

## **SECTION 15**

### **WATER CONSERVATION**

#### **15-1 GENERAL**

Mandatory water conservation measures are established and set forth in the Thousand Oaks Municipal Code - Title 10, Chapter 2, Article 11.

Water demand management and conservation matters are discussed in the City's Urban Water Management Plan.

Various water conservation books, brochures and pamphlets are available from the City of Thousand Oaks, the California Department of Water Resources, the American Water Works Association and the Metropolitan Water District of Southern California.
