Report and assessments as presented to the City Council and on file in the Office of the City Clerk are hereby confirmed as filed or as amended by City Council action, and so noted by the minutes of this meeting.

Section 5 The maintenance, operation and servicing of the improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the maintenance and operation of and the furnishing of services, materials and improvements for public landscaping and lighting facilities, including, but not limited to plants, shrubs, grass, trees and other ornamental vegetation, irrigation systems, drainage systems, fencing, sidewalks, trails and other ornamental structures and facilities, street lights, pedestrian lights, traffic signals and safety lights, and other appurtenant facilities within the public right-of-way.

Section 6 The County Auditor of the County of Ventura shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Engineer's Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to Chapter 4, Article 2, Section 22646 of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City Treasurer shall deposit the money representing assessments collected by the County for the District to the credit of a fund designated as the Improvement Fund for the Thousand Oaks Landscape and Lighting Assessment District No. 79-2; and such money shall be expended for the maintenance, operation, improvement and servicing of the landscaping, lighting and appurtenant facilities as described in Section 5 including the administrative and incidental expenses.

Section 8 The City Clerk is hereby directed to enter this Resolution on the minutes of the City Council meeting which shall constitute the official declaration of levy for Thousand Oaks Landscape and Lighting District No. 79-2 as outlined in the Engineer's Report.

Section 9 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2015 and ending June 30, 2016.

Section 10 The City Clerk, or their designee, is hereby authorized and directed to file the levy with the County Auditor upon adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act.

Section 11 This Resolution shall become effective immediately upon its adoption.

Section 12 The City Clerk shall certify the adoption of this Resolution.
