

THOUSAND OAKS PLANNING COMMISSION

Supplemental Information Packet 1

**Agenda Related Items - Meeting of September 21, 2020
Supplemental Packet Date: September 16, 2020**

Supplemental Information:

Any agenda related public documents received and distributed to a majority of the Planning Commission after the Agenda Packet is printed are included in Supplemental Packets. Supplemental Packets are produced as needed, typically they are distributed on the Thursday or Friday preceding the Planning Commission meeting and/or on Monday before the meeting. Supplemental Packets produced on Thursday or Friday are available for public inspection in the Community Development Department, 2100 E. Thousand Oaks Boulevard, during normal business hours (main location pursuant to the Brown Act, G.C. 54957.5(2)). All Supplemental Packets are available for public review at the Planning Commission meeting in the Andrew P. Fox City Council Chambers, 2100 E. Thousand Oaks Boulevard.

Americans with Disabilities Act (ADA):

In compliance with the ADA, if you need special assistance to participate in this meeting or other services in conjunction with this meeting, please contact the Community Development Department at (805) 449-2500. Assisted listening devices are available at this meeting. Ask Community Development staff if you desire to use this device. Upon request, the agenda and documents in this agenda packet, can be made available in appropriate alternative formats to persons with a disability. Notification at least 48 hours prior to the meeting or time when services are needed will assist City staff in assuring reasonable arrangements can be made to provide accessibility to the meeting or service.

Re: Appeal Hearing on 2020-70184DPMN
Application of Eukon Group for Modification of a
Cell Transmission Facility on behalf of "AT&T"
Hearing Date: September 25, 2020

Dear Planning Commission:

Our office represents Mandy Jacob, a resident of Thousand Oaks and President of United Issues Reform, who files this appeal to the permit issued by the Zoning Administrator on June 25, 2020, on the application submitted to the City of Thousand Oaks, California in the above matter.

The permit application and supporting documents are legally incomplete and must be rejected by the City, at this September 25, 2020 hearing.

Pursuant to Thousand Oaks Municipal Code Sec. 9-4.2807 (c), this hearing is de novo and new matters may be raised that were not previously before the Zoning Administrator.

I. City May Not Issue a License to a Non- Existent Entity

The application in this matter identifies the "applicant" as "AT&T".

AT& T is a brand name, not a legal entity. It is not registered to do business in California with the California Secretary of State and thus is not entitled to be an applicant for a permit to modify an existing cell tower.

There are, registered with the California Secretary of State, 12 corporations and 20 limited liability companies which include "AT&T" in their name. (See Exhibit A.) None of these entities is named "AT&T". Accordingly AT&T cannot be the applicant since it is a non-existent entity.

Planning Commission
City of Thousand Oaks
September 10, 2020
Page 2

Since the application does not identify which of these entities is the actual applicant, the public has no way of knowing where or who the agent for service of process may be for such company.

Pursuant to California Corporations Code sections 2203, 2258, and 2259, it is unlawful for a company not registered with the Secretary of State to do business in California.

California Corporations Code section 17451 states: “(a) Before transacting intrastate business in this state, a foreign limited liability company shall register with the Secretary of State.”

California Corporations Code section 2105 et seq. states: “(a) A foreign corporation shall not transact intrastate business without having first obtained from the Secretary of State a certificate of qualification.”

All Domestic Corporations and Limited Liability Companies must file their Articles with the California Secretary of State.

California Business and Professions Code section 17910 states: “Every person who regularly transacts business in this state for profit under a fictitious business name shall do all of the following: (a) File a fictitious business name statement in accordance with this chapter not later than 40 days from the time the registrant commences to transact such business.”

California Business and Professions Code Section 17915 states: “A fictitious business name statement shall be filed with the clerk of the county in which the registrant has his or her principal place of business in this state or, if the registrant has no place of business in this state, with the Clerk of Sacramento County.”

This application must be rejected, as submitted, without prejudice to the applicant to resubmit the application on behalf of legal entities.

II. “Eukon Group” is Not Properly Authorized to Act on Behalf of “AT&T” on This Application

The application is prepared and submitted by a company identified as “Eukon Group”.

While the engineering stamp of Mr. Lee, on the application is registered, as a civil engineer, Eukon Group, like “AT&T”, is not registered with the Secretary of State to do business in California. Eukon Group is a Fictitious Business Name registered in Orange County California.

Attached is a copy of a purported power of attorney by which “AT&T” attempts to authorize Eukon Group to submit this application. This document is not notarized, nor does it identify

which AT&T entity is authorizing Eukon Group to act on its behalf. (See attached Exhibit “B”.) This document is not a legal Power of Attorney for Eukon Group.

California Probate Code section 4121 requires the following:

A power of attorney is legally sufficient if all of the following requirements are satisfied:

- (a) The power of attorney contains the date of its execution.
- (b) The power of attorney is signed either (1) by the principal or (2) in the principal's name by another adult in the principal's presence and at the principal's direction.
- (c) The power of attorney is either (1) acknowledged before a notary public or (2) signed by at least two witnesses who satisfy the requirements of Section 4122.

Finally, Eukon Group has filed a FBN statement with Orange County, but not in Ventura County.

III. City May Require the Applicant to Show They Have Performed a NEPA Analysis and Submitted It to the FCC

The City continues to respond to demands that it require proof of National Environmental Policy Act (NEPA) compliance with assertions that NEPA only applies to “federally funded” projects or projects “on federal lands”.

The City is wrong. As the Federal Communications Commission (FCC) clarified in its October 8, 2019 Order: The construction of radioactive wireless telecommunication facilities like the one at issue is a potential “major Federal” action requiring, at a minimum, a preliminary assessment by the project applicant, and potentially a full environmental impact statement under NEPA, regardless of whether the project is “federally funded” or “on federal lands”.

Legal Authority: In the Matter of Accelerating Wireless Broadband Deployment by Removing Barriers to Infrastructure Inv. No. DA19-1024, 2019 WL 5088796 (OHMSV Oct. 8, 2019); *see also United Keetoowah Band of Cherokee Indians in Oklahoma v. FCC* (D.C. Cir. 2019) 933 F. 3d 728, 740 (vacating previous FCC Order, which exempted wholesale construction of certain wireless telecommunications facilities from environmental review under NEPA, as “arbitrary and capricious” under the Administrative Procedure Act).

As a component of granting any permit, on this application, the City should require that the applicant provide it with proof of NEPA compliance to the satisfaction of the FCC order.

IV. ADA Claims

Appellant, on her own behalf, and behalf of others in the community and in proximity to this deployment, are suffering due to Radio Sensitivity Syndrome and thus have ADA claims regarding this placement and the amount of power intended for its use. Without adequate shielding for Appellant or other mitigation measures to prevent adverse health impacts, this deployment and approval of the permit violates ADA.

Any finding, that recognizing Appellant's Claim under the Americans With Disabilities Act Would Conflict With Federal Law, and that The Fair Housing Act is Inapplicable, is simply wrong and inconsistent with the law.

Construction of the proposed tower would result in claims under, inter alia, the Americans With Disabilities Act. The Thousand Oaks City Council has erroneously been advised, in the past, by staff consultant Jonathan Kramer that the ADA does not apply here, due to a purported conflict between Appellant, claimant's potential ADA claims and the Telecommunications Act of 1996.

Dr. Kramer was presumably referring to the Telecommunications Act's prohibition on local government's regulation of placement, maintenance or modification **based on the environmental effects** of radiofrequency emissions, of the placement of wireless telecommunication facilities that comply with the FCC's regulations. 47 U.S.C.A. § 332(c)(7)(B)(iv).

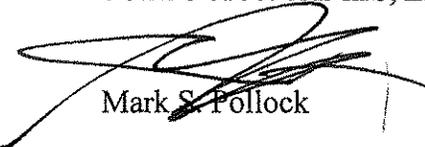

A denial of a permit to construct or modify based on Appellant's prospective ADA claims would be regulation based on human health effects of RF emissions, **not** environmental effects. So local government can regulate the modification of this facility based on the health effects of its RF emissions. The distinction is quite simply that environmental effects are something that happens to the environment (outside the body) whereas health effects are something which happens inside a body.

The proposed modified facility, if constructed as planned, would result in a disparate impact claim on behalf to the Appellant in her actual dwelling.

The City Council should not render its decision under the erroneous belief that the Fair Housing Act is inapplicable, where a disparate impact claim arises under the Fair Housing Act, here.

Respectfully submitted,

POLLOCK & JAMES, LLP

Mark S. Pollock

Business Search - Results

The California Business Search is updated daily and reflects work processed through Tuesday, September 8, 2020. Please refer to document [Processing Times](#) for the received dates of filings currently being processed. The data provided is not a complete or certified record of an entity.

- Select an entity name below to view additional information. Results are listed alphabetically in ascending order by entity name, or you can select a column title to change the sort order.
- To refine the search results, enter a word or a string of words in the "Narrow search results" box. The "Narrow search results" will search on all fields of the initial search results.
- For information on checking or reserving a name, refer to [Name Availability](#).
- For information on requesting a more extensive search, refer to [Information Requests](#).
- For help with searching an entity name, refer to [Search Tips](#).
- For descriptions of the various fields and status types, refer to [Frequently Asked Questions](#).

Results of search for LP/LLC Name keyword "AT&T" returned 25 entity records (out of 25 records found).
