

## City of Thousand Oaks Pavement Overlay and Resurfacing Program

### NOTICE OF ROAD CONSTRUCTION

Dear Resident and Property/Business Owner:

The City of Thousand Oaks has retained Sully-Miller Contracting Company to make street improvements in your neighborhood. The project will repair and improve local roads in your neighborhood between the dates that will be posted on curbside signs, barring unforeseen circumstances or adverse weather conditions. Sully-Miller Contracting Co. takes the health and safety of our employees and the public seriously. With the spread of COVID-19, we have developed a COVID-19 Exposure Prevention, Preparedness and Response Plan to be implemented as part of this project.

**No Parking/Driving signs will be posted on your street 48 hours prior to the street closure. During the dates that we will be repairing and improving your street, access to your property will be intermittently blocked specifically when our operations/equipment are in front of your driveway. This interruption will be approximately four hours, however we cannot ascertain exactly what time between 7 AM and 5 PM this will occur in your specific driveway.**

**Street parking will be prohibited the whole day (7 AM to 5 PM) during the various repair and improvement dates identified on the No Parking/Driving signs.**

Our company is committed to working with you to help minimize the impact of the construction on your daily activities. If you need to drive through the construction zone, please allow additional commuting time.

Unfortunately, the project is sometimes delayed in which case, the previous day's work may not be finished and construction activities will resume the next weather-free working day. Thank you for your patience while we work to improve your streets, for more information including a complete list street to be resurfaced please visit the City of Thousand Oaks website at [toaks.org/streets](http://toaks.org/streets).
