AFTER-HOURS INSPECTION REQUEST

To request an after-hours inspection, please read the information below, fill out and sign, and return this form to a technician at the Community Development Department public counter by 3:30 p.m., two (2) working days prior to the time the requested inspection is desired.

A fee of $240 per inspector is due at the time you submit this form. A receipt will be issued at that time. If an inspection exceeds two (2) hours on a single call, an additional fee of $120.00 per hour is due to the City on the next normal business day.

If a qualified inspector is available and your request is authorized by the Building Official or his representative, you will be contacted with this determination by the close of the business day prior to your requested inspection. Please have your original receipt ready to be collected by each inspector on the job site when the inspection service is provided.

After hours inspection fee is refundable if inspection service cannot be provided.

If requiring more than one inspector - i.e., electrical and plumbing - a fee of $240 is due for each inspector.

I understand and agree to the above
