Introduction

In response to the letters received by all Ventura County HOME Consortium Member Jurisdictions (County of Ventura and Cities of Camarillo, Simi Valley and Thousand Oaks) in the fall of 2020 from HUD correcting the calculation of CDBG and HOME allocations, the Consortium Member Jurisdictions are making non-substantial amendments to their FY 2020 Annual Action Plans. Revisions to the following sections of the Action Plan have been made to incorporate the correction: ES-05 Executive Summary; SP-35 – Anticipated Resources Table; AP-15 Anticipated Resources Table; AP-20 Goals Summary Table; AP-38 Project Summary. Additionally, the City of Camarillo is making a Substantial Amendment to its FY 2020-21 Action Plan to incorporate CDBG-DV funding and adjust CDBG funding. This Substantial Amendment does not impact the Regional Consolidated Plan or the Action Plans for the County or Cities of Simi Valley and Thousand Oaks.

Housing and community development resources are currently available in Ventura Urban County and Entitlement Jurisdictions include:

- Community Development Block Grant (CDBG) funds
- HOME Investment Partnerships Program (HOME) funds
- Emergency Solutions Grant (ESG) funds
- General funds (tax levy)
- Housing Successor Funds (formerly low-moderate Redevelopment Agency Funds)
- HUD Section 108 Loan funds
- HUD Housing Choice Voucher Program (through the Area Housing Authority of Ventura County, Oxnard Housing Authority, Housing...
Authority of the City of San Buenaventura, Santa Paula Housing Authority, and the Housing Authority of the City of Port Hueneme

- California Housing Finance Agency funds (CalHFA)
- State Housing and Community Development (HCD) housing funds
- State transportation funds
- Ventura County Housing Trust Fund

Table 1 - Expected Resources – Priority Table
Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The jurisdictions leverage federal resources against other sources of federal, state, local, and private funding to maximize the impact of CDBG, HOME, and ESG funds. Leveraging varies from activity to activity depending on the project scope. For instance, the Federal Low-Income Housing Tax Credit (LIHTC), historic tax credits, and various affordable housing loan and grant products from the CA Department of Housing and Community Development and the Federal Home Loan Bank can be leveraged with HOME funding to develop affordable housing.

Although the CDBG program does not require a match, the HOME program and the ESG program require funding match. The HOME program requires a 25 percent non-federal cash or non-cash match of the annual grant amount or entitlement, less 10 percent for administration and five percent for Community Housing Development Organization (CHDO) operating support.

ESG match is required on a one-to-one basis (100 percent match). ESG grantees report required match detail to the Ventura County Continuum of Care (CoC) on a monthly or semi-annual basis. Matching contributions from ESG grantees (cash or non-cash) may be obtained from any source, including any federal source other than the ESG program, as well as state, local, and private sources, per 24 CFR 576.201.
If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Most County-owned property is used to house County operations or is deed-restricted, limiting its feasibility for new uses. The County has been evaluating land it owns, as it becomes available, for the purpose of providing affordable housing and will continue to consider land that is deemed as surplus for the needs identified in the Regional Consolidated Plan. The County has initiated the use of a surplus building in San Buenaventura for a year-round emergency shelter for homeless persons. The building is currently being renovated and is expected to begin serving clients early in 2020. Additionally, late in 2019 the County released a Request for Qualifications and Concept Proposals for a County-owned property located in the unincorporated area for an affordable housing development, with a permanent supportive housing component.

AP-35 Projects - 91.420, 91.220(d)

Introduction

In FY 2018-19, the County Board of Supervisors clarified its intent of focusing funding, to the extent possible, on supporting the most vulnerable citizens, including persons who are homeless, very low-income, elderly and/or victims of domestic violence in order to focus limited resources during a challenging economic environment with decreasing resources. Existing city-sponsored projects will continue to be funded at levels not to exceed the previous year’s allocation if the city continues to apply for HUD Ventura Urban County Entitlement Area funding through the end of the current Cooperating Agreement.

In an effort to increase the effectiveness of grant management and utilize taxpayer resources as efficiently as possible, in recent years the County will not fund any project in an amount less than $20,000.

As this draft Annual Action Plan was being prepared, a state and local emergency was declared in response to the rapid spread of COVID-19 in the community. While this crisis is still developing, local jurisdictions have recently been made aware that the CARES Act may provide additional CDBG funding to directly address the crisis, and potentially make changes to other aspects of the program. Additionally, the full impacts of this crisis are currently unknown and may ultimately impact funded programs and city/county operations in ways as yet not fully understood.

Table 3 – Project Information
Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Funding was allocated in accordance with the goals and priorities set forth in the 2020-24 Ventura County Regional Consolidated Plan and according to the County's focus on vulnerable populations, while continuing funding for City-sponsored projects which support public facilities and housing quality for low-income beneficiaries.

The community faces significant obstacles to addressing underserved needs, including lack of sufficient funding to satisfy the unmet need, as well as an expensive housing market with very low vacancy rates. The recent Thomas Fire (December of 2017) and Woolsey/Hill Fires (November of 2018) have created a significant additional strain on the housing market in our community, destroying more than 800 Ventura County housing units and damaging hundreds more, displacing households both temporarily and permanently, and creating even lower vacancy rates and higher rental rates for available housing units.

Additional challenges with this funding are associated with annual funding cycles being very competitive and often oversubscribed, particularly for CDBG public services funding, and the challenges associated with using CDBG funds towards housing development, which is one of the communities' greatest needs.

This program is designed to not only fulfill basic and immediate needs (showers, laundry facilities, telephone and mail access, and food), but provides critical supportive services and case management focused on engaging clients to successfully obtain and maintain permanent housing.

Affordable Housing

AP-55 Affordable Housing - 91.420, 91.220(g)

Introduction

The Ventura Urban County Entitlement Area/HOME Consortium strives to promote affordable housing by expanding the stock of housing through new construction of rental and homeownership housing, as well as maintaining the existing stock of housing through rehabilitation.

The Ventura Urban County Entitlement Area’s one-year goals are described in the following tables. These figures also include anticipated outcomes related to housing undertaken by HOME Consortium Member Cities (Camarillo, Simi Valley, and Thousand Oaks) with funding other than HOME funds. These estimates do not include emergency or transitional shelters, social services, or code enforcement activities.

Discussion

The proposed Fillmore Terrace development will add 67 units of affordable rental housing plus 1 unrestricted manager’s unit in the City of Fillmore. Of the 67 units, five (5) will be HOME-assisted units (which are the only units reported in the above tables) and approximately 10 units will be restricted for persons transitioning out of homelessness under the No Place Like Home program.

The County also supports Habitat for Humanity's "Preserve a Home" program. It is anticipated that seven (7) homes in the Ventura Urban County Entitlement Area will be rehabilitated during the
upcoming year.

The City of Camarillo plans to rehabilitate 4 homeowner units with CDBG funds and provide direct financial down payment assistance to 2 homebuyer households. The City will also use CDBG funds towards the acquisition of up to 2 units of housing for lower-income households.

The City of Simi Valley plans to rehabilitate ten (10) homeowner units with non-CDBG funding and rehabilitate fourteen (14) rental units with its CDBG allocation.

The City of Thousand Oaks is proposing a CDBG grant in the amount of $155,637.21 to Habitat for Humanity of Ventura County to rehabilitate 10 (estimated) low-income mobile homes, located at Thousand Oaks mobile home parks.

The City of Thousand Oaks is also proposing a CDBG grant of $257,162.21 to Many Mansions to rehabilitate a 72-unit affordable rental complex (Bella Vista).
Introduction

Public Housing needs in the Ventura Urban County Entitlement Area and HOME Consortium Member cities are met by three Housing Authorities: The Area Housing Authority of the County of Ventura (AHA), the Housing Authority of the City of Port Hueneme (PHHA), and the Santa Paula Housing Authority (SPHA).

The AHA owns and operates 355 units of public housing in seven complexes which serve the residents of Camarillo, Fillmore, Moorpark, Ojai, Simi Valley, Thousand Oaks and the unincorporated areas of Ventura County. Three of the complexes (165 units) are located with the Urban County - the Roth Apartments (a family development in Meiners Oaks), Whispering Oaks (a seniors/disabled project in the City of Ojai), and Tafoya Terrace (senior project in Moorpark). The AHA has been named one of the nation’s best run housing authorities. Exemplary program management and efficient program implementation earned AHA the designation of a "High Performer" from the Department of Housing and Urban Development (HUD) for the Section 8 Housing Choice Voucher Program and Conventional Low-Income Public Housing Program.

The PHHA administers 90 public housing units, consisting of 30 family units that range from 1, 2 and 3 bedrooms. The remaining 60 units consist of 40 studio apartments and 20 one-bedroom units occupied by persons who are 62 years or older or disabled.

Although the SPHA does not own or operate any public housing units, it does own and operate seven affordable housing complexes with a total of 77 units for seniors and families. The SPHA also act as Administrative Managing Partner of the Harvard Place Apartments, a 40-unit affordable rental development for persons with special needs.

All local housing authorities routinely inspect, repair, and maintain units under their control on a regular basis.

Actions planned during the next year to address the needs to public housing

Area Housing Authority of the County of Ventura (AHA)

The AHA will continue to encourage the formation of site-based Resident Councils and the Resident Advisory Board (RAB).

In conjunction with Ventura County social services agencies, the Resident Services Department plans to continue providing information on employment opportunities, tutoring, parenting workshops, wellness
programs, health screening, adult and child protective services, food banks, safety and other life enriching programs. The AHA will continue to work with the Ventura Unified School District, Conejo Unified School District and the Superintendent of Schools Office to continue the Summer Lunch Program and employment training.

The AHA also plans to continue programs that assist the elderly and persons with disabilities maintain their independence through transportation services to doctor’s appointments, group grocery shopping, pharmacies, and other essential locations; and Case Management, in collaboration with other service providers and resources.

The AHA expects to renew their collaboration with California Lutheran University to provide tutoring services to children in various subjects. Continued collaboration with the Conejo Recreation and Park District is also expected to serve youth in the Thousand Oaks area. Lastly, the AHA will continue to offer full or partial recreational scholarships to children and youth who wish to participate in local sports or activities.

In addition, the AHA has actively educating their residents and clients on the importance of the upcoming Census2020 through mailers, lobby posters, and on-site presentations.

**Housing Authority of the City of Port Hueneme (PHHA)**

To address the needs of the residents, the PHHA has partnered with the Port Hueneme Police Department and non-profit organizations to bring informational classes to residents living in public housing. Nutrition, Smoking Cessation, Elder Abuse, Fraud Alert and Security educational classes will continue to be offered. The PHHA will continue to support programs that have already been established such as Meals on Wheels and the senior nutrition program.

**Santa Paula Housing Authority (SPHA)**

In accordance with the City of Santa Paula’s General Plan to increase affordable housing rental units, alleviate household overcrowding and overpayment, and the County’s objective to end homelessness the SPHA intends to achieve and maintain a tenant based program utilization rate of 99%; continue acquiring land for affordable housing development; and explore opportunities offered by the State of California’s low cost loan programs directed towards persons who are special needs, homeless and/or veterans.
Actions to encourage public housing residents to become more involved in management and participate in homeownership

Area Housing Authority of the County of Ventura (AHA)

The AHA provides four opportunities for Public Housing residents to participate in management: 1) Site based Resident Councils, 2) Advertising activities of the resident councils, 3) Participating in the Resident Advisory Board; and 4) becoming a Resident Commissioner on the AHA's Board of Commissioners. To assist Public Housing residents to gain knowledge and move toward homeownership, the AHA offers a free monthly First-Time Home Buyers Workshop which includes a free credit score.

The AHA encourages clients who have been assisted under the Section 8 Program for at least one year in becoming homebuyers through HUD’s Section 8 Homeownership Program. Participants must be first-time homebuyers, with no one in the household having owned a home within the past three years. The program requires that a participant have a minimum down payment of 3% of the home’s purchase price and good credit.

Housing Authority of the City of Port Hueneme (PHHA)

The PHHA will encourage Public Housing residents to become Resident Commissioners and encourage their participation with other organizations. The PHHA will continue to inform Public Housing Residents of options available for First Time Homebuyers.

Santa Paula Housing Authority (SPHA)

The SPHA encourages resident interaction with social services and staff through quarterly events, and makes available portability opportunities for program participants in other jurisdictions. As Successor Housing Agency to the City of Santa Paula Redevelopment Agency, the SPHA continues to administer the First Time Home Buyer and Housing Preservation Programs.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Not Applicable.
Discussion

**Area Housing Authority of the County of Ventura (AHA)**

In addition to owning and operating seven public housing sites, the AHA serves low-income residents through other programs and housing. It administers a rental subsidy program called the Housing Choice Voucher Program (Section 8). In the Ventura Urban County Entitlement Area, the AHA also operates Colina Vista, a low-income tax credit project in Piru with 35 rental units (two are handicapped accessible), a 15-unit apartment complex known as Summerwind Apartments located in the unincorporated area outside Fillmore, and a 24-unit low-income tax credit project in the City of Moorpark. These are not public housing and receive no operational HUD subsidy.

The AHA actively coordinates with other local organizations to develop new housing, preserve existing housing, and expand the supply of assisted housing for families in low-income ranges. The overriding goal for the AHA is to promote affordable housing that the communities will not only accept but also respect. AHA continues its efforts to enhance affordable housing through collaborative efforts with other local agencies.

**Housing Authority of the City of Port Hueneme (PHHA)**

The mission of the PHHA is to provide quality housing to eligible households in a professional, fiscally prudent manner and be a positive force in the community by working with others to assist these families with appropriate supportive services. The agency shares the mission of HUD to promote adequate and affordable housing, economic opportunity, and a suitable living environment free from discrimination. In order to continue this practice the PHHA will continue to work with its neighboring Housing Authorities to better assist the community.

**Santa Paula Housing Authority (SPHA)**

The SPHA administers subsidized rental housing programs for Section 8 Tenant Based Vouchers/Certificates, Project Based Section 8 Vouchers, and affordable housing owned by the Authority. Under the Section 8 Voucher Program, the Authority provides affordable housing for 620 families, with an additional 1,270 applicants on the waiting list. To date, the Authority has constructed four multifamily projects for low income seniors totaling 45-units.
AP-65 Homeless and Other Special Needs Activities - 91.420, 91.220(i)

Introduction

The Countywide Continuum of Care (CoC) has seen a significant increase in participation as an infusion of State funding included requirements to participate in HMIS and coordinated entry. The Pathways to Home system utilizes service providers as points of entry into the system, and a common assessment tool to determine eligibility and prioritization and matches individuals and families with services through the HMIS eligibility module. This system was launched with full HMIS integration in October of 2016.

The CoC adopted the Ventura County Plan to Prevent and End Homelessness in January 2019. The plan includes nine recommendations to improve the regional crisis response system. The CoC continues to focus on improving the service system to improve access and service for all subpopulations including veterans, youth, families with children, chronically homeless persons, and all other persons who experience homelessness. The CoC is focused on evaluating system performance and conducting gaps analysis to advocate for new resources to help move more people out of homelessness in Ventura County. Efforts are focused on developing more supportive housing units and year-round emergency shelter(s). The CoC is also focused on prevention and diversion efforts to prevent persons from becoming homeless and to divert persons from entering the service system whenever possible.

During the 2020-21 funding year, the County proposes to provide funding for the following programs/projects to help address the needs of persons experiencing homelessness and/or housing instability: Habitat for Humanity’s Home Repair program (CDBG capital); Catholic Charities’ Moorpark Community Service Center (CDBG Public Service); County of Ventura Human Services Agency Emergency Financial Assistance Program (CDBG Public Service); El Patio Hotel and Rancho Sespe (CDBG Public Service); SPIRIT of Santa Paula Homeless Services (CDBG Public Services); Turning Point Foundation’s Our Place Safe Haven Shelter (CDBG Public Services); and Fillmore Terrace (affordable housing with dedicated units of permanent supportive housing – HOME).

In FY 2020-21, the City of Camarillo anticipates allocating CDBG funding to: the Community Care Center, which provides short term emergency assistance and referrals to those experiencing homelessness; the RAIN Transitional Living Center, which provides transitional housing and services to families transition from homelessness to permanent housing; and the Turning Point Foundation’s Our Place Safe Haven, which provides shelter and services to persons with a mental illness who are experiencing homelessness.

In FY 2020-21, the City of Simi Valley anticipates allocating $45,000 to an organization that administers programs that address homeless needs within the City: The Samaritan Center - Case Management: This program provides case management to assist homeless individuals to become self-sustainable and move into housing. It provides access to the services, life skills, and resources they need to secure and retain housing.
The City of Thousand Oaks is a member of the Ventura County Continuum of Care Alliance, a collaborative group dedicated to promoting a safe, desirable and thriving community by ending homelessness in Ventura County. In 2019, the Alliance adopted the Ventura County Plan to Prevent and End Homelessness.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Individuals and families experiencing homelessness can seek services through multiple homeless services providers as well as community and government social service programs. Outreach workers from government agencies and non-profit organizations along with volunteers from the faith-based communities are engaging individuals on the streets and connecting them to services. The County of Ventura Health Care Agency has expanded the Whole Person Care program to cover areas countywide which includes outreach through mobile care pods with showers and healthcare services in places frequented by homeless persons. A Backpack Medicine program is taking doctors and service providers out to homeless encampments to provide medical services and connect persons to shelter and housing resources. These programs are utilizing HMIS and partnering with CoC service providers to coordinate care and services for persons who are high-utilizers of healthcare services and homeless.

The City of Thousand Oaks supports Lutheran Social Services (LSS), Thousand Oaks which operates a homeless, drop-in center at 80 East Hillcrest Dr #101, Thousand Oaks, CA 91360. Located in the Human Services Center, 80 E. Hillcrest Drive, Thousand Oaks, LSS and other local non-profits assist the homeless to find case management, laundry, showers, shelter, employment, medical care, and other necessities. Another agency serving the homeless population is Harbor House, located at 430 E Avenida De Los Arboles #203A, Thousand Oaks, CA 91360 and provides case management, laundry and operates year-round meal program and winter shelter.

Addressing the emergency shelter and transitional housing needs of homeless persons

Ventura County added two new year-round shelters in collaboration with local cities and contracts with Mercy House for operations. These new shelters are participating in the Coordinated Entry System for referrals and permanent housing placements. Seasonal shelters operate from December 1-March 31 in various regions of the county, including Ojai, Santa Paula, Simi Valley and Thousand Oaks. Transitional Housing programs are working to reduce length of stay in transitional programs to move individuals and families to permanent housing. Additional Transitional Housing beds were added for homeless Veterans
through a Grant Per Diem program. The CoC is using the Coordinated Entry System to prioritize emergency shelter and transitional housing beds and working to move individuals more quickly to permanent housing.

The CoC is working with domestic violence service providers to improve the link to the CoC and Pathways to Home. The CoC is also working with local jurisdictions to ensure that all local shelters participate in Pathways to Home. Increasing the number of year-round emergency shelter beds in the region is one of the top priorities of the CoC.

The Simi Valley City Council adopted a prioritized list of strategies recommended by the City’s Task Force on Homelessness to address the needs of homeless persons. Those priorities include: 1) finance homeless service programs; 2) achieve a coordination of services through the support of a one-stop services facility; 3) encourage and support the development of shelters and transitional housing; and 4) develop strategies to create more affordable housing units and maximize the use of existing housing stock.

The City of Thousand Oaks is a member of the Ventura County Continuum of Care Task Force which seeks to assist homeless persons through the following facilities and services in Thousand Oaks:

- Rapid Re-Housing Expansion Project c/o Lutheran Social Services, 80 E. Hillcrest Dr #101, Thousand Oaks, CA 91360.
- The City supports the County of Ventura RAIN Transitional Housing Facility, a regional facility that serves Thousand Oaks and other areas with a grant of CDBG funds.
- The City supports the Turning Point Foundation, Our Place Safe Haven, a facility that services homeless, mentally ill adults from Thousand Oaks through the overnight shelter and case management with a grant of CDBG funds.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services,
employment, education, or youth needs.

The local Homeless Prevention and Rapid Re-housing Programs are operated by the same service provider that administered the HPRP Homeless Prevention Program. Eligible services include those that were eligible under HPRP and include 1) short-term rental assistance; 2) medium-term rental assistance; 3) security and utility deposits; 4) utility payments; 5) moving cost assistance; and 6) motel and hotel vouchers available only to program participants prior to move-in under the Rapid Re-housing Program.

CalWORKS Housing Support Program provides help to move homeless families into rental housing and connect families with resources to remain stably housed.

The Continuum of Care has implemented a community outreach and education campaign that informs households at risk of becoming homeless about resources available to them through homeless prevention programs. Several discharge and re-entry planning groups work in partnership with a wide range of public and private agencies to house homeless persons leaving publicly funded institutions or systems of care, when no housing has been identified.

A more flexible subsistence program is being funded with County CDBG dollars to attempt to intervene earlier and in more flexible ways to prevent homelessness.

In Simi Valley, the Samaritan Center provides homelessness prevention support services to persons who are at risk of becoming homeless and helps fund transportation costs to reunite these persons with their families.

The City of Simi Valley does not have a formalized Discharge Coordination Policy in place at this time. However, for those persons released from corrections facilities, the City has a Post Release Offender Supervision (PROS) Officer that is funded by the State's Realignment Initiative. In addition, the City's Community Liaison Officers are tasked with assisting homeless persons in order to connect them with appropriate social services.

Through the public and social services grant program, the City of Thousand Oaks supports non-profit agencies that assist homeless persons and those at-risk of becoming homeless including:

- Lutheran Social Services, 80 East Hillcrest Dr #101, Thousand Oaks, CA 91360.
- Conejo Free Clinic, 80 East Hillcrest Dr #102, Thousand Oaks, CA 91360.
- Westminster Free Clinic, 1000 E. Janss Road, Thousand Oaks, CA 91360.

The Ventura County Health Care Agency provides health assessment, diagnosis, and treatment for
homeless or transitionally homeless persons at the Conejo Valley Family Medical- Urgent Care, 125 W. Thousand Oaks Blvd. #200, Thousand Oaks, CA 91360.

Discussion

The Cities of Camarillo, Simi Valley and Thousand Oaks do not directly receive HOPWA program or ESG program funds. The County of Ventura receives HOPWA and ESG funding on behalf of all cities within the County (except for the City of Oxnard, which receives its own allocation of ESG) and unincorporated areas.
AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

In 2020, the County of Ventura and all 10 cities within the county jointly prepared a new Ventura County Analysis of Impediments (AI). This Action Plan contains information on the County of Ventura, its five Urban County Entitlement Area cities (Fillmore, Moorpark, Ojai, Port Hueneme and Santa Paula) and the three HOME Consortium Member cities (Camarillo, Simi Valley and Thousand Oaks).

The following sections summarize the recommendations in the AI that local jurisdictions plan to address during the upcoming program year. Other programs that may have an impact on affordable housing are also discussed.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

During Program Year 2020-21, the Urban County Entitlement Area and HOME Consortium Member partners intend to address the following recommendations identified in the 2020 AI:

Impediment 1, Housing Discrimination: On behalf of the Urban County Entitlement Area Cities and HOME Consortium Member cities, the County will continue to contract with the Housing Rights Center for fair housing services, including random testing. It is acknowledged that additional testing and enforcement would be beneficial but is not financially feasible.

Impediment 2, Access to Fair Housing Information: Several communities plan to review and update their websites to improve access to fair housing information.

Impediment 5, Land Use and Housing Policies: Several communities are undertaking either a General Plan and/or Housing Element update, which would include a review and update, as appropriate, of land use and housing policies. All local jurisdictions are committed to maintaining compliant state certified General Plans/Housing Elements.

Impediment 6, Community Care for Special Needs Populations: The City of Moorpark will consider this during their Housing Element Update. The County is planning several programs that will address the Special Needs Population in FY 2020-21: 1) updates to the County Ordinance on permitting requirements for supportive and transitional housing; 2) Implementation of AB 2162; 3) Housing Element Update; 4) ADU ordinance Update; and 5) Farmworker Housing Ordinance Update.
Additionally, the Community Development Department provides a point scoring advantage for housing competing for local HOME funds for projects offering units of permanent supportive housing.

Impediment 8, Segregation: Several communities will consider segregation and ways to de-segregate housing during their updates of the General Plan/Housing Element.

Impediment 9, Aging Housing Stock: Several communities fund home repair programs either directly or through nonprofit partners to provide housing rehabilitation for income-qualified homeowners within their jurisdiction.

Impediment 12, Homeownership Opportunities: The County of Ventura will continue to participate in the Mortgage Credit Certificate (MCC) program through the Golden State Finance Authority on behalf of all cities in the County. Several communities also provide links to homeownership opportunities on their websites.

Impediment 13, Transportation: Several communities will encourage or prioritize residential development near transit corridors. Several communities in East County also provide InterCity Dial-A-Ride services between most locations.

Discussion

In the 2020 AI, additional impediments to housing were identified. While these impediments were not included in the consultant’s recommendations, actions still may be taken to address these barriers. During the reporting period:

The Cities of Moorpark and Thousand Oaks intend to review and potentially limit or eliminate pyramid zoning during their General Plan updates. The City of Moorpark and County of Ventura also intend to consider transitional and supportive housing during their General Plan/Housing Element updates.

The County of Ventura plans to assess existing farmworker housing development standards to ensure compliance with the Employee Housing Act and consider changes that will facilitate the development of farmworker housing in the unincorporated areas.

Additionally, the 2020 AI indicated that the City of Moorpark and County had not adopted the 2019 California Building Standards Code; this assertion was an error. Both jurisdictions adopted the code in November of 2019.

Finally, the City of Thousand Oaks plans to re-evaluate growth limitations and its Inclusionary Housing Ordinance.
Other local programs that aid in creating and maintaining affordable housing include:

**Housing Trust Fund Ventura County**

The Housing Trust Fund Ventura County (HTFVC) is a 501(c)(3) with a mission of supporting more housing choices by generating and leveraging financial resources. The HTFVC uses a revolving loan fund to provide below-market interest rate loans to developers producing new affordable housing in Ventura County. The VCHTF is preparing a significant fundraising campaign to be able to leverage up to $10 million in matching funds from the State of California, passed as part of a bond initiative approved by voters in November of 2018.

**Ventura County Behavioral Health Department (VCBH)**

VCBH provides comprehensive mental health services to severely and persistently mentally ill clients through regionally based teams in Ventura County. VCBH has increased the availability of housing and residential options by utilizing funds provided through the Mental Health Services Act (MHSA) in partnership with non-profit agencies that developed affordable housing units. Supportive services, appropriate to the need of the resident, are subsequently provided by VCBH, along with rental assistance. VCBH continues to work towards increasing affordable housing stock for low-income homeless clients and clients at risk of homelessness through its community-based partnerships utilizing No Place Like Home (NPLH) funding.

Through its HUD Continuum of Care projects for the chronically homeless and partnering with property owners throughout the county, Ventura County Behavioral Health is committed to the Housing First approach by establishing a low barrier model toward ending homelessness. The focus is on assisting potential resident’s rapid access to affordable housing combined with the provision of appropriate services in order to sustain permanent housing.

VCBH plays an active role in serving people at the County’s emergency shelters and is utilizing a one-time-only grant from DHCS to develop additional housing resources for clients leaving the temporary shelters. Additionally, VCBH has been able to prevent homelessness through rapid rehousing efforts.
AP-85 Other Actions - 91.420, 91.220(k)

Introduction

The following section addresses the Ventura Urban County Entitlement Area/HOME Consortium’s planned actions to carry out the following strategies outlined in the Consolidated Plan:

- Address Obstacles to Meeting Underserved Needs
- Foster and maintain affordable housing
- Evaluate and reduce lead-based paint hazards
- Reduce the number of poverty-level families
- Develop institutional structure
- Enhance coordination

Actions planned to address obstacles to meeting underserved needs

The lack of affordable housing is a critical issue facing the Ventura Urban County Entitlement Area and Consortium Member jurisdictions. The County’s traditionally low vacancy rate for rental properties, with higher than average rent and home purchase prices, has been exacerbated by the devastating Thomas Fire (December of 2017) and Woolsey/Hill Fires (November 2018) which collectively destroyed more than 800 Ventura County housing units and damaged hundreds more, displaced households both temporarily and permanently, and created even lower vacancy rates and higher rental rates for available housing units. The loss of limited housing stock exacerbates an already constrained housing market and creates a burden for low- and moderate-income households, and especially for homeless individuals and families, or those on the verge of becoming homeless.

The State of California is preparing to release Community Development Block Grant – Disaster Recovery Funds related to the Thomas Fire and other disasters of 2017, which includes two programs targeted towards housing recovery. The State will offer an Owner-Occupied Housing Repair and Reconstruction Program, targeting single family, owner-occupied homes that were destroyed or damaged by the Thomas Fire. This program is anticipated to provide up to a maximum of $150,000 per qualifying low-income household. Additionally, the State has allocated approximately $7.3 million to the City and County of Ventura for the construction of new, affordable rental housing for fire-affected low-income families. It is anticipated that both programs will be rolled out in the spring/summer of 2020. The State of California has also started preparing its Action Plan related to the Woolsey/Hill Fires of 2018, which may bring additional resources to Ventura County for recovery.

To address fair housing issues, the County, the five Ventura Urban County Entitlement Area cities, and the cities of Camarillo, Simi Valley, and Thousand Oaks (through a Joint Powers Agreement) contract with a fair housing consultant to provide fair housing education and counseling.
Actions planned to foster and maintain affordable housing

The County of Ventura and the Cities of Camarillo, Simi Valley, and Thousand Oaks have formed the Ventura County HOME Consortium to collaborate to address the housing crisis and increase the annual HOME resources available to our community. The HOME Consortium takes effect in FY 2020-21.

In 2017, Governor Brown signed the Building Homes and Jobs Act (SB 2, 2017), which established the Permanent Local Housing Allocation program, which will provide an ongoing permanent source of funding to local governments in CA and help cities and counties address the state's housing crisis. The County, which expects to administer this funding for the Ventura Urban County Entitlement Area jurisdictions, anticipates that this funding will become available in the fall of 2020. The Cities of Camarillo, Simi Valley and Thousand Oaks will each receive their own allocation of PLHA funding.

In 2016 the County Board of Supervisors allocated $1 million in general funds to support the development of 83 new units of rental housing for farmworkers. Two projects are located in the City of Ventura and one is in the City of Oxnard. The first development completed construction and began leasing in the summer of 2019. The remaining projects are in predevelopment and are actively pursuing other financing for their projects.

First-time home buyers may participate in the State funded Mortgage Credit Certificate (MCC) program, which provides tax credit incentives to low- and moderate-income families who are looking to become home owners. This program is available through the Golden State Finance Authority. Additional support is available through the Ventura County Community Development Corporation’s Home Ownership Center which provides educational services, lending and realty support, down payment assistance and consulting for first-time buyers.

Rural homeowners may be eligible to participate in loan and grant programs through the U.S. Department of Agriculture for the purchase of a new home or to make necessary home improvements, accessibility improvements and energy upgrades. Assistance is available only for households meeting low and very-low income requirements or for persons with disabilities to make their homes accessible.

Rental and mortgage assistance are available to help stabilize residents at risk of losing their housing and assist homeless residents to obtain housing. Rental assistance is available through the County of Ventura’s Homeless Prevention and Rapid Rehousing Program (HPRP) and Emergency Financial Assistance program. Assistance may include rental deposits; short-term rental payments; credit counseling; utility deposits and payments; and/or moving and storage costs. The Keep Your Home California program offered through the United States Treasury Department and the California Housing Finance Agency provides assistance to residents struggling to pay their mortgages.

Other programs available locally to assist residents with housing needs are included in the Discussion section below.
Actions planned to reduce lead-based paint hazards

The Childhood Lead Poisoning Prevention Program continues to monitor the status of housing in Ventura County that are at risk for LBP hazard through providing testing for all children deemed to be at risk due to their living situation. If a child is found with Lead Poisoning, the program provides medical case management and an environmental evaluation to determine the cause of the lead poisoning. Efforts are then initiated to contain and/or dispose of the source of the lead. Intensive outreach is provided throughout the community regarding the dangers of lead and how to recognize and prevent potential exposure. Education regarding anyone who has a potential of exposure, through remodeling, or other lead source is offered at a variety of venues, including the media, health fairs, and other community events. This year the county is launching a new program called Healthy Homes Ventura County that will provide education and outreach and free home cleanup for lead based paint hazards for owners who qualify. Specific activities include:

- Ensure that all medical providers in the County follow the mandated Statewide Targeted Blood Lead Screening Policy.
- Engage Ventura County’s Medi-Cal Managed Care Program in the effort to encourage enrolled providers to test for lead, through outreach, education and routine collaborative activities.
- Ensure those children not in publicly funded programs be assessed for risk of lead poisoning by their providers at the appropriate ages.
- Provide case management services to children who meet case definition per CDC guidelines and to reduce environmental hazards.
- Provide case tracking services to those children with levels that are elevated but not high enough to meet state case criteria.
- Inform families and child caregivers who are responsible for children at risk about how to prevent lead exposure.
- Increase awareness of lead hazards among those local governmental agencies that can assist in decreasing lead exposures to children.
- Identify and inform CLPPP Branch of any newly suspected or newly identified sources of childhood lead exposure.
- Maintain contact with liaisons in other health programs and community groups to facilitate information-sharing and potential development of joint outreach and education programs.
- Continue to increase community awareness through outreach.
- Promote and maintain interagency collaboration between the local Ventura County Childhood Lead Poisoning Prevention Program (CLPPP) and the Environmental Health Division, and each of the perspective cities and/or County Code Enforcement and/or Building and Safety departments in order to address lead hazards and lead hazard controls. Increase collaboration with local building departments, housing departments, code enforcement groups, environmental agencies, and other groups to see that lead hazards are properly identified and eliminated with addition of an Environmental Health Specialist.
- Received funding and hired staff for Healthy Homes Ventura County.
Actions planned to reduce the number of poverty-level families

The Workforce Development Board (WDB) of Ventura County, offers a valuable, no cost resource for employers and job seekers. Through the effective use of federal funds and strong partnerships with private and public sector providers, the WDB programs offer support that would be costly for individuals or businesses to receive from other sources. The WDB programs provide guidance for individuals needing help with job readiness, job placement or job transitions, and for employers seeking support for business services, recruitment, retention, or layoffs. In addition to providing services through the American Job Center of California, located in Oxnard and Simi Valley the WDB contracts with external providers for youth programs that provide after-school activities, job training and support services to low-income in-school youth and out-of-school youth ages 16-24. There are also federally sponsored on-the-job training subsidies and supportive services to assist those previously incarcerated to reenter the job force.

The Economic Development Collaborative (EDC) promotes a vibrant regional economy through public and private sector collaboration and has formed partnerships with leading regional organizations to bring resources that support business growth, expansion and attraction. EDC is funded through contributions from the County of Ventura, all 10 cities in the county and top-level private sector executives. EDC promotes jobs and economic growth to maintain the county’s economic vitality through key programs and services such as business consulting and workshops, loans, Manufacturing Assistance Program, and G.E.T. Trade, the how-to on international trade.

The County of Ventura actively enforces its Section 3 Policy on all construction related projects assisted with federal funding, where contracts are awarded in excess of $100,000. Section 3 is a means to foster local economic development, neighborhood economic improvement, and individual self-sufficiency and to ensure that employment and other economic opportunities generated be directed to low- and very low-income persons, particularly those who are recipients of government assistance for housing, and to business concerns which provide economic opportunities to low- and very low-income persons. The purpose of Section 3 preferences is to be results oriented by: 1) encouraging business concerns that are not major sources of employment for low-income persons to increase their employment of these persons when economic opportunities arise from HUD financed construction related projects; and 2) promoting the growth of "profit-making" enterprises owned by low-income persons that substantially employ low-income persons with Section 3 contract awards.

Some housing authorities, including the Area Housing Authority of the County of Ventura, help residents build for tomorrow through the Family Self-Sufficiency (FSS) Program. The FSS Program is a voluntary program designed and administered to help low-income, Section 8 families achieve economic self-sufficiency through education and job training. Services might include: childcare, education, transportation, development of resumes, job training and placement, counseling, parenting skills, money management or credit counseling.
Actions planned to develop institutional structure

Several gaps and weaknesses were identified in SP-40 in the Strategic Plan. The following is a discussion of how the County plans to address these gaps in the upcoming year.

The Regional Consolidated Plan identified a need for existing agencies working on social and housing issues to attain greater capacity as federal, state and local resources become more limited.

The Ventura Urban County Entitlement Area and all Entitlement jurisdictions within the County have collaborated in the development of the 2020-2024 Regional Consolidated Plan and associated Analysis of Impediments to Fair Housing Choice. This collaboration further enhanced coordination by and between public and private housing and social service agencies as input is sought from all in the development of joint Plans.

The County of Ventura is the Collaborative Applicant under the Countywide Continuum of Care. In that capacity, County Executive Office staff are expanding and building upon the partnerships and cooperation among agencies that deliver services to homeless and at-risk homeless members of our communities. The Continuum of Care Alliance brings together members of government (including federal partners from Veterans’ Affairs, County social service agencies and City policymakers), representatives from education, non-profit partners, faith community, and community advocates to improve and enhance not only coordination of care, but identification and development of housing solutions, and strategic use of limited financial resources targeted to the neediest in our communities. In 2019, The Continuum of Care adopted the Ventura County Plan to Prevent and End Homelessness, which sets out nine recommendations towards addressing gaps in the homeless services system.

Actions planned to enhance coordination between public and private housing and social service agencies

The Ventura Urban County Entitlement Area and all Entitlement jurisdictions within the County have collaborated in the development of the 2020-2024 Regional Consolidated Plan and associated Analysis of Impediments to Fair Housing Choice. This collaboration further enhanced coordination by and between public and private housing and social service agencies as input is sought from all in the development of joint Plans. Additionally, the County of Ventura is the Collaborative Applicant under the Countywide Continuum of Care and provides staff support to the Alliance, its Board and associated committees. Several high-level executives and elected officials from both public and private entities sit on the CoC Board of Directors thus improving cooperation and coordination. The Countywide Continuum of Care Alliance includes participants from local housing authorities, mental health providers, public health and ambulatory care, local non-profit entities, faith community and others from around Ventura County. Oxnard and the County, the only ESG entitlement grantees in the County, are
also active in the Continuum of Care.

The Ventura County Board of Supervisors has enhanced its outreach to cities and partners for the development of shelter and interim housing solutions, by indicating willingness to share in development and operational costs for the development of emergency shelter programs in their communities. Their action in March of 2018 signals renewed interest in collaboration and urgency in the development of solutions for the community and resulted in the opening of two year-round, permanent shelters in Ventura County.

The County of Ventura recently completed its first Economic Development Strategy, developed by engaging a diverse group of stakeholders with the aid of an economic development expert, to inform the process about what impact the County as an employer and as an entity can do to facilitate the economic health of our County. The document outlines a wide variety of programs to enhance and improve the economic health of our community. The document is posted on the following website: http://vcevsp.org/

Discussion

Additional local resources available to address affordable housing and stabilize families include:

The Ventura County Community Development Corporation (VCCDC) offers Home Preservation Counseling which is their foreclosure prevention assistance to homeowners throughout the County. VCCDC counselors assist local homeowners with counseling, leading to action plans to avoid foreclosure or offering alternatives to foreclosure if homeownership cannot be maintained.

Cabrillo Economic Development Corporation is a local organization involved in Hope Now through the NeighborWorks Home Ownership Center and offers foreclosure counseling, homeowners’ assistance and refers clients to the district attorney's office for abuses by lenders that used deceptive marketing methods to secure questionable loans.

The Area Housing Authority is an independent, non-profit agency serving the Ventura County region. It sponsors educational home buying workshops throughout the year. The workshops are provided through a mutual agreement with experts in local, State and Federal funding resources. The workshops cover tax benefits, raising FICO scores, and loan options for first-time buyers available through the state of California.

SurePath Financial Solutions is approved by HUD and provides foreclosure, debt, and bankruptcy counseling.

Hope Now is an alliance between counselors, servicers, investors, and other mortgage market
participants to prevent foreclosures by providing outreach, counseling, and assistance to homeowners. It provides a toll-free hotline.

California Department of Real Estate is the state department in charge of real estate broker licensing and consumer complaints with respect to real estate transactions. It offers license checks of mortgage brokers and lenders and a consumer complaint form. It also provides additional links for foreclosure prevention information and avoiding mortgage foreclosure scams.

Specify the years covered that include this Annual Action Plan.

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

Other forms of local investments for housing that may be available to projects include financing from the Ventura County Housing Trust Fund, in-lieu fees, CDBG funding, and other potential grant...
and private funding opportunities.

The City and County of Ventura are anticipating approximately $7.3 million in Community Development Block Grant – Disaster Recovery funding (CDBG-DR) to be made available for rental housing development for fire-affected households in response to the 2017 Thomas Fire.

In 2017, Governor Brown signed a 15-bill housing package aimed at addressing the state’s housing shortage and high housing costs. Specifically, it included the Building Homes and Jobs Act (SB 2, 2017), which established a $75 recording fee on real estate documents to increase the supply of affordable homes in California. A portion of annual funding realized from this fee are dedicated to the Permanent Local Housing Allocation program, which will provide an ongoing permanent source of funding to local governments in California to help cities and counties implement plans to increase the affordable housing stock. The County, which expects to administer this funding for the Ventura Urban County Entitlement Area jurisdictions, anticipates that this funding will become available in the fall of 2020.

Low Income Housing Tax Credits, administered by the State of California Tax Credit Allocation Committee, as well as tax-exempt bond financing available through the California Debt Limit Allocation Committee are also available to finance the development of affordable housing.

The State of California also funds rental housing development through the Affordable Housing and Sustainable Communities and Veterans Housing and Homelessness Prevention Programs. After the passage of Propositions 1 and 2 in the November 2018 election, it is anticipated that funding for affordable housing development will be available in the coming years from the State of California, including financing from: Joe Serna Farmworker Housing Grant Program; Multi Family Housing Program Funds; Transit-Oriented Development Implementation Program; Infill Incentive Grant Program; Housing for a Healthy California; and No Place Like Home.
2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

The County’s HOME Program utilizes the recapture option in its Homebuyer Assistance Program (HBAP) and the resale option for assistance provided to developers who use HOME funds to develop income-restricted for-sale housing. Due to reductions in HOME funding and staffing, the County is not currently offering the HBAP program.

The County’s HOME Policy and Procedure governing homebuyer activities was reviewed and approved by HUD on May 1, 2018.

Recapture Loans:

The County is not currently funding programs with Recapture Provisions. Existing homebuyer assistance (before May 1, 2018) will continue to be governed by the policies in place at the time the assistance was provided. An overview of provisions for newly funded programs has been included in the event that a program subject to these provisions is funded at a future time.

HOME Recapture provisions permit the original homebuyer to sell the property during the Period of Affordability. Upon sale, refinancing or transfer of the property during the Period of Affordability, the County will recapture a portion of the Net Proceeds of the original HOME direct subsidy. Recaptured funds will be re-invested in HOME eligible projects.

Loans will have a term of twenty (20) years. Assistance will be provided as a forgivable loan, with no interest due except in the event of default. Loan balances will be forgiven over time, provided no event of default occurs. If the property is sold or transferred, either voluntarily or involuntarily, or refinanced during the first eleven (11) years, the entire amount of the HOME assistance shall be repaid. If a property sale, transfer or refinance occurs after the end of the eleventh (11th) year, for each additional full year of owner-occupancy, 10% of the original loan amount will be forgiven.

Resale Loans:

Assistance provided through the HOME program to developers of income-restricted for-sale housing will utilize the resale option.

In the event a property with resale restrictions is sold during the affordability period, the property will be sold to a qualified low-income buyer who will occupy the unit as their primary residence. The original homebuyer will receive a fair return on investment. Finally, the property will be sold at a price that is affordable to a reasonable range of low-income homebuyers.

Resale of HOME-assisted housing will be targeted to households at or below 80% of the Area Median Income. The maximum percentage of income that an initial or subsequent homebuyer will
spend on the fixed costs of owning a home (e.g. loan payments of principal, interest, taxes and insurance) will be no more than 40%.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The County’s 2013 HOME Policies and Procedures, amended in June of 2019, includes an attachment which governs the County’s homebuyer activities. The Homebuyer Activities attachment was reviewed and approved by HUD on May 1, 2018. Section A(1)(b) specifies the required period of affordability in compliance with 24 CFR 92.254(a)(4).

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The County does not have any plans to invest HOME funds in this type of activity.

Emergency Solutions Grant (ESG)

1. Include written standards for providing ESG assistance (may include as attachment)

The Ventura County Continuum of Care has established policies and procedures that include written standards, Coordinated Entry, HMIS standards and performance measures. The overarching goal of ESG projects is to reduce the time spent homeless. ESG Emergency Shelter funds are intended to respond to crisis and provide short-term emergency assistance to enable homeless households to move toward independent living by obtaining permanent housing as quickly as possible. The 2018 CoC Board approved document is attached as an appendix to this report.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The Continuum of Care’s coordinated entry system is called Pathways to Home. The CoC covers the
entire geographic area of the County of Ventura which includes a total of 10 cities and 5 regional areas. The Ventura County CES “Pathways to Home” includes full HMIS integration and all funded providers. The system is a virtual “front door” to the Homeless Services System. All providers conduct an initial screening and assessment and input that information into HMIS. Once that information is collected and entered, the eligibility module is run in HMIS to determine which programs the client/household is eligible for. The client and assessor discuss options and an electronic referral is made through HMIS. Prioritization is done by using the VI-SPDAT tools as well as through discussion at a weekly case conferencing meeting.

This system was launched in October of 2016 and the CoC is evaluating the system and making modifications to improve the system. The CoC has added Ventura County 2-1-1 as another “front door” that allows for 24/7 coverage for a system that lacks year around shelter capacity.

Outreach has been expanded to reach all parts of the county and individuals who do not seek services through traditional systems. Collaboration with healthcare systems, mainstream resource programs, youth providers, and law enforcement will increase the points of access to the system and services. Evaluation of diversion and enhanced homeless prevention programs are ongoing initiatives.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The Ventura County Continuum of Care (CoC) along with the County of Ventura actively recruit non-funded entities to encourage program proposals for funding as well as building capacity within the CoC. Requests for Proposals are released publicly, posted on the Ventura County CoC website, posted on the CoC Facebook page, distributed via the United Way email listserv and via press release. Verbal communication at CoC and other community meetings is another way staff spread the word about potential funding opportunities.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The local CoC has homeless and formerly homeless persons participating in the CoC committees and on the CoC Board. These persons are critical in providing input to the funding recommendations developed by staff and presented through the CoC.
5. Describe performance standards for evaluating ESG.

ESG funded programs are held to the same standards as CoC funded programs including system performance and program level performance. All homeless services programs follow the same written standards and policies and procedures. County staff review Quarterly Status Reports (QSRs) to ensure performance is adequate and timely compared to the goals stated in the Consolidated and Annual Action Plans. These reports are completed by all subrecipients and include information on milestones, status and accomplishments. Progress delays are addressed and resolved. If additional monitoring is required or if an on-site visit appears to be beneficial or necessary, the County’s Monitoring Guidelines will be utilized. All data is collected in the HMIS system. In addition, the CoC Data Committee is monthly reviewing system-wide performance and using that information to make funding recommendations.

CDBG program income is typically received from loan repayments from various historical loan programs. Any program income received is usually reprogrammed during the year it is received, generally to an existing activity, and in accordance with the County’s Citizen Participation Plan. Anticipated program income for the upcoming cycle is both unpredictable and minimal, therefore it has not been included in current year project funding.

HOME program income is typically received from loan repayments from various historical loan programs. In accordance with Grant Based Accounting, program income received during a program year will be included in the following year’s Annual Action Plan’s Expected Resources (AP-15).

Table 7 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The jurisdictions leverage federal resources against other sources of federal, state, local, and private funding to maximize the impact of CDBG, HOME, and ESG funds. Leveraging varies from activity to activity depending on the project scope. For instance, the Federal Low-Income Housing Tax Credit (LIHTC), historic tax credits, and various affordable housing loan and grant products from the CA Department of Housing and Community Development and the Federal Home Loan Bank can be leveraged with HOME funding to develop affordable housing.

Although the CDBG program does not require a match, the HOME program and the ESG program require funding match. The HOME program requires a 25 percent non-federal cash or non-cash match of the annual grant amount or entitlement, less 10 percent for administration and five percent for Community Housing Development Organization (CHDO) operating support.

ESG match is required on a one-to-one basis (100 percent match). ESG grantees report required match...
detail to the Ventura County Continuum of Care (CoC) on a monthly or semi-annual basis. Matching contributions from ESG grantees (cash or non-cash) may be obtained from any source, including any federal source other than the ESG program, as well as state, local, and private sources, per 24 CFR 576.201.

**Simi Valley:** The city’s goal is to leverage CDBG dollars with other public funds to maximize the number of households that can be assisted. The city of Simi Valley and a variety of human service and housing agencies will pursue funding from private, local, state, and federal resources to assist with their delivery of services for those with special needs.

The city is scheduled to receive $150,000 per year for the next 50 years from Waste Management, which will be available for various housing and community development activities.

Other funding sources available to the city include program income from the repayment of grant funds derived from the California Home Investment Partnership Program (HOME) and Housing Successor Agency funds; state CalHome program grant funds derived from a competitive grant application; Energy Efficiency and Conservation Block Grant (EECBG) program, derived by a formula grant made by the U.S. Department of Energy; and local housing funds received from certain loan repayments and affordable unit resale fees. Match requirements for the HOME Program are not applicable to the use of program income.

**If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

Most County-owned property is used to house County operations or is deed-restricted, limiting its feasibility for new uses. The County has been evaluating land it owns, as it becomes available, for the purpose of providing affordable housing and will continue to consider land that is deemed as surplus for the needs identified in the Regional Consolidated Plan. The County has initiated the use of a surplus building in San Buenaventura for a year-round emergency shelter for homeless persons. The building is currently being renovated and is expected to begin serving clients early in 2020. Additionally, late in 2019 the County released a Request for Qualifications and Concept Proposals for a County-owned property located in the unincorporated area for an affordable housing development, with a permanent supportive housing component.

Table 9 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

For FY 2020-21, the City of Simi Valley expects to have a total CDBG budget of $667,895. The City anticipates allocating 20 percent of its entitlement funds to program administration and approximately 15 percent to public service programs. The remaining funds will go to capital improvement projects that assists low- and moderate-income persons.

Meeting the needs of underserved low- and moderate-income persons is challenging when faced with limited financial resources. The City will continue to use CDBG funds to support public service programs that assist the homeless, seniors, youth, and the disabled populations. To better meet the needs of the underserved, the City proactively seeks additional and alternative resources.

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Geographic distribution of funding is predicated somewhat on the nature of the activity to be funded. It is the City’s intent to fund activities in areas most directly impacted by the needs of low- and moderate-income residents and those with special needs. Individual project locations may be found in the List of Proposed Projects and illustrated in the Map of Proposed Projects attached to the final Action Plan in IDIS. A map illustrating the location of low/moderate-income areas will also be attached. CDBG-funded supportive services are provided to low- and moderate-income residents throughout the community. Fair housing services are available on a citywide basis.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

The Draft Priority Needs established in the Draft RCP, which form the basis for establishing objectives and outcomes in the Action Plan, are as follows:

- New Rental Housing – Create new affordable rental units
- Housing Support and Stability – Create supportive housing units and tenant-based rental assistance
- Homeownership Opportunities – Create affordable homeowner housing units
- Rehabilitation and Preservation of Existing Housing Units – Create/preserve stable, safe, affordable housing opportunities
- Assistance for Senior Residents – Make public facilities/infrastructure ADA-accessible, and provide housing with direct care, health, and social services for seniors
- Increase Job Skills – Provide low- and moderate-income adults with job skills training directly tied to obtaining employment
- Façade Improvements – Assist businesses in low- and moderate-income areas with commercial façade treatments
- Local Entrepreneurship – Assist for-profit small businesses with technical and financial assistance to create jobs or to create a microenterprise startup
- Social Services – Provide low- to moderate-income population with medical, disability, education, and legal/advocacy services
- Youth Activities and Services – Provide services/activities for youth from low- and moderate-income households
- Homelessness – Facilities/services for homeless population or those at risk of homelessness
- Streets and Streetscapes – Reconstruct streets/sidewalks, add/replace street trees, and improve ADA accessibility on public walkways in low- and moderate-income areas
- Parks and Community Spaces – Construct or improve public parks/community buildings in low- and moderate-income areas
- Disaster Planning and Recovery – Disaster planning/recovery activities after severe weather, fire, or earthquakes
- Utilities and Public Infrastructure – Improve public and publicly-regulated utilities and infrastructure for residents in low- and moderate-income areas

Actions planned to address obstacles to meeting underserved needs

One of the greatest challenges in meeting the needs of underserved persons is having limited financial resources. The City will continue to encourage the development of affordable apartment projects for extremely low- and low-income households. Such developments would provide permanent housing opportunities for homeless persons and increase the availability of low-cost rental units to assist those who are rent burdened or severely rent burdened. The City will also consider allocating a portion of its
annual CDBG funds to support public service agencies that address the special needs of the underserved, including the homeless, those at risk of homelessness, youth, seniors, female-headed households, victims of domestic violence, and the disabled.

**Actions planned to foster and maintain affordable housing**

Increasing and improving affordable housing is identified as a Priority in the RCP. The City will work toward the preservation of the existing affordable housing stock. For FY 2020-21, CalHome, HOME and EECBG funds will be used for the City’s Home Rehabilitation Program. The City updated its Housing Element in 2012, incorporating fair housing goals, policies, and programs into the Element to affirm the City’s position on furthering fair housing choice. An additional update to the Element was completed in 2013 and adopted in January of 2014. In 2020, the City plans to initiate a Housing Element update that should be completed by October 2021.

**Actions planned to reduce lead-based paint hazards**

The City proposes to take the following actions during FY 2020-21 in an effort to identify and reduce potential lead-based paint hazards in the community:

- Continue to incorporate lead-based paint hazard information in the City’s Home Rehabilitation Program information flyer.
- Continue to make printed information (HUD information pamphlet from the Office of Lead-Based Paint Abatement and Poisoning Prevention) available to the public at several locations, including City Hall, the Chamber of Commerce, and the Conejo Simi Moorpark Association of Realtors office.
- Continue to inform prospective home rehabilitation loan applicants during their initial interview about the potential hazards of lead-based paint and any necessary abatement measures which would need to be taken in order to eliminate the hazard. If the applicant’s home was built prior to 1978, City staff will inspect the dwelling to see if potential hazards may exist as a result of the deterioration of lead-based paint. If children age seven or younger are present in the home, and if a potential hazard from lead-based paint is identified, City staff will advise the parents about screening their children for elevated levels of lead in the blood and follow any prescribed abatement requirements resulting from the screening.
- Continue testing for the presence of lead-based paint in homes that were built prior to 1978 and are subject to the City’s Home Rehabilitation Program.
- Continue the lead-based paint risk assessment and abatement program when lead-based paint tests indicate a hazardous concentration of lead (equal to or higher than 1 mg/cm²) for homes that are involved in the City’s Home Rehabilitation Program.
Actions planned to reduce the number of poverty-level families

The City has established goals and policies designed to improve the local economy and reduce the level of poverty within the community. The City intends to continue pursuing the following programs and activities during FY 2020-21, which are expected to help reduce the number of families at the poverty level:

- Actively encourage commercial and industrial development in order to increase local employment opportunities for its residents and to better serve the business community.
- Recruit and retain an industry based upon its environmental impact, the number of jobs per acre provided, the percentage of jobs from entry level to executive level, and its ability to utilize the skills of the City’s residents.
- Cooperate with the State Employment and Development Department and research the job skills in the community, giving special attention to attracting industries that utilize these skills.
- Affordable Housing Programs are designed to provide assistance primarily to extremely low-, low-, and moderate-income households within the community. A variety of housing assistance programs throughout the County are available to help various low- and moderate-income groups in need of assistance, including renters, first-time homebuyers, existing homeowners, homeless persons, and persons at risk of homelessness.
- Actively encourage new affordable housing opportunities through density bonuses and zoning concessions.

City staff will continue to work to integrate existing social service and housing activities for extremely low- and low-income households by working

Actions planned to develop institutional structure

The City will endeavor to improve communications with other local governmental agencies, as well as area non-profit organizations, in order to meet and address the needs of the community. For FY 2020-21, City staff will continue to collaborate internally, as well as with local advocacy groups and other County, State, and Federal organizations.

Actions planned to enhance coordination between public and private housing and social service agencies

The City will work to enhance coordination between public and private housing and social service agencies through the following:

- City staff will seek to improve communications (network) with private housing developers, non-profit organizations, and public agencies. Priority will be given to strengthening coordination efforts between the City and those agencies and groups that provide assistance to the homeless,
persons threatened with homelessness, and persons with special needs in order to improve the delivery of services to those households.

- The City’s Task Force on Homelessness will continue to meet during FY 2020-21 to implement the City Council-adopted strategies to address homelessness in Simi Valley. The Task Force, comprised of representatives from non-profit service providers, public agencies, and the homeless, has been instrumental in improving and expanding the number of resources and delivery of services to homeless persons in Simi Valley and moving previously homeless individuals and families into permanent housing.

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed 0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee’s strategic plan. 0
3. The amount of surplus funds from urban renewal settlements 0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan 0
5. The amount of income from float-funded activities 0

Total Program Income: 0

Other CDBG Requirements

1. The amount of urgent need activities 0

Discussion

The City does not anticipate generating significant amounts of program income during the RCP period. Program income funds received have been added to the expected entitlement amount, along with prior year unspent funds, to calculate the total anticipated available funding.

Table 11 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Each year, the City leverages 15 percent of the City’s CDBG annual entitlement grant with at least $100,000 from the City’s own Social Services Endowment Fund (SSEF). The City also collaborates with local non-profit affordable housing providers and leverage affordable developments with Housing Successor Fund and local Housing Trust Fund.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Most County-owned property is used to house County operations or is deed-restricted, limiting its feasibility for new uses. The County has been evaluating land it owns, as it becomes available, for the purpose of providing affordable housing and will continue to consider land that is deemed as surplus for the needs identified in the Regional Consolidated Plan. The County has initiated the use of a surplus building in San Buenaventura for a year-round emergency shelter for homeless persons. The building is currently being renovated and is expected to begin serving clients early in 2020. Additionally, late in 2019 the County released a Request for Qualifications and Concept Proposals for a County-owned property located in the unincorporated area for an affordable housing development, with a permanent supportive housing component.

AP-35 Projects - 91.420, 91.220(d)

Introduction

As a result of needs identified during the City 2019-20 Needs Assessment public hearing (11/12/2019) and based on the written applications submitted to the City by December 16, 2019, the City prepared a draft PY 2020 Annual Action Plan for the following CDBG activities:

- Multi-Unit Residential Rehabilitation, [14B]; Affordable, Multi-Unit Housing; $258,000.00
- Single-Family Residential Rehabilitation, [14A]; Single-Family Units; $156,000.00
- Public/Social Services (General or Homelessness), [05]; $86,650.00
- CDBG Program Administration, [21A]; In December 2020, the Minor Amendment was approved by the City Manager for the 2020 CDBG Action Plan to reduce the allocation of the original administration budget by $88 from $114,349.42 to $114,261.42.

As this draft Annual Action Plan was being prepared, a state and local emergency was declared in response to the rapid spread of COVID-19 in the community. While this crisis is still developing, local jurisdictions have recently been made aware that the CARES Act may provide additional CDBG funding to directly address the crisis, and potentially make changes to other aspects of the program. Additionally, the full impacts of this crisis are currently unknown and may ultimately impact funded programs and city/county operations in ways as yet not fully understood.

Table 13 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Following the dissolution of redevelopment agencies throughout California in 2012, the City lost $4 million annually in local, tax-increment funds to finance the construction of new affordable housing units and to maintain/preserve existing units. The preservation of existing multi-family and single-family affordable housing units is one of the highest priority needs for the City. In addition, there is a need for the City to support the local delivery of essential public and social services to primarily very low-income persons and households. The number of persons seeking services increases yearly, particularly for seniors and disabled persons.

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Some of the City CDBG-funded activities will qualify for HUD funding based on beneficiary income, not on location inside a low-mod income block group as identified in the 2015 American Community Survey Low- and Moderate-Income Summary Data (2015 ACS LMISD). These include Vallecito Mobile Home Park Single-Unit Rehabilitation, St. Paschal Baylon/St. Vincent de Paul Assistance to Needy, and County of Ventura, RAIN Facility.

Rationale for the priorities for allocating investments geographically

According to the American Community Survey Data (2011-2015) and 2019 Exception Percentage of 36.50% for the City of Thousand Oaks, the above listed census tract block group locations are inside CDBG-eligible areas. Activities located outside low-mod block groups, qualify for CDBG funding based on beneficiary income.

Discussion

All sites selected for CDBG funded activities in 2020-21 are located within HUD-designated low-income block groups or qualify based on beneficiary income.
AP-85 Other Actions - 91.420, 91.220(k)

Introduction

The City collaborated with the County of Ventura and local Ventura County cities on a regional 2020-2024 Ventura County Consolidated Plan. The PY 2020 Annual Action Plan describes the 1st year (2020-21) of the 5-year Consolidated Plan period (July 2020-June 2024).

Actions planned to address obstacles to meeting underserved needs

Housing Rehabilitation: With insufficient resources to construct new affordable housing units, the number 1 priority for the City is to preserve existing affordable multi-family and single-family units through residential rehabilitation programs.

Social Services Endowment Fund (SSEF): The City annually leverages 15% of its CDBG entitlement grant with at least $100,000 in local Social Services Endowment Funds (SSEF) to support the efforts and help address the underserved needs of low- and very low-income City residents.

Actions planned to foster and maintain affordable housing

During 2020-21 the City will focus its efforts on residential rehabilitation.

Multi-Family Improvements.

Subrecipient Many Mansions, the City will rehabilitate through replacing single pane windows with double pane windows at the 72 units low-income site, located at the Bella Vista Apartments.

Single-Family Improvements.

Subrecipient, Habitat for Humanity, the City will rehabilitate 10 mobile homes, owned/occupied by very low-income households.

Ventura County HOME Consortium

Recently, the County of Ventura and Cities of Camarillo, Simi Valley and Thousand Oaks worked together to create the Ventura County HOME Consortium, which takes effect in Program Year 2020-21. By creating a local consortium, we were able to drastically increase the amount of HOME Investment Partnerships Program funding dedicated to affordable housing in our community. With the County of Ventura as the lead agency and the partnership with the cities, the HOME Consortium hopes to spur new affordable housing development within the HOME Consortium area.
Actions planned to reduce lead-based paint hazards

As described in the 2020-2024 Ventura Regional Consolidated Plan, SP-65 Lead-based Paint Hazards - 91.215(i), the Childhood Lead Poisoning Prevention Program (CLPPP), a department of Ventura County Health Care Agency, Public Health Department, provides services and information to County residents regarding childhood lead exposure and prevention.

There is no lead-based paint in any publicly owned or publicly assisted rental housing units in Thousand Oaks. The Community Development Department maintains brochures at its public counter to inform contractors, property owners and renters of the options to reduce the adverse effects of lead paint and lead dust in privately-owned buildings.

Actions planned to reduce the number of poverty-level families

Public and Social Services Grants Through its non-profit partners that deliver public and social services to at-risk persons and households, the City supports numerous programs that supplemental food, low or no-cost medical care, transportation and other services. Examples are:

- Senior Concern of Conejo Valley = Meals on Wheels
- Conejo Free Clinics = Low-Cost Medical Services
- Lutheran Social Services = Emergency Assistance
- St. Paschal Baylon/St. Vincent de Paul = Assistance to Needy
- Livingston Memorial Visiting Nurse Association = Subsidized Care

Actions planned to develop institutional structure

To address the needs of lower-income residents and households, the City of Thousand Oaks collaborates with the County of Ventura, the Area Housing Authority of the County of Ventura, non-profit housing provider Many Mansions, the Ventura County Continuum of Care Alliance, the Homelessness Ad Hoc Committee, the Conejo Recreation and Park District, the Conejo Valley Unified School District, Interface 211 Ventura County, United Way of Ventura County, Lutheran Social Services, Conejo Free Clinic, Conejo Valley Senior Concerns, United Cerebral Palsy and other non-profit organizations.

Actions planned to enhance coordination between public and private housing and social service agencies

To preserve, repair, and rehabilitate local affordable, single-family and multi-family, rental units the City works closely with:

- Non-profit affordable housing provider Many Mansions; and
- Habitat for Humanity of Ventura County
The City leverages 15% of the CDBG entitlement grant with at least $100,000 in local Social Services Endowment Funds (SSEF) to increase the number of low- and very low-income persons that can access these services.

Discussion

2020 Monitoring Activities: For this Annual Action Plan, the City will conduct monitoring on CDBG-funded sub-recipients. Items for review are based on the CDBG contract and CDBG monitoring checklist (Exhibit 3-16, Guide for Review of Sub-recipient/Community-Based Development Organization Management). The City will monitor for CDBG compliance, good performance, and generation of program income.

Residential Rehabilitation Programs (Multi-Unit and Single-Family, Owner-Occupancy): The CDBG sub-recipients will be contractually required to administer Federal prevailing wage and Section 3 programs for activities that require implementation of those programs. The City will monitor Affordable Rent Standards, as published by the Area Housing Authority of the County of Ventura, which in general are as of 1/1/2020: 0-BR $1,275; 1-BR $1,550; 2-BR $1,900; 3-BR $2,610.

Public and Social Services: The purpose of the City monitoring activities is to help ensure that Federal CDBG funds are used in accordance with Federal regulations for program requirements and for determining project compliance. CDBG is governed by Final Rule, 24 CFR Part 85 and 24 CFR Part 570. The basic objective of the monitoring process is for the City to monitor the performance of the Subrecipient/Grantee against goals and performance standards, as stated in their contract.
Program Specific Requirements
AP-90 Program Specific Requirements - 91.420, 91.220(l)(1,2,4)

Introduction

The City will spend 80% of PY 2020 CDBG funds for activities that benefit persons of low and moderate income. The City does not expect its Subrecipients to generate program income in PY 2020; however, the City will monitor its PY 2020 CDBG-funded activities for the potential generation of program income.

The City is a Community Development Block Grant (CDBG) entitlement community. The City has joined the Ventura County HOME Consortium with the anticipation that the process will be completed upon start of program year July 1, 2020.

The City of Thousand Oaks is not a participating jurisdiction and currently does not receive funds for the HOME program, ESG program or HOPWA program.

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

The jurisdictions leverage federal resources against other sources of federal, state, local, and private funding to maximize the impact of CDBG, HOME, and ESG funds. Leveraging varies from activity to activity depending on the project scope. For instance, the Federal Low-Income Housing Tax Credit (LIHTC), historic tax credits, and various affordable housing loan and grant products from the CA Department of Housing and Community Development and the Federal Home Loan Bank can be leveraged with HOME funding to develop affordable housing.

**If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

Most County-owned property is used to house County operations or is deed-restricted, limiting its feasibility for new uses. The County has been evaluating land it owns, as it becomes available, for the purpose of providing affordable housing and will continue to consider land that is deemed as surplus for the needs identified in the Regional Consolidated Plan. The County has initiated the use of a surplus building in San Buenaventura for a year-round emergency shelter for homeless persons. The building is currently being renovated and is expected to begin serving clients early in 2020. Additionally, late in 2019 the County released a Request for Qualifications and Concept Proposals for a County-owned property located in the unincorporated area for an affordable housing development, with a permanent supportive housing component.

AP-35 Projects - 91.420, 91.220(d)

Introduction

This Plan outlines the action steps that Camarillo will use to address housing and community development needs in the City. The Plan includes a listing of activities that the City will undertake during FY 2020-2021 (July 1, 2020 through June 30, 2021) that utilize CDBG funds. For the FY 2020-2021, the City received an allocation of $326,972 in CDBG funds. Also, the City has a balance of $100,000 in program income from FY 2019-2020. Overall, available funding for FY 2020-2021 is $426,972.

Due to COVID-19 pandemic, HUD has made available supplemental CDBG funding to be used for prevention, preparation, and response to COVID-19 (CDBG-CV). The City of Camarillo is eligible to receive $192,347 of CDBG-CV funding. An amendment to the FY 2020/21 Action Plan must be completed to incorporate the CDBG-CV funding into its spending strategy. The amendment will also incorporate the unspent and available regular CDBG funds from the previous program year for expenditure in FY 2020/21.

The approved FY 2020/21 Action Plan committed a total of $426,972 to CDBG activities to be carried out by the City, public service agencies, and non-profit organizations. At the close of the prior program year, an additional $43,094 of funding remained unspent and available for use in FY 2020/21.

Public Service Cap: Each year, the City can expend up to 15 percent of its annual allocation plus 15 percent of the previous year’s program income on public service activities. For FY 2019-2020, the City received a total of $430,110.61 in program income, including $100,000 that is expected to remain in the balance. Therefore, the City is allocating 15 percent from FY 2020-2021 ($49,046) and an additional $16,194 for public services.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

During the preparation of the FY 2020-2024 Regional Consolidated Plan, six regional goals were identified to meet high-priority needs in the region: (1) Improve the supply of affordable housing, (2) Enhance economic stability, (3) Increase social services, (4) Work to end homelessness, (5) Create quality neighborhoods, and (6) Effective administration. While Ventura County and the cities of Camarillo, Oxnard, San Buenaventura (Ventura), Simi Valley, and Thousand Oaks engaged in a coordinated planning process, each jurisdiction is responsible for allocating its own resources across these goals.

The City of Camarillo has a wide range of public and non-profit agencies supporting the Consolidated Plan goals. Activities were selected for funding based on priority need level. In some cases an underserved need may not be addressed due to a lack of a funding request or a lack of sufficient funding to make a project/program feasible. However, the major obstacle to overcoming local challenges is diminishing funding sources.

<td>Description</td>
<td>The City's Affordable Housing Property Acquisition Program allows the City to purchase, or assist another agency in purchasing, a developed or vacant property for the purpose of providing affordable housing. The terms of financial assistance would be negotiated in exchange for a commitment to maintain at least 51% of the development’s units affordable to low- or moderate-income households as defined by HUD’s CDBG regulations. This funding may also be used to implement the City's Affordable Housing Preservation Program. The Affordable Housing Preservation Program is a tool that the City may use to preserve some of the existing affordable units from converting to market-rate. The units are restricted by Affordable Housing Agreement covenants recorded on the property title of each unit. The covenants for many of the units will begin to expire in 12 years, thereby potentially reducing the availability of City-controlled affordable housing units in Camarillo. The program allows the City to exercise its first right of refusal and purchase an affordable unit as it becomes available, update the Affordable Housing Agreement covenants, and resell the unit to an eligible buyer. The updated covenants will extend the term to 55 years, resetting with each future transfer so that the unit will likely remain affordable in perpetuity. The updated covenants will also include the resale price calculation to be consistent with the State housing law and City's housing policies.</td>

Most seniors assisted by CAREGIVERS live alone, without friends or family nearby, and without the means to hire help. This program will allow CAREGIVERS to serve the high-risk senior home-bound population by delivering essential items to their homes, and reduce the need for seniors to leave their home during the pandemic.</td>

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The City is committed to funding programs with CDBG funds that have a strong emphasis on addressing housing needs citywide and the ongoing “continuum of care” for the homeless. The programs, particularly its housing programs, provide opportunities to help improve the quality of life of the low-income residents citywide with no geographic emphasis. Additionally, potential lead-based paint hazards are being addressed through the residential rehabilitation process citywide.

Table 18 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Camarillo has a diversity of neighborhoods within the community; however, use of CDBG funds is not concentrated within any particular area of the City. This is because there are not any significant concentrations of low-income families and/or racial/minority concentration in which assistance will be directed during the five-year Regional Consolidated Plan period (FY 2020-2024).

Discussion

See discussions above.
AP-85 Other Actions - 91.420, 91.220(k)

Introduction

Priority Needs established in the FY 2020-2024 Regional Consolidated Plan, which form the basis for establishing objectives and outcomes in the Camarillo FY 2020-2021 One-Year Action Plan, are as follows:

High Priority

- New Rental Housing
- Housing Support and Stability
- Homeownership Opportunities
- Rehabilitation and Preservation of Existing Housing Units
- Assistance for Senior Residents
- Social Services
- Homelessness

Actions planned to address obstacles to meeting underserved needs

The primary obstacles to meeting the underserved needs of low- and moderate-income people include lack of funding from federal, state and other local sources. However, to address underserved needs, the City is allocating 100 percent of its non-administrative CDBG funds to projects and activities that benefit low- and moderate-income people or people presumed under HUD regulations to be low- and moderate-income.

Actions planned to foster and maintain affordable housing

Recently, the County of Ventura and Cities of Camarillo, Simi Valley and Thousand Oaks worked together to create the Ventura County HOME Consortium, which takes effect in Program Year 2020-21. By creating a local Consortium, these communities were able to drastically increase the amount of HOME Investment Partnerships Program funding dedicated to affordable housing in our community. Through this partnership, the County and participating cities hope to spur new affordable housing development within the HOME Consortium area.

The largest provider of affordable housing in Camarillo is the Area Housing Authority of the County of Ventura (AHACV). As of 2019, 848 Camarillo households are currently being assisted with rental housing through units owned by the AHACV and the Housing Choice Voucher program. The City's Department of Community Development is also a major player in terms of fostering and maintaining affordable housing through its support of housing rehabilitation programs, planning and research activities, technical assistance for housing providers, and the administration of CDBG funds, many of which go to housing-
related projects.

However, most of the new affordable housing development in Camarillo has come from for-profit developers. Camarillo works with developers to encourage affordable housing to be incorporated into market rate developments. In addition, the City offers increases in density, a so-called “density bonus” to developers who include affordable housing. The City has also partnered with for-profit developers in building affordable housing.

**Actions planned to reduce lead-based paint hazards**

Camarillo has provided a CDBG-funded residential rehabilitation program since 1987. For FY 2020-2021, the City has allocated funding to the City’s Owner-Occupied Housing Rehabilitation Program for the rehabilitation of one home, and additional funding has been provided to Habitat for Humanity’s Home Repair program for the rehabilitation of three homes.

Prior to rehabilitating the dwelling, the City investigates the structure for lead-based paint hazards. The reason this is important is because lead-based paint was banned by the United States government from residential use in 1978. In spite of this, lead poisoning remains a serious problem especially in areas which have a concentration of older homes. The City of Camarillo has over 25,000 residential properties. Of these residences, about 52 percent of the residences within Camarillo were constructed prior to 1978; approximately 139 residences were constructed prior to 1940. According to HUD’s 1991 report to the U.S. Congress, an estimated 80% of housing built between 1940 and 1959 and 90 percent of housing built prior to 1940 contains lead-based paint.

Housing units built prior to 1978 before stringent limits on the amount of lead in paint were imposed may have interior or exterior building components coated with lead-based paint. Housing units built before 1970 are the most likely to need rehabilitation and to have lead-based paint in deteriorated condition. Lead-based paint becomes hazardous to children under age six and to pregnant women when it peels off walls or is pulverized by windows.

The City will continue to educate residents on the hazards of lead-based paint and utilize lead-safe practices in the provision of the residential rehabilitation program.

**Actions planned to reduce the number of poverty-level families**

Camarillo’s “anti-poverty” strategy is to support the City’s continuum of care that ensures that residents are housed and fed and have the ability to obtain gainful employment. This is achieved by support from local churches that makes sure that local families are fed as well as the City’s continuum of care that provides food and support services to bring families and individuals out of poverty. These actions will continue during FY 2020-2021 and will result in reduced numbers of families in crisis.

**Actions planned to develop institutional structure**
The City of Camarillo Community Development Department encourages cooperation among the various City departments that implement governmental programs as well as agencies, both public and non-profit, in delivering housing and public service activities. Camarillo has a strong network of support agencies to carry out the continuum of care, provide needed public services to assist the low-income population including seniors and families, and to carry out the affordable housing strategies. The support from the local residents exemplifies the City’s motto “las personas son la ciudad” or “the people are the city.” Such organizations as the Homeless and Housing Coalition that performs the annual homeless census as well as networks with all the citizens, governmental agencies, religious organizations, and non-profits is but one example of how the community pulls together to tackle important issues. The structure of support for social assistance, and the dedication of people working for the benefit of persons in need, is a tremendous strength of Camarillo. There is a need for existing agencies working on social and housing issues to attain a greater capacity as federal, state and local resources become more limited and for the local volunteer community to attain a greater role to accomplish miracles on their own. An example is the local churches taking on the role of feeding the homeless and those on the edge of poverty.

These efforts have worked for over 20 years and have resulted in positive relationships with neighboring governments and efforts with local non-profits, networking, and cooperative solutions to local and regional issues. The City does not anticipate changes in the present institutional structure.

**Actions planned to enhance coordination between public and private housing and social service agencies**

During FY 2020-2021, Camarillo will continue to participate in housing and community development forums, discussions and one-on-one contact with citizens, public groups and surrounding communities. Part of this is making sure that Camarillo continues to do what we have done well and part is examining ways that Camarillo can proactively guide the resolution of shared community action activities. This includes hosting forums at the public library community room, participating in community consortia to resolve community issues, and making sure that City staff is available for compassionate one-on-one discussions with local citizens.

Also, the City of Camarillo has joined the Ventura County HOME Consortium in an effort to bring additional affordable housing resources on an annual basis to the City, increase collaboration and planning for affordable housing in the county, and allow the projects located within the City of Camarillo to complete for HOME funding at the local level. This collaboration takes effect in FY 2020-21.

Summary from citizen participation section of plan.

As part of the Action Plan development, the County conducted a public hearing on November 14, 2019, at 9:00 a.m. to solicit input on the County’s proposed uses of CDBG and HOME funds and announce the opening of the funding cycle. On March 26, 2020 at 9:00 a.m., a second public hearing was held to receive feedback on specific projects recommended for CDBG and HOME funding. The final public hearing for adoption of the Annual Action Plan was held at a publicly noticed hearing before the Board of Supervisors on May 5, 2020 at 11:00 a.m.

The Draft Action Plan was made available for public review and comment from April 2 through May 2, 2020 on the County website. The documents are usually made available at various public locations throughout the County, including the County Executive Office; however due to the Public Health Emergency declared at the County and state levels and requirements for social distancing, public access to county and other facilities was prohibited. Notification of each hearing and the availability of the Draft Action Plan was published in the Ventura County Star and posted on the County’s website. A Spanish language notice was also posted on the County’s website and published in the print edition of the Vida Newspaper, a local Spanish language publication.

Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

During the first public hearing (November 14, 2019), eight speakers from the California Rural Legal Assistance Inc., Mixteco Indigena Community Organizing Project (MICOP), One Step A La Vez, People’s Self-Help Housing Corporation, the Salvation Army, the Samaritan Center, and Ventura County Behavioral Health Department introduced their organizations and provided testimony about a variety of local needs, including: affordable housing, including but not limited to permanent supportive housing; assistance to persons seeking record expungements to assist those with criminal backgrounds to obtain employment and housing; homeless outreach services; housing navigation services; board and cares; detox/sobering centers; HMIS education; rapid rehousing and homelessness prevention services; and services targeted towards persons with Limited English Proficiency and for farmworkers. One statement sheet from Interface Children and Family Services was also received which indicated a need for stable, short-term housing placement for the re-entry population while they receive services and seek employment and other assistance.

During the second public hearing (March 26, 2020), one speaker expressed their appreciation for the proposed recommendations and thanked the County for its support.

Summarize citizen participation process and how it impacted goal-setting

The County of Ventura Citizen Participation Plan is designed to encourage participation in the development of the Consolidated Plan and/or Annual Action Plan by low- and moderate-income persons, particularly residents of slum and blighted areas or predominately low- and moderate-income neighborhoods, where HUD program funding is proposed to be used.

The County and the participating Cities from the Ventura Urban County Entitlement Area and HOME Consortium hold joint public hearings where public comment is solicited and considered for activity implementation toward identified priorities and goals. Subsequent public hearings and draft funding recommendations are made available to the public for additional feedback and comments from interested citizens. The draft recommendations are circulated to each jurisdiction and posted for public review prior to finalization.

**Citizen Participation Outreach**
City of Camarillo

 Citizen Participation Comments
First of all I hope everyone is safe and healthy. Next, I would like to thank the City of Camarillo for your support in providing homeless families and individuals the opportunity to have a safe place to live. RAIN Transitional Living Center is the only transitional housing that is countywide and allows families with children under the age of 18, regardless of gender, to stay together. RAIN offers 25 rooms with the average capacity for 75 individuals at any one time. Our program allows 25 homeless households to not be sleeping in their cars, at the park, in abandoned buildings or sleeping in separate shelters. The annual cost of homelessness is estimated between $30,000 to $50,000 per person depending on the severity of barriers and the use of facilities. The cost per person for residents at RAIN is estimated at $15,000. On average, households are able to complete the program and achieve improved self-sufficiency, including a safe and secure living environment, within 8 months. We serve 131 residents per year of which 9% is from Camarillo.

Available services that help residents achieve self-sufficiency thanks to the different funding sources include:

- Transportation to and from work and school
- 3 meals a day with 2 snacks for every resident
- Toiletries and other necessities to make each room habitable
- Therapy services, Self-Sufficiency and Positive Parenting Classes
- Child care and tutoring
- Evening enrichment activities for children
- Assistance with job preparedness, job search and financial assistance for interview attire

Case management services are offered during their stay and after client leave providing them with additional support to ensure long term housing stability. Without the funding received from CDBG-Camarillo the services offered would be a struggle to provide. Specifically, we are asking for your help in providing the transportation Camarillo residents need as they move out of homelessness. On behalf of RAIN Transitional Living Center, thank you for your funds. I look forward to continuing to work together to provide these services to those

Thank you so much for allowing me the opportunity to submit my comment by email. See below-

The Older Adult Services and Intervention Systems, or OASIS, is a program of Catholic Charities of Los Angeles, Inc., providing in-home, case management services to seniors (aged 60+) who live independently throughout Ventura County. We currently provide a variety of vital resources to 110 seniors in the city of Camarillo and help nearly 400 seniors in total throughout the county. The demand for home-based aid is rapidly growing, and since last fiscal year, we have increased the number of clients served in Camarillo by 32%. Requests for our services has been exponential since the outbreak of COVID-19. We have transitioned our services to fit with ‘social distancing’ best practices working to decrease the necessity of our clients to leave their homes by delivering many essential goods. The current surge in requests for deliveries and support is, unfortunately, more than our model can sustain, though we are working to help as many people as possible. We hope to secure funding and increase awareness of both our volunteer opportunities and services to try and meet the increased need in these difficult times. We remain forever grateful to the city of Camarillo, its Supervisors and city officials, and the residents for your continued support of our organization, without which we could not continue our services to this vulnerable population.

Dear City Clerk,

Please include the comments below (and attached) to be included regarding the allocations for CDBG funding on tonight’s meeting’s agenda.

Thanks and be well.

City of Camarillo – 25 March 2020
Livingston Memorial Visiting Nurse Association & Hospice CDBG Grant Application

Good Evening, Honorable Council Members, from Livingston Memorial Visiting Nurse Association & Hospice. We hope this message finds you well, as our nation struggles to address the effects of the COVID-19 virus on our health systems, our jobs and our economy. We are deeply thankful for the continued support we have received from the Camarillo CDBG program for over ten years.

Livingston has been providing vital home health care to under or uninsured residents of Camarillo for over 70 years. We are the County’s only nonprofit provider of comprehensive home health, medical hospice and family support. In 2019, we provided care to 665 Camarillo residents, 26 of whom received services free of charge through our subsidized care program.

In the field of home health and hospice care, Livingston’s quality of care is unsurpassed. We have scored above the state and national average in such metrics as helping patients manage Activities of Daily Living (ADL), managing pain and treating symptoms, and preventing re-hospitalizations. Our team of nurses, doctors, therapists and social workers work with patients to establish their health goals and build a plan for treatment. We currently provide home health and hospice care to nearly 70% of all to Medi-Cal recipients in Ventura County.

Here at Livingston, we are already seeing the impacts of the COVID-19 pandemic on our organization. COVID-19 positive patients are in need of care, staff are needing to self-quarantine due to community transmission exposure, and more supplies for infection control are needed. And as the NIH and CDC have warned, things could get much worse before they get any better. Livingston staff are properly trained for infection control and maintain the highest standards in preventing the spread of viruses. Also, the therapists at our Camarillo Grief & Bereavement Center have remained available to field the many calls we receive from concerned patients and community members, and are using Skype, Zoom and other video conferencing tools to continue group as well as one on one patient counseling.

As we face another crisis together, one in which our nurses, home health aides and therapists are being relied upon above and beyond their regular call of duty, we urge you to consider continued CDBG funding to help sustain these vital services as the outbreak deepens. As more and more restrictive measures are announced...
and people are encouraged to shelter at home, more and more people will lose their jobs and their health insurance, and demand for our services and the need for subsidized care will grow. Please help us prepare to meet this challenge and prevent the spread of this disease in Ventura County and beyond.

Thank you,

Livingston Memorial Visiting Nurse Association & Hospice

Councilmembers Craven, Kildee, Mulchay, and Vice Mayor Santangelo indicated they would have to recuse themselves due to a conflict of interest as they are each either a landlord or a tenant.

Livingston Memorial Visiting Nurse Association & Hospice
City of Camarillo CDBG – 2020  5/13/2020

Livingston Memorial Visiting Nurse Association & Hospice is the only non-profit home health and hospice provider in Ventura County and we thank you for your previous years of support for our Subsidized Care program. This program covers the cost of care for low-income patients who reside in Camarillo and are certified by their doctors as eligible for home care or hospice but lack adequate insurance coverage. To date we have provided 97 home visits from skilled nurses, home health aides, physical and occupational therapists and medical social workers to 23 low-income patients in the City of Camarillo. Also, the City was generous enough to allow us to spend $1,306 of our $10,000 allocation for PPE for clinicians and patients to prevent the spread of COVID-19. Funding is also utilized to provide free grief & bereavement counseling services to patients and families.

We’ve had to adapt to a new way to continue to provide care and counseling. As restrictions on who could enter skilled nursing facilities tightened, our therapists, counselors and chaplains have found new ways to connect with our patients. Our nurses are still making home visits and our hospice census is high, but the cancellation of elective surgeries such as joint replacements has had an impact on our physical and occupational therapists. They are working through web conferencing and phone calls, in order to maintain their hours. Our chaplains and grief & bereavement counselors are doing the same. Livingston has treated 8 COVID-19 patients, 5 in home health, 3 in hospice. 5 have been discharged and 3 are still on care.

The number of patients needing subsidized care is expected to rise significantly due to the effects of COVID-19 pandemic. The unemployment rate for Ventura County was 4.6% in March but numbers but could go as high as 20% in April. Many people will be losing employer sponsored health insurance in the upcoming fiscal year, with COBRA benefits running out or being unaffordable. This will result higher enrollment in Medi-Cal and a higher number of patients in need of this program. As I am sure you are aware recovery from this pandemic will be slow and the effects on our economy will be with us for a long time. We expect to see a greatly increased demand for our services as we adjust to the “new normal”. We urge you to consider full funding for our request and so we can meet this unprecedented challenge together.
Hello and thank you for letting me submit a little program update for tonight’s meeting.

The OASIS program is extremely grateful to the City of Camarillo for the continued support of our program. During this pandemic, our program has seen an increased need for the very basics of needs. We are delivering essentials to our homebound on a weekly basis; this includes food and other items, like the coveted toilet paper! We have had requests to provide some sort of diversion from the ever present news. We have been able to provide large print puzzle books and coloring books. We also have been making a lot of referrals to behavioral health and helping our seniors access the different platforms on the internet to access telehealth during this time. We have transitioned our services to fit with ‘social distancing’ best practices working to decrease the necessity of our clients to leave their homes by delivering many essential goods. The current surge in requests for deliveries and support is, unfortunately, more than our model can sustain, though we are working to help as many people as possible. We hope to secure funding and increase awareness of both our volunteer opportunities and services to try and meet the increased need in these difficult times. We remain forever grateful to the city of Camarillo, its Supervisors and city officials, and the residents for your continued support of our organization, without which we could not continue our services to this vulnerable population.

God Bless
Lisa Nagy
Program Manager
I would like to thank the City of Camarillo for your support in providing homeless families and individuals the opportunity to have a safe place to live. During this challenging time we have been able to house entire families during the pandemic. RAIN Transitional Living Center is the only transitional housing that is countywide and allows families with children under the age of 18, regardless of gender, to stay together. RAIN offers 25 rooms with the average capacity for 75 individuals at any one time.

The annual cost of homelessness is estimated between $30,000 to $50,000 per person depending on the severity of barriers and the use of facilities. The cost per person for residents at RAIN is estimated at $15,000. On average, households are able to complete the program and achieve improved self-sufficiency, including a safe and secure living environment, within 8 months. We serve 131 residents per year of which 9% is from Camarillo.

Available services that help residents achieve self-sufficiency thanks to the different funding sources include:
- Transportation to and from work and school
- 3 meals a day with 2 snacks for every resident
- Toiletries and other necessities to make each room habitable
- Therapy services, Self-Sufficiency and Positive Parenting Classes
- Child care and tutoring
- Evening enrichment activities for children
- Assistance with job preparedness, job search and financial assistance for interview attire

Case management services are offered during their stay and after client leave providing them with additional support to ensure long term housing stability. Without the funding received from CDBG-Camarillo the services offered would be a struggle to provide. Specifically, we are asking for your help in providing the transportation Camarillo residents need as they move out of homelessness.

On behalf of RAIN Transitional Living Center, thank you for your funds. I look forward to continuing to work together to provide these services to those

The City Council of the City of Camarillo resolves as follows:

SECTION 1: Findings. The City Council finds as follows:

A. The Ventura County FY 2020-2024 Regional Consolidated Plan (Consolidated Plan) is a regional document that identifies the housing and community development needs in the region, sets forth the goals and priorities for addressing those needs, and serves as the City's official application to HUD for CDBG funding.

B. Annual Action Plans specify how the City intends to spend its annual CDBG allocations during the Consolidated Plan period. The FY 2020/21 Action Plan provides a spending plan of CDBG funds for the first year.

C. The Ventura County Analysis of Impediments to Fair Housing Choice (Analysis of Impediments) addresses the extent of fair housing issues among specific groups and evaluates the availability of a range of housing choices for all residents.

D. The Citizen Participation Plan sets forth the City's policies and procedures for engaging public participation in the decision-making process related to HUD funded activities.

E. In order to be eligible to receive an annual CDBG allocation, the City Council must approve and submit to HUD the FY 2020/21 Action Plan, Consolidated Plan, Analysis of Impediments, and Citizen Participation Plan update.

F. Staff introduced the Consolidated Plan and Analysis of Impediments at the February 12, 2020 City Council public hearing. Both documents were available for public review for an extended period from January 21 to April 24, 2020.

G. The public review period for the FY 2020/21 Action Plan and Citizen Participation update was from April 13 to May 13, 2020. The City Council had previously reviewed and approved the CDBG funding allocations to be included in the FY 2020/21 Action Plan at the March 25, 2020 public hearing.

K. The FY 2020/21 Action Plan contains various programs to address the needs to lower- and moderate-income persons and households.

L. The City's FY 2020/21 CDBG funding has been incorporated into the FY 2020/21 budget. The CDBG program is a fully funded federal program and does not impact the General Fund.

M. The City Council has taken all public comments into account.

SECTION 2: Approval and Authorization.

A. The City Council authorizes the Department of Community Development to submit the FY 2020/21 Action Plan, Consolidated Plan, Analysis of Impediments, and Citizen Participation Plan update to HUD for review.

2020 Low-Income Residents' Needs Assessment

ADMINISTRATIVE HEARING

November 12, 2019

SUMMARY NOTES

CALL TO ORDER:

Community Development Operations Manager/Hearing Officer Marjan Behzadi called the meeting to order at 6:00 p.m. in the Board Room of the Civic Arts Plaza at 2100 Thousand Oaks Boulevard, Thousand Oaks, California. Twenty-four persons were present in addition to the staff. After a brief welcome, Ms. Behzadi recognized Community Development Analyst Lynn Oshita for staff comments.

STAFF COMMENTS:

The City of Thousand Oaks annually receives an entitlement grant from the Federal government known as the Community Development Block Grant or CDBG. These funds are provided by the U.S. Department of Housing and Urban Development or HUD. CDBG funding must be used to primarily benefit lower-income persons or households.

- The July 1, 2020 CDBG grant is estimated to be approximately $593,000. Sixty-Five percent of this amount, $385,450 would be available for community development projects. In addition, the City has $31,850 available from prior years that could be allocated to 2020 activities. Therefore, for planning purposes, currently the City expects to have an approximate budget of $417,300 in CDBG funds available for residential rehabilitation and other community improvements.

- The City expects an approximate budget of $88,000 for public services that primarily benefit lower-income households.

- Now through Monday, December 16, 2019, the City is soliciting CDBG funding applications from non-profit agencies seeking an award of CDBG funds to address an unmet need of the lower-income households. The application can be found on the City's website www.toaks.org on the Community Development page.
• Staff will evaluate the CDBG 2020 proposals and prepare a proposed spending plan that is expected to be available for 30 days of public review, as soon as the US Department of Housing and Urban Development advises the City of the actual dollar amount of the City's CDBG entitlement grant. The City's CDBG funding year begins in July 2020 and ends in June 2021.

In compliance with the City's "Citizen Participation Plan," under City Council Resolution 2015-023, this administrative hearing is being held to receive public comment on the needs of the City's lower-income persons. These needs may potentially be addressed by the City using CDBG funds or another funding resource.

Hearing Officer Behzadi opened the Public Hearing.

PUBLIC COMMENTS:

Community Development Operations Manager Marjan Behzadi invited those present to provide comments on the needs of low-income Thousand Oaks residents. 1 through June 30, and serves as the County's annual funding application to HUD. The Plans address efforts to overcome obstacles to meeting the needs of the underserved populations. Plan development includes public hearings to announce the Request For Proposal of activities to be funded which provide maximum benefit to low-moderate income persons, and subsequent review of the analyses and funding recommendations. Each Annual Action Plan is adopted by the Board of Supervisors after the final public hearing, usually in May.

FY 2018-19
The County of Ventura plans to conduct a public hearing on the draft 2020-2024 Regional Consolidated Plan (Regional CP), draft 2020 Analysis of Impediments (AI), and draft FY 2020-21 Annual Action Plan (AP). The purpose of this public hearing is to receive comments and seek Board of Supervisor's approval before transmitting the Regional CP, AI and AP to the Department of Housing and Urban Development (HUD).

The draft Regional CP identifies housing and community development needs in the region and sets forth a strategic plan for addressing the identified needs. It also satisfies the minimum statutory requirements of the Community Development Block Grant (CDBG), HOME Investment Partnerships Program, and Emergency Solutions Grant (ESG) programs. The Regional CP covers the planning period of July 1, 2020 through June 30, 2025. The County of Ventura is the lead agency in the development of this Regional CP, which includes the Ventura Urban County Entitlement Area (comprised of the unincorporated areas and the cities of Fillmore, Moorpark, Ojai, Port Hueneme, and Santa Paula), along with five entitlement jurisdictions: the cities of Camarillo, Oxnard, Simi Valley, Thousand Oaks, and San Buenaventura (Ventura).

The draft AI presents a demographic profile of the County of Ventura, assesses the extent of fair housing issues among specific groups, and evaluates the availability of a range of housing choices for all residents. This report also analyzes the conditions in the private market and public sector that may limit the range of housing choices or impede a person's access to housing. The AI covers the entirety of Ventura County.

The draft 2020-21 Action Plan identifies specific projects to meet goals in the first year of the five-year period covered by the 2020-24 Ventura County Regional Consolidated Plan. Subject to federal appropriations, the Entitlement Area anticipates allocating approximately $3,127,377 in FY20-21 funding and prior year’s resources from two HUD grant programs – the Community Development Block Grant Program (CDBG) and the Home Investment Partnership Program (HOME). Funding is proposed to be used for affordable housing/quality of housing ($1,350,990), public services including programs for vulnerable populations ($235,890), community and economic development projects ($1,097,291), and administration and other programmatic considerations ($425,476).

The documents are available at the following City Halls: Fillmore, Moorpark, Ojai, Port Hueneme, and Santa Paula. They are also available at the Ventura County Executive Office and on the County Executive Office’s website located at https://www.ventura.org/county-executive-office/community-development/hud-plans-reports/5yr-regional-consolidated-plan/ and https://www.ventura.org/county-executive-office/community-development/hud-plans-reports/.

El Condado de Ventura tiene previsto celebrar una audiencia pública sobre el borrador de Plan Regional Consolidado para 2020-2024 (el PC Regional), el borrador de Análisis de Impedimentos para 2020 (AI), y el borrador de Plan de Acción Anual para el AF 2020-21 (PA). El propósito de esta audiencia pública es recibir comentarios y solicitar la aprobación por parte de la Junta de Supervisores antes de transmitir el PC Regional, el AI y el PA al Departamento de Vivienda y Desarrollo Urbano de los EE.UU. (HUD).

El borrador de PC Regional identifica las necesidades de vivienda y desarrollo comunitario de la región y describe un plan estratégico para abordar las necesidades identificadas. También cumple los requisitos legales mínimos de las Subvenciones en Bloque para el Desarrollo Comunitario (CDBG, por sus siglas en inglés), el Programa HOME de Asociaciones de Inversión y los Programas de Subvenciones para Soluciones Urgentes (ESG). El PC Regional cubre el periodo de planificación entre el 1 de junio de 2020 y el 30 de junio de 2025. El Condado de Ventura es la agencia principal en el desarrollo de este PC Regional, que incluye el Área de Servicios del Condado Urbano de Ventura (compuesta por las áreas no incorporadas y las ciudades de Fillmore, Moorpark, Ojai, Port Hueneme y Santa Paula), junto con cinco jurisdicciones de cobertura: las ciudades de Camarillo, Oxnard, Simi Valley, Thousand Oaks y San Buenaventura (Ventura).

El borrador de AI presenta un perfil demográfico del Condado de Ventura, evalúa el alcance de los problemas de vivienda justa entre grupos específicos, y evalúa la disponibilidad de una variedad de elecciones de vivienda para todos los residentes. Este informe también analiza las condiciones en el mercado privado y en el sector público que pueden limitar el rango de elección de vivienda o impedir a una persona el acceso a la vivienda. El AI cubre la totalidad del Condado de Ventura.

El borrador de Plan de Acción para 2020-21 identifica proyectos específicos para cumplir metas durante el primer año del periodo de cinco años cubierto por el Plan Regional Consolidado del Condado de Ventura para 2020-24. Sujeto a asignaciones federales, el Área de Servicios prevé asignar aproximadamente $3,127,377 en fondos del AF 20-21 y recursos del año anterior de dos programas de ayudas del HUD, el Programa de Subvenciones en Bloque para el Desarrollo Comunitario (CDBG, por sus siglas en inglés) y el Programa de Asociaciones de Inversión en Vivienda (HOME). Se propone que se utilicen los fondos para vivienda asequible/calidad de vivienda ($1,350,990), servicios públicos incluyendo programas para poblaciones vulnerables ($235,890), proyectos de desarrollo económico y comunitario ($1,097,291), y administración y otras consideraciones programáticas ($425,476).

Board of Supervisors Hearing Room
Government Center, Hall of Administration
900 S Victoria Ave, Ventura, CA 93009

The County of Ventura plans to conduct a public hearing on the draft 2020-2024 Regional Consolidated Plan (Regional CP), draft 2020 Analysis of Impediments (AI), and draft FY 2020-21 Annual Action Plan (AP). The purpose of this public hearing is to receive comments and seek Board of Supervisor’s approval before transmitting the Regional CP, AI and AP to the Department of Housing and Urban Development (HUD).

The draft Regional CP identifies housing and community development needs in the region and sets forth a strategic plan for addressing the identified needs. It also satisfies the minimum statutory requirements of the Community Development Block Grant (CDBG), HOME Investment Partnerships Program and Emergency Solutions Grant (ESG) programs. The Regional CP covers the planning period of July 1, 2020 through June 30, 2025. The County of Ventura is the lead agency in the development of this Regional CP, which includes the Ventura County Entitlement Area comprised of the unincorporated areas and the cities of Fillmore, Moorpark, Ojai, Port Hueneme, and Santa Paula, along with five entitlement jurisdictions: the cities of Camarillo, Oxnard, Simi Valley, Thousand Oaks, and Van Nuys (Ventura).

The draft presents a demographic profile of the County of Ventura, assesses the extent of fair housing issues among specific groups, and evaluates the availability of a range of housing choices for all residents. This report also analyzes the conditions in the private, rental, and public sectors that may limit the range of housing choices or impact a person’s ability to choose. The AI covers the entirety of Ventura County.

The draft 2020-21 Action Plan identifies specific projects as most critical in the first year of the five-year period covered by the 2020-24 Ventura County Regional Consolidated Plan. Subject to federal appropriations, the Entitlement Area anticipates leveraging approximately $3,127,117 in FY20-21 funding and prior-year’s resources from HUD grant programs, the Community Development
Block Grant Program (CDBG) and the Home Investment Partnership Program (HOME). Funding is proposed to be used for affordable housing/quality of housing ($1,550,790), public services including programs for vulnerable populations ($2,915,600), Community Developmental Developmental Projects ($1,097,901), and administration and other programmatic considerations ($125,475). The documents are available at the following City Halls: Fillmore, Moorpark, Ojai, Port Hueneme, and Santa Paula. Desarrollan nueva prueba para el cáncer de próstata

Los científicos del Centro Onco-

Lógico Kimmel de Johns Hopkins
desarrollaron una forma para
determinar el cáncer de próstata
de manera no invasiva a través de la
orina, según un estudio publicado
en la revista “Nature Scientific
Reports”.

Esta investigación analizó la
orina de 126 personas, entre las
que había pacientes con cáncer
de próstata, hiperplasia benigna de
próstata, enfermedades asociadas
de la próstata e individuos sa-
tos a través de la secuenciación
del ARN y la espectrometría de
masas.

“Un simple y no invasivo analí-
sis de orina para el cáncer de pró-
stata sería un importante paso hacia
adelante en el diagnóstico”, indicó
el profesor adjunto del Centro e
investigador principal del estudio,
Ranjan Perera, en un comunicado.

cerar más común entre los hombres
estadounidenses por detrás del
Cáncer de piel.

forma para minimizar la necesidad de
lavarse y, antes que se retirara, le
cuestionó - ¿Por qué lo llevas?

Sign-ins and speaker cards will not be accepted after 9:15 a.m.

The public hearing will be held jointly with the cities of Fillmore, Moorpark, Ojai, Port Hueneme, Santa Paula, and Thousand Oaks, as well as the County unincorporated area, comprising the Entitlement Area and the cities of Camarillo, Simi Valley, Thousand Oaks, and Thousand Oaks, which is expected to significantly increase the amount available under the HOME program.

Funding allocations vary annually depending upon Congressional allocations in the Federal budget and are therefore difficult to estimate. The most recent funding cycle, the County received $1,601,902 in CDBG and $293,822 in HOME. Based on preliminary data released earlier this year, it is anticipated that Ventura County will not receive an allocation of ESG during the FY 2020-21 funding cycle.

The County of Ventura recently created a HOME Consortium with the cities of Fillmore, Moorpark, Ojai, Port Hueneme, and Thousand Oaks which is expected to significantly increase the amount available under the HOME program.

CDBG funds may be utilized for affordable housing, public facilities, economic development, and public services (limited to 15% of the grant amount). HOME funds may be used to increase the supply of affordable housing for low-income persons through rehabilitation, new construction, reconstruction of substantial rehabilitation of housing, and tenant-based rental assistance.

Ventura Urban County Entitlement Area Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The Ventura Urban County adopted a Regional Consolidated Plan in 2020 according to HUD requirements, which sets forth the County’s overall five-year strategy for the expenditure of funds received through the Community Development Block Grant (CDBG) program, the HOME Investment Partnerships Program (HOME), and the Emergency Solutions Grant (ESG) program. The 2020-24 Ventura County Regional Consolidated Plan covers all jurisdictions in the county, including the Ventura Urban County Entitlement Area (unincorporated County and the Cities of Fillmore, Moorpark, Ojai, Port Hueneme, and Santa Paula) and five entitlement jurisdictions (the cities of Camarillo, Oxnard, Simi Valley, Thousand Oaks, and San Buenaventura).

Each year, the County prepares an Action Plan for the Ventura Urban County Entitlement Area which provides an explanation of the County’s planned uses of funds and serves as the County’s annual funding application to HUD. This Action Plan is the County’s first annual action plan in the current Consolidated Plan period and includes the expanded geography of Camarillo, Simi Valley and Thousand Oaks (Consortium Member Communities) for the newly created HOME Consortium. Consortium Member Communities still submit individual Action Plans to HUD for their allocations of CDBG funding.

This Action Plan was prepared using the eCon Planning Suite system developed by HUD. The system prescribes the structure and contents of this document, following Federal regulations. Companion documents to this Action Plan are the 2020-24 Ventura County Regional Consolidated Plan and the 2020 Ventura County Analysis of Impediments (AI). The AI also contains detailed data and analyses regarding the demographic and housing market conditions in the County.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The Ventura Urban County and participating entitlement jurisdictions have a myriad of identified housing and community development needs. Recognizing that CDBG, HOME, and ESG funds alone are not adequate to address these needs, available funds will be used to coordinate priority programs, services, and projects benefitting low- and moderate-income households and those with special needs.
All activities funded with CDBG, HOME, or ESG funds (all funded under HUD’s Office of Community Planning and Development), will address one of three objectives to primarily benefit low- and moderate-income persons: A Suitable Living Environment, Decent Housing, or Economic Opportunity. To achieve these objectives, one of three outcomes of the activities will be used: Availability/Accessibility (making something available to LMI persons), Affordability (making something affordable to LMI persons), or Sustainability (improving LMI communities and neighborhoods). All established goals in this Action Plan will be undertaken to achieve one objective through one outcome. The Strategic Plan will contain each goal’s objective and outcome, anticipated regional funding, and unit of measurement (“goal outcome indicator” or “GOI”) that will be used to measure project accomplishments.

To address identified needs, Ventura Urban County and participating Entitlement Jurisdictions have established the following overarching goals over the next five years:

- Create and preserve stable, safe, and resilient affordable housing opportunities for homeowners and renters, including special needs groups such as farmworkers, persons with disabilities, and the elderly throughout Ventura County (Improve the Supply of Affordable Housing).
- End homelessness within Ventura County by providing housing, emergency shelter, and social services to homeless persons or those at risk of homelessness (Work to End Homelessness).
- Increase access to health and wellness services, youth activities, senior activities, and social service activities for residents (Increase Social Services).
- Enhance access to quality, resilient, and livable neighborhoods by improving publicly owned facilities and infrastructure such as parks, streets, sidewalks, and community buildings, including improving accessibility to meet Americans with Disabilities Act (ADA) standards (Create Quality Neighborhoods).
- Enhance economic stability and prosperity by increasing economic opportunities for residents through job skills training and promotion of local entrepreneurship (Enhance Economic Stability).
- Create and maintain effective housing and community development programs that address the priority needs listed within the Consolidated Plan, comply with all U.S. Housing and Urban Development (HUD) requirements, and achieve the goals and objectives set out by each Ventura County jurisdiction (Effective Administration).

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The 2015-19 Regional Consolidated Plan, as amended, includes the Ventura Urban County Entitlement Area (EA) (unincorporated County and the cities of Fillmore, Moorpark, Ojai, Port Hueneme, and Santa Paula) and four entitlement jurisdictions (the cities of Camarillo, Simi Valley, Thousand Oaks, and San Buenaventura).
Each year, the Ventura Urban County EA and each entitlement jurisdiction separately prepare and submit a Consolidated Annual Performance and Evaluation Report (CAPER) to HUD, which reports upon the progress each jurisdiction made towards the goals set forth in the 2015-19 Regional Consolidated Plan. A more complete understanding of the 2015-19 Regional Consolidated Plan accomplishments achieved to-date may be obtained by combining the results reported by the County EA and each of the four entitlement jurisdictions.

As reported in the FY2018-19 CAPER, the Ventura Urban County Entitlement Area made the following progress towards meeting the nine Priority Needs identified in the Regional Consolidated Plan, all of which are designated as high priority:

- **Increase Availability of Housing**: The addition of an 113-unit affordable housing development and 4 for-sale homes for low-income homebuyers was proposed but not achieved during the reporting period due to the lengthy nature of affordable housing development. Both projects proposed to meet this goal are in pre-development. Program year accomplishments included the completion of one project funded with HOME funds in previous years (23 units of affordable housing for low-income households \( \leq 60\% \text{ AMI} \), of which 4 units were County HOME-assisted).
- **Provide Services to the Homeless**: Homeless services were provided using CDBG and ESG. The overall accomplishment rate was 88%, with the majority of the programs exceeding their goals. 100% of ESG staff completed Trauma Informed training and participate in the Continuum of Care’s Coordinated Entry System to refer households to housing and services. The housing stability rate for those placed in ESG Rapid Rehousing was 92%.
- **Improve Quality of Housing**: Quality of Housing activities included housing rehabilitation and code enforcement. 100% of the rehabilitation goal was met, and 151% of the code enforcement goal was met.
- **Economic Development**: 10 businesses (out of a goal of 18) were served, achieving 56% of the goal. These businesses consisted of 17 individuals, which, despite being short on the number of businesses served, met expectations.
- **Provide Non-Homeless Supportive Services**: Non-Homeless Supportive Services consisted of subsistence payments, senior services, and farm worker services. These activities achieved 94% of their goals.
- **Improve Public Facilities**: Public Facility projects undertaken included both those that received 2018-19 funding as well as continuing activities. 264% of the goal was achieved, mainly due to projects continued from prior years.
- **Fair Housing Opportunity**: Fair Housing was funded with CDBG funding. No goals or beneficiaries were set or reported.
- **Administration**: Administration was funded with the County’s CDBG, HOME, and ESG administrative allowances. No goals or beneficiaries were set or reported.
4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

As part of the Action Plan development, the County conducted a public hearing on November 14, 2019, at 9:00 a.m. to solicit input on the County’s proposed uses of CDBG and HOME funds and announce the opening of the funding cycle. On March 26, 2020 at 9:00 a.m., a second public hearing was held to receive feedback on specific projects recommended for CDBG and HOME funding. On May 5, 2020 at 11:00 a.m., the final public hearing for adoption of the Annual Action Plan was held before the Board of Supervisors.

The Draft Action Plan was made available for public review and comment from April 2 through May 2, 2020 on the County website. The documents are usually made available at various public locations throughout the County, including the County Executive Office; however due to the Public Health Emergency declared at the County and state levels and requirements for social distancing, public access to county and other facilities was prohibited. Notification of each hearing and the availability of the Draft Action Plan was published in the Ventura County Star and posted on the County’s website. A Spanish language notice was also posted on the County’s website and published in the print edition of the Vida Newspaper, a local Spanish language publication.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

During the first public hearing (November 14, 2019), eight speakers from the California Rural Legal Assistance Inc., Mixteco Indigena Community Organizing Project (MICOP), One Step A La Vez, People’s Self-Help Housing Corporation, the Salvation Army, the Samaritan Center, and Ventura County Behavioral Health Department introduced their organizations and provided testimony about a variety of local needs, including: affordable housing, including but not limited to permanent supportive housing; assistance to persons seeking record expungements to assist those with criminal backgrounds to obtain employment and housing; homeless outreach services; housing navigation services; board and cares; detox/sobering centers; HMIS education; rapid rehousing and homelessness prevention services; and services targeted towards persons with Limited English Proficiency and for farmworkers. One statement sheet from Interface Children and Family Services was also received which indicated a need for stable, short-term housing placement for the re-entry population while they receive services and seek employment and other assistance.
During the second public hearing (March 26, 2020), one speaker expressed their appreciation for the proposed recommendations and thanked the County for its support.

No comments were received during the third public hearing (May 5, 2020).

6. **Summary of comments or views not accepted and the reasons for not accepting them**

All public comments received were accepted.

7. **Summary**

The Ventura County EA has undertaken diligent and good faith efforts to outreach to all segments of the community that may benefit from or desire to have input on the use of CDBG, HOME, and ESG programs.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

Integral to the development of the 2020-21 Annual Action Plan was consultation and coordination with local agencies and organizations serving the target population; namely, those providing facilities and services to persons of low- and very-low income throughout our Entitlement and HOME Consortium Area. While formal public notices and notification about our annual funding cycle were published and distributed and formal public hearings were held, coordination and consultation occurs throughout the year.

With Ventura County Entitlement Area funding administered by the County Executive Office, the agency that provides oversight to all County operations, the program benefits form a broad base of information and coordinated communication within the County and with outside community partners serving the target populations.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

Promoting and facilitating regional coordination and cooperation between housing partners, health care agencies, mental health and other service agencies is a shared objective among almost all agencies and providers in Ventura County. The Countywide Continuum of Care (CoC) Board has broad representation with policy leaders from throughout the County including representatives from both health and mental health care as well as social service agencies. The CoC Alliance brings together all sectors serving homeless and at-risk residents to enhance information exchange, consistency in service delivery and promote collaboration among partners. An innovative partnership between the County’s Health Care Agency, the Behavioral Health Department, and Gold Coast Health Plan (the County’s Medi-Cal provider) resulted in the first de-identified client-level analysis of our highest service utilizing unsheltered residents. This analysis demonstrated the prevalence of shared clients and the necessity for further enhancing service coordination and delivery.
Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Ventura County Continuum of Care consists of a Board of Directors established consistent with 24 CFR 578.5(b), with broad representation from government, homeless service providers, emergency response, health care, housing providers, business community, faith community, and homeless/formerly homeless persons. The Continuum of Care Alliance, a collaborative group dedicated to promoting a safe, desirable and thriving community, works to garner community-wide commitment to preventing and ending homelessness in all parts of the region. The Alliance holds quarterly meetings and is open to all interested stakeholders and the public. The forum is used as a platform for promoting their mission and the Alliance has seen growing interest and participation over the past year as agencies, organizations, and interested parties see the benefits of improved coordination and communication. Entitlement communities use the venue to promote participation in their annual funding cycles.

The CoC Alliance is the oversight committee for the CoC subcommittees: Data & System Performance, Housing & Services, HMIS, and Public Information & Outreach. The entire system is following the CoC’s lead in pursuing projects that serve persons with the longest time homeless and that are determined most vulnerable among all subpopulations (chronically homeless individuals and families, families with children, veterans, and unaccompanied youth). All funded programs are focused on placing persons in permanent housing as quickly as possible.

The CoC coordinates with all systems of care that may discharge persons into homelessness including local hospitals, mental health facilities, foster care programs, and correctional facilities. Stakeholders from these groups are participating in the CoC meetings and discussion and partnering with providers to reduce the number of discharges into homelessness. Successful partnerships have resulted in a new Recuperative Care program being established in Ventura County for homeless persons needing a safe place to recuperate after hospitalization.

With the implementation of Pathways to Home, the local coordinated entry system, the CoC has created pathways to resources for populations who may not have connected to the service system. The CoC has engaged healthcare and behavioral health partners to serve as points of entry to the larger service system linking the most vulnerable populations to shelter and housing resources.
Describe consultation with the Continuum(s) of Care that serves the jurisdiction’s area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The Ventura Urban County Entitlement Area participates in the local Continuum of Care and consults with the CoC on funding recommendations for homeless services and housing. Requests for Proposals are developed reflecting adopted CoC priorities and staff evaluate and score applications. Staff analysis is presented to the CoC Data and Performance & Evaluation committee before moving to the CoC Board and then for final approval by the County Board of Supervisors. The CoC also receives recommendations from other entitlement areas including California State ESG funds.

The Ventura CoC has worked collaboratively with entitlement areas to develop and adopt local system performance measures and targets which are used in evaluating effectiveness of programs and making funding recommendations. All funded programs are required to use HMIS for data entry, follow locally adopted policies and procedures, participate in coordinated entry (Pathways to Home), and report program performance to the CoC. HMIS data quality standards are communicated to all providers and quarterly data reports are distributed to each provider for review. This data quality includes timeliness, completeness, and accuracy of the information collected by provider staff.

A regional MOU has been adopted to formalize commitments by some Ventura County jurisdictions to require funded programs within their respective communities to participate in the CoC by utilizing the HMIS and Pathways to Home.

In accordance with the U.S. Department of Housing and Urban Development (HUD) regulations, the City of Camarillo will release a draft Fiscal Year (FY) 2020/21 Action Plan for a 30 day public review period beginning on April 13, 2020 and ending on May 13, 2020.

The Draft FY 2020/21 Action Plan provides a comprehensive one-year spending strategy of the Community Development Block Grant (CDBG) funds in implementing the goals of the Ventura County FY 2020-2024 Regional Consolidated Plan (Regional CP). The Regional CP is a collaborative planning document between the participating jurisdictions in Ventura County that supports the City’s application to HUD for Community Development Block Grant (CDBG) funding. It identifies the housing and community development needs in the region and sets forth the goals and priorities for addressing those needs over a five-year planning period. To accept funding from HUD, the City is also required to submit the 2020 Regional Analysis of Impediments to Fair Housing Choice (AI) in conjunction with the Regional CP and the FY 2020/21 Action Plan. The AI presents a demographic profile of the County of Ventura, assesses the extent of fair housing issues among specific groups, and evaluates the availability of a range of housing choices for all residents. but being too nice in the process meant being too honest to the organizers, who were obviously taken aback and angered by her objections, as they should be.

He also insulted a whole segment of the population he serves, and ruined a great opportunity to honor his former partner.

This is what happens when we live in a world where no one can have open discourse and differing views.

We start to think it can only differ one way, and that is “my way.” (in this case, Jacqui Irwin’s way).

All voices, opinions deserve to be heard

What is happening to our beloved country? I read, with dismay, the article regarding the sheriff’s department pulling out of the fundraiser for Ron Helus’ family. Wasn’t Sgt. Helus one of our own?

I’ve read in any newspaper in the country. Wasn’t Sgt. Helus one of the population he serves, and couldn’t we have had objections, as they should be.

We constantly hear of our great academic institutions not allowing anyone to speak if their speech was different than the allowable perspective, that decided by the administration and students.

As a matter of fact, such a distinguished person as Condoleezza Rice had to pull out of a speaking engagement at an institution of higher learning because of threats! At one time we were allowed to have differing opinions and didn’t assume people who didn’t agree with us were evil. They just had a different perspective.

We must return to that more decent, tolerant time. If we don’t, I fear for my children, grandchildren and great-grandchild.

And, for heaven’s sake, let’s honor the sacrifice of Ron Helus and have the sheriff’s office back on board. We owe that, and so much more, to Ron and his family.

Blue Bowl article nicely done

Regarding the Acorn’s piece on the Blue Bowl fiasco, it is undoubtedly the best-written article I’ve read in any newspaper in some time.

It was balanced, fair, presenting all sides of the topic without a noticeable bias toward one side or the other.

Let’s work together to solve homelessness

When I came to Thousand Oaks in the summer of 1964 with my wife and four children (one more coming shortly) the population was 18,000 and the average age was 18. Most of us came because home prices were low (I paid $35,000 for a five-bedroom house, was barely able to show one-third of home price as annual income).

This was a young, optimistic, egalitarian place with households taking pride in a new fridge or washing machine. Also, the school district and park district were scurrying to build facilities fast enough. We had a one-for-all-and-all-for-one feeling.

I believe we can kindle that same feeling now, although our community is more diverse. Don’t we have more in common as patriotic Americans than differences of economic circumstances might suggest?

In World War II, which I remember well, we rolled up our sleeves and licked the Axis powers. Isn’t it irrational to believe we can’t work together to solve the homelessness impact on T.O.?

Mayo McCoy and Coun-cilmember Bill-de la Pena are working hard on a committee for that purpose. I support this effort that’s why they’re called landlords. Housing costs are high enough in Thousand Oaks.

The City Council should vote against gouging the middle class and even the well-to-do. It’s called fairness.

Need a tow? Service will offer free help for freeway breakdowns

By Hector Gonzalez
hector@theacorn.com

Roving tow trucks like those in Los Angeles County that help motorists safely remove their disabled vehicles from busy freeways are coming to Ventura County, officials said.

Last month, members of the county transportation commission approved reaching out to Caltrans and the California Highway Patrol to participate in the agencies' freeway service patrol program, which removes stranded vehicles from congested freeways at no charge to motorists.

Commissioners also approved a cost-sharing formula in which the county will pay 25% of the cost of the service.

"We're very excited," said Darren Kettle, the commission's executive director. "We still have a few items we have to take care of, including selecting a contractor. We're hoping to get it launched by September of 2020."

Commissioners selected three "beats" along two major freeways in the county where the service will operate later this year. The service areas were selected because they typically have the highest volume of traffic, Kettle said.

Once approved by Caltrans, free tow service will be available on the 101 Freeway from the county line to Wendy Drive in Newbury Park, on the 101 from Wendy Drive to Central Avenue in Oxnard, and on Highway 118 from the Los Angeles County line through Simi Valley to the Arroyo Simi bridge in Moorpark.

Two tow trucks will operate from 6 to 10 a.m. and from 3 to 7 p.m. five days a week, according to the commission's application. In addition to towing, the drivers can also offer to fix a flat tire (provided the motorist has a spare) or to put a little fuel into an empty tank.

Funding for the service is coming from a state highway fund account and from the 2017 passage of a state bill to fund road improvements, according to a staff report.

"We've wanted to have the freeway service patrol in the county for quite some time," Kettle said.

Until recently, however, there was no surplus available in the county's Service Authority for Freeway Emergencies, or SAFE, which receives $1 in vehicle registration fees from each vehicle registered in the county to use for freeway and highway safety improvements.

In the past, much of the SAFE funding had gone into providing emergency call boxes on local freeways, but technology is making call boxes obsolete.

"What happened is that over the last few years we've had a surplus (in SAFE funding) because of people using their cellphones for roadside emergencies," Kettle said. "That has resulted in a reduction in call box use. We've taken about 25% of the call boxes out."

When the tow service is up and running, drivers in the county will have the same safety net as motorists do in 14 other counties in the state. Sometimes the tow trucks will be roaming congested freeway segments looking for vehicle breakdowns, Kettle said, and offering to help fix a flat tire.

"The preferred approach," he said, is for a tow truck driver to park at a safe location on a freeway ramp or shoulder so the driver can respond in either direction quickly.

The service works in coordination with the Highway Patrol, Kettle said.

Stranded motorists can use freeway call boxes or their cellphones to call 911, where dispatch centers will relay the motorist's location to tow truck drivers, he said.

Some 350 tow trucks operated by drivers trained and certified by the CHP patrol more than 1,750 miles of freeways in California, providing assistance to more than 650,000 stranded motorists per year, the program's website said.

"In heavily congested freeway corridors, it is becoming more commonplace for (the program) to operate during the midday and on weekends (and) holidays in addition to the weekday peak period service," according to Caltrans' website.

ROADSIDE ASSISTANCE—Free tow truck service is expected to come to freeways in Ventura County in September. The county will participate in a program offered by Caltrans and CHP.

- **Draft 2020 Regional Analysis of Impediments to Fair Housing Choice (AI) for Thousand Oaks**
- **Draft 2020 Regional Analysis of Impediments to Fair Housing Choice (AI) for City of Thousand Oaks**

The purpose of this public hearing is to receive comments prior to seeking final approvals from City of Thousand Oaks, City Council, and County of Ventura Board of Supervisors for transmitting final versions of the Regional CP and AI to the U.S. Department of Housing and Urban Development (HUD).

The City of Thousand Oaks, as the local government, is required to develop a Regional CP that identifies important housing and community development needs in the region and sets forth a strategy for addressing the identified needs. This strategy includes identifying the minimum statutory requirements of the Community Development Block Grant (CDBG), HOME Investment Partnerships Program, and Emergency Solutions Grant (ESG) programs. The Regional CP covers the planning period of July 1, 2020, through June 30, 2025.

The report also analyzes the conditions in the private market and public sector that may limit the range of housing choices or impede a person's access to housing. The AI covers the entirety of Thousand Oaks, Camarillo, Fillmore, Moorpark, Ojai, Port Hueneme, Santa Paula, Simi Valley, Thousand Oaks, and Ventura (Ventura), at the Ventura County Executive Office and on the County Executive Office's website at: https://www.venturaounty.gov/county-executive-office/community-development/public-review. Written comments on the draft documents should be directed to Community Development, 100 S. Victoria Avenue, L.A.R., Ventura, CA 93009, or to Community.Development@venturaounty.gov.

This Public Hearing is scheduled to be held at the City Council meeting, Tuesday, February 11, 2020 at 6:00 p.m., in the Andrew P. Fox City Council Chambers, Scheuer Theater, City Hall, 2100 Thousand Oaks Boulevard, Thousand Oaks, California 91360. Any person is privileged to attend and be heard on these matters.

Closing trails is a bridge too far

By closing trails to local residents, the Conejo Open Space Conservation Agency is in violation of their own strategic plan guiding principles No. 3, 8 and 10. They’re also in violation of Title 1, Division 7, Chapter 12 of the California Government Code.

Although they’re following other mandates in taking this action, they must now lead, not dictate. Provide us with a transparent plan on how they will follow all of their mandates, not a preferred selection of them.

Will we be held hostage by the reopening schedule for Los Angeles trails? What if they stay closed for six months, one year or more? Have traffic and load-bearing studies been performed for our trails?

I strongly urge COSCA to allow locals to obtain permits to access the trails until the crisis is over. All others will be trespassing. Many of us pay a steep premium to live here, partly for our open spaces. Barring us from this precious public resource, with overnight directives and no scientific measurement, is not an acceptable plan moving forward.

Everyone wants to do the right thing, but leaders cannot be rash in determining what that is. Thousand Oaks we know took decades of battles and sacrifice by thousands of people to create the magic that makes us special. I beg our leaders to be cautious and wise before making decisions, about our trails and our city, which may harm us long after the COVID-19 threat has passed.

Development unavoidable, so get over it

Addressing Mr. Avnon’s thoughts (Letters, March 26) on Beverly Hills as a model for the city, I must point out that the Conejo Valley was developed by a family with an outstanding list of developments, such as Westwood Village, the Holmby Hills, Yorba Linda and thousands of other acres in Southern California.

An excerpt from “All about Janss/Thousand Oaks” circa 1967: “As one of the largest single land-holders of developable acreage in the valley, Janss felt a responsibility to develop the land and area to its maximum potential without destroying the special character they had come to understand and appreciate.”

Thousand Oaks lost its way long ago with overdevelopment and the death knell of the creation of the abominable arts plaza and has continued to grow. Growth will certainly continue; it’s all about the money.

So go be a good Conejo dweller and visit the corner Ferrari dealer and get over it!

Keep things in proportion

Ten years ago, there was a global pandemic of a new virus, the H1N1 swine flu, which frightened a lot of people and infected 60.8 million Americans from April 2009 to April 2010.

The population most at risk then were children and young adults, but the nation did not panic, did not go trillions into debt and certainly did not shut down. As of this writing, 65,000—not

Requests for CDBG Funding

From November 1, 2019 through December 16, 2019, the City solicited public comments and applications from community stakeholders for potential CDBG-funded activities that would address the unmet needs of at-risk Thousand Oaks residents. During this period the City held an administrative Needs Assessment public hearing on Tuesday, November 12, 2019. Eighteen diverse non-profit organizations attended the public hearing.

**Community Development Project Applications:** The City received 2 Community Development project proposals during the Need Assessment period. Due to a shortage of housing, extremely low vacancies and the high cost of living in the City, many families and individuals continue to experience housing insecurity, homelessness, and risk of becoming homeless. The preservation of existing multi-family and single-family affordable housing units is one of the highest priority needs for the City, now that redevelopment affordable housing funding has been eliminated, the City no longer has the resources to invest in apartment acquisition or construction.

**Public Service Applications:** Within the CDBG HUD program, a maximum of fifteen percent (15%) of the total annual funding may be used for public service activities. There is a need for the City to support the local delivery of essential public and social services to primarily the vulnerable population including persons who are homeless or at risk of homelessness, and very low-income persons and households. The number of persons seeking services increases yearly, particularly for seniors and disabled persons.

Citizen Participation Plan
City Council Resolution 2020-013
RESOLUTION NO. 2020-013

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF THOUSAND OAKS ADOPTING A REVISED CITIZEN PARTICIPATION PLAN FOR LOCAL IMPLEMENTATION OF THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (HUD) CONSOLIDATED PLAN PROCESS AND RESCINDING RESOLUTION NO. 2015-023

WHEREAS, the CITY of Thousand Oaks (CITY), a Community Development Block Grant (CDBG) entitlement community, is required by law to have a Citizen Participation Plan (PLAN) containing policies and procedures for public involvement in the U.S. Department of Housing and Urban Development (HUD) Consolidated Plan process for use of CDBG and/or other HUD funds; and

WHEREAS, preparation of CITY’s 2020-2024 Consolidated Plan (5-year Strategic Plan) for expenditure of CDBG funds between July 1, 2020 and June 30, 2024 provides an opportunity for revising and/or updating the CITY’s existing PLAN.

NOW, THEREFORE, the Thousand Oaks City Council rescinds Resolution No. 2015-023 and, in accordance with 24 CFR 91.105 (a) (1), adopts the following revised procedures for public participation during CITY’s 2020-2024 Consolidated Plan process.

1. Applicability and Purpose of the Citizen Participation Plan (PLAN)

a. CITY is required by HUD regulations (24 CFR § 91.105) to adopt a Citizen Participation Plan (PLAN) that sets forth the jurisdiction’s policies and procedures for citizen participation in the Consolidated Plan process.

b. The PLAN’s purpose is to provide for and encourage citizens to participate in development of the Consolidated Plan, any substantial amendments to the Consolidated Plan, and the annual Consolidated Annual Performance and Evaluation Report (CAPER).
2. **Participation of Low- and Moderate-Income Persons**

a. The requirements of the PLAN herein are especially designed to encourage participation in the Consolidated Plan process by Low- and Moderate-Income persons, particularly those living in slum and blighted areas and/or in areas where CDBG funds are proposed to be used; as well as by residents of predominantly Low- and Moderate-Income CDBG-eligible census tract block groups.

b. For definitional purposes, the term “Low-Income Person” means a member of a household whose gross income is equal to, or less than, the published Section 8 “Very Low-Income” limit established by HUD. Unrelated persons living together shall each be considered as a one-person household for determining gross collective household income.

c. For definitional purposes, the term “Moderate-Income Person” shall mean a member of a household whose gross income is equal to, or less than, the published Section 8 “Low-Income Limit”, and greater than the Section 8 “Very Low-Income” limit established by HUD. Unrelated persons living together shall each be considered as a one-person household for determining gross collective household income.

3. **Participation of Other Interested Persons and Organizations**

a. CITY will take appropriate actions to encourage participation in Consolidated Plan development by all residents, including minorities, non-English speaking persons, and persons with disabilities. CITY will also encourage participation by local and regional institutions and other organizations in the process of developing and implementing the Consolidated Plan. Collaborators will include businesses, developers, community and faith-based organizations and homeless services providers participating in the regional Continuum of Care process. CITY will explore alternative public involvement techniques and quantitative ways to measure efforts that encourage citizen participation in a shared vision for change in communities and neighborhoods, as well as the review of program performance through the use of focus groups and use of the Internet.

b. CITY will encourage participation in the development and implementation of the Consolidated Plan by public housing agencies, the residents of public and assisted housing developments, and by other Low-Income residents of targeted revitalization areas.
c. CITY will provide Consolidated Plan information to the local public housing agency on proposed and existing HUD-funded investments in the neighborhood and in surrounding communities. CITY will provide said information for dissemination to public housing residents via notices at local public housing facilities and/or at the annual public hearing required for the Public Housing Authority (PHA) Plan.

4. Public Comment on the Citizen Participation Plan (PLAN) and Amendments

a. CITY will provide citizens and all interested persons and groups with a reasonable opportunity to comment on the original PLAN and on proposed Substantial Amendments to the PLAN. CITY will post a copy of the PLAN to the City’s website and make paper copies available to the public at all times. On request, the CITY will make the PLAN available in an alternative format accessible to persons with disabilities.

b. CITY will provide a period of not less than 30 days to receive comments from citizens on the proposed Consolidated Plan.

c. During Consolidated Plan preparation, CITY will consider any comments or views of citizens received in writing, or orally at the public hearing(s). CITY has developed a phone-in method to allow public participation during City Council meetings which are closed to physical participation. A summary of these comments or views, and a summary of any comments or views not accepted, and the reasons therefore, will be attached to the final Consolidated Plan.

d. CITY will provide for at least three (3) public hearings during different stages of the Consolidated Plan process, as described in Section 8 below.

5. Development of the Consolidated Plan

CITY will develop its Consolidated Plan in accordance with the following minimum requirements.

a. Consolidated Plan Information
(1) Prior to adopting a Consolidated Plan, CITY will make available to citizens, public agencies, and other interested parties, information including the amount of assistance CITY expects to receive (including grant funds and program income) and the range of activities that may be undertaken, including the estimated amount that will benefit Low- and Moderate-Income persons.

(2) CITY will publish the proposed Consolidated Plan and related documents, including the Analysis of Impediments to Fair Housing Choice [or Assessment of Fair Housing (AFH)], as applicable, revised following 24 CFR 5.164, as well as the annual Action Plans, on the Community Development Department page of City's website (www.toaks.org). CITY will also publish a summary of the Consolidated Plan document(s) in the local newspaper of record, the Ventura County Star, as well as in the Thousand Oaks Acorn free newspaper.

CITY will make paper copies of the Consolidated Plan document(s) available for review at City Hall and, on request, at other public buildings. CITY will also mail a paper copy of the Consolidated Plan document(s) to anyone otherwise unable to access the document(s). The published summary will describe the contents and purpose of the Consolidated Plan document(s) and include a list of the locations where copies of the entire proposed Consolidated Plan may be examined. In addition, CITY will provide a reasonable number of free document copies to citizens and groups that request it.

b. Displacement and Relocation Policies

In accordance with the Uniform Relocation and Real Property Acquisition Policies Act (URA) of 1970, as amended, CITY will take measures to minimize displacement of persons, and to assist any persons displaced, by any HUD-funded activity. As summarized in Exhibit A to this PLAN, the CITY will specify the types and levels of assistance to be made to persons displaced, even if CITY expects no displacement to occur.
6. **Amendments to the Consolidated Plan**

a. **Criteria for Amending the Consolidated Plan**

CITY will use the following criteria and procedures to amend the Consolidated Plan. CITY will amend the Consolidated Plan when:

(1) A previously approved Activity is cancelled;
(2) An Activity, not previously approved, is added;
(3) A change would affect the Activity’s purpose, scope, location or beneficiaries; or
(4) For Section 108 loans, a change would affect the Activity’s purpose, scope, location, beneficiaries or funding.

b. **Substantial Amendments**

Any of the following actions will require City Council approval to process a Substantial Amendment to the previously approved Action Plan. A Substantial Amendment will occur when:

(1) A new Activity is being funded for the first time. If an Activity was funded in a previous program year, and there is no significant change in the project (purpose, scope, location or beneficiaries), it is not considered a Substantial Amendment.

(2) A funding change in a current Activity represents:
   (a) More than 10 percent of the jurisdiction’s CDBG funds for the current fiscal year; or
   (b) More than 50 percent of the Activity’s total HOME funding.

(3) A change in the use of CDBG funds from one eligible Activity to another.

(4) Each Substantial Amendment shall be noticed by the CITY in a local newspaper of general circulation a minimum of 30 days prior to action by the City Council. Depending upon the amendment and/or the project area, the notice may appear in both an English-language and a Spanish-language newspaper that targets the area of interest.
(5) A summary of public comments or views, and a summary of any comments or views not accepted, and the reasons therefore, will be included in the description of the Amendment forwarded to HUD and published in either the Action Plan or CAPER report.

c. **Minor Amendments**

Less significant Action Plan amendments do not require 30 days of public notice or City Council approval when they meet any of the following criteria:

1. Total proposed amendment involves less than 10 percent of program year CDBG funding; or
2. Total proposed amendment involves less than 50 percent of total HOME funding.

Minor Action Plan amendments may be approved administratively by the City Manager. Each such amendment will be incorporated into the Consolidated Plan through publishing in the next Action Plan and/or Consolidated Annual Performance and Evaluation Report (CAPER).

7. **Performance Reports**

a. CITY will provide citizens with reasonable notice and an opportunity to comment on performance reports. Specifically, CITY will provide notice to the public, at least 30 days before any City Council consideration, of the opportunity to comment on a proposed Consolidated Plan, annual Action Plan, annual Consolidated Performance and Evaluation Report (CAPER), and for each proposed Substantial Amendment to an Action Plan.

b. In preparing the Performance Report, the CITY will consider the comments or views of citizens received in writing, or orally at public hearings. A summary of these comments and views shall be attached to the final Performance Report.

8. **Public Hearings**

a. As listed below, during each program year, CITY will hold a minimum of three (3) Consolidated Plan-related public hearings, scheduled at different stages of the program year. Public hearings will address
CITY’s housing and community development needs, development of proposed activities, and review of program performance.

(1) **Annual Needs Assessment Public Hearing**

Each year (between September and January) and prior to the preparation of an annual Action Plan and/or Consolidated Plan, CITY will hold a Needs Assessment public hearing to provide the public with an opportunity to comment on how CDBG funds, and or other public resources, could be used to address the needs of predominantly Low- and Moderate-Income households.

(2) **Annual Action Plan (or Consolidated Plan) Public Hearing**

Each year (generally in April) the CITY will hold a public hearing, prior to City Council consideration of a proposed Action Plan and/or Consolidated Plan, to receive public comment on how the proposed CDBG or other publicly funded activities will address the needs of CITY’s predominantly Lower-Income households. A Consolidated Plan public hearing will be scheduled prior to City Council consideration of a Consolidated Plan that currently occurs every five (5) years.

(3) **Annual Performance Report Public Hearing**

Each September, CITY will hold a public hearing, prior to City Council consideration of a proposed Consolidated Annual Performance and Evaluation Report (CAPER), to receive public comment on how the CDBG, or other publicly funded activities implemented during the program year, addressed the needs of CITY’s predominantly Lower-Income households.

b. **Public Notices**

CITY will provide citizens and other interested parties with adequate notice of:

(1) the start of a 30-day public review and comment period for a HUD document (proposed Action Plan or Consolidated Plan, proposed Substantial Amendment or proposed Performance Report); and/or
(2) the scheduling of a HUD-required public hearing.

(3) Public notices shall be provided, as shown below. Public hearing notices shall include sufficient information to permit informed consent including, but not limited to, the date, time and location of the public hearing and a full description of the Activity that is the subject of the hearing.

(i) A legal notice published in the local newspaper of record, currently the Ventura County Star newspaper;

(ii) A display-type ad in the non-legal section of a local newspaper, such as the Thousand Oaks Acorn free newspaper.

c. Public Hearing Notices

(1) In accordance with paragraph 8 (b) of this PLAN, the public shall be notified at least 14 days in advance of the date of a HUD-related public hearing.

(2) Each of the CITY's public hearings shall be held at times and locations convenient to potential and actual beneficiaries, and with accommodation for persons with disabilities. All CDBG-related public hearings will be scheduled at 6 pm, or shortly thereafter, to accommodate persons who work full-time. Hearing locations shall be within CDBG-eligible census tract block groups, including City Hall located at 2100 Thousand Oaks Boulevard.

(3) If a significant number of non-English speaking residents are reasonably expected to participate in one of CITY's HUD-related public hearings, CITY will provide an interpreter to assist in translating public hearing testimony.

d. Public Document Notices

(1) In accordance with paragraph 8 (b) of this document, the public shall be notified in advance of the start of a 30-day review period for a HUD-related public document including,
but not limited to, a proposed Consolidated Plan, Action Plan, Substantial Amendment, and/or Performance Report.

(2) All CDBG-related public documents shall be made available for 30 days of public review prior to City Council consideration at a duly noticed public hearing. Documents will be posted electronically to CITY’s Community Development Department website (www.toaks.org) and paper copies will be made available for review at City Hall, on request, at the Thousand Oaks and Newbury Park library buildings, and/or at the Goebel Senior Adult Center. City shall make alternate arrangements should these sites become inaccessible to the public. Upon request, CITY will make the subject document available in a format accessible to persons with disabilities.

e. Substantial Amendment Notices

(1) In accordance with paragraph 8 (b) of this document, the public shall be notified in advance of the start of a 30-day review period for a proposed Action Plan Substantial Amendment, as such amendment is described in Section 6 of this document.

(2) All CDBG-related public documents shall be made available for 30 days of public review prior to City Council consideration at a duly noticed public hearing. Documents will be posted electronically to CITY’s Community Development Department website (www.toaks.org) and paper copies will be made available for review at City Hall, on request, at the Thousand Oaks and Newbury Park library buildings, and/or at the Goebel Senior Adult Center. City shall make alternate arrangements should any of these sites become inaccessible to the public. Upon request, CITY will make the subject document available in a format accessible to persons with disabilities.

9. Access to Records

CITY will provide citizens, public agencies, and other interested parties, with reasonable and timely access to information and records related to
the Consolidated Plan and the use of CDBG and/or HOME funds during the previous five (5) years.

10. Technical Assistance

On request, CITY will provide technical assistance to any group representative of Low- and Moderate-Income persons to develop a proposal for HUD funding through CITY's CDBG and/or HOME programs. The nature of the assistance to be provided shall be determined by the City Council and need not include the provision of funds to the groups.

11. Complaints

CITY will provide timely and substantive responses to every written citizen complaint, including an initial response within 15 working days, where practicable, and a follow-up response, if required, within 30 working days.

12. Use of the Citizen Participation Plan

By its adoption of this Resolution, CITY agrees to follow its Citizen Participation Plan during the implementation of all HUD-related and HUD-funded activities.

13. Responsibility for Citizen Participation Plan

The requirements for citizen participation under this Plan shall not restrict CITY's responsibility or authority for the development and implementation of the Consolidated Plan and/or any HUD-required or HUD-funded activities.

14. Changing the Citizen Participation Plan (PLAN)

This PLAN can be revised only after the public has been notified of intent to modify it and only after the public has had a reasonable opportunity to review and comment on proposed changes.
15. Citizen Participation Process under Declaration of Disaster or Emergency

In case of declared disaster or emergency events, City will adopt and/or follow a modified method for citizen participation as directed by the Federal government. These modifications may include a shortened public review period and the option for virtual hearings and real-time responses. Accommodations for persons with disabilities and/or with limited English proficiency will be made available to the greatest extent possible. CITY's current citizen participation process in case of disaster or emergency is set forth in Exhibit B to this Resolution.

Residential Anti-Displacement and Relocation Plan

In accordance with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (the "Act"), as amended, and the implementing regulations of the U.S. Department of Housing and Urban Development (HUD) at 49 CFR 24, and as required under Section 104(d) of the Housing and Community Development Act of 1974, as amended, the City of Thousand Oaks certifies that the following provisions are in effect and will be undertaken by the City prior to, and in connection with, any activity, assisted with CDBG or HOME funds, that will result in the displacement and/or relocation of lower-income City residents.

1. The City will replace all occupied and vacant habitable lower-income ("low/moderate-income") housing units demolished or converted to a use other than as lower-income housing, in connection with a project assisted with CDBG or HOME funds.

2. All replacement housing will be provided within three (3) years after the commencement of the demolition or conversion. Before entering into a contract committing the City to provide funds for a project that will directly result in demolition or conversion, the City will make public by publication in a newspaper of general circulation and submit to HUD the following information in writing:

   (a) A description of the proposed assisted project.

   (b) The address, number of bedrooms, and location on a map of lower-income housing that will be demolished or converted to a use other than as lower-income housing, as a result of an assisted project.

   (c) A time schedule for the commencement and completion of the demolition or conversion.

   (d) To the extent known, the address, number of bedrooms and location on a map of the replacement housing that has been, or will be, provided.

   (e) The source of funding and a time schedule for the provision of the replacement housing.

   (f) The basis for concluding that the replacement housing will remain lower-income housing for at least 10 years from the date of initial occupancy.

3. To the extent that the specific location of the replacement housing and other data in items (a) through (f) above are not available at the time of the general submission described in paragraph 2 above, the City will identify the general...
location of such housing on a map and complete the disclosure and submission requirements as soon as the specific data are available.

4. The City’s Community Development Department (805-449-2500) will be responsible for doing the following:

(a) Provide relocation assistance to lower-income ("low/moderate income") families and individuals displaced as a result of the conversion or demolition of any lower-income ("low/moderate income") dwelling unit assisted with CDBG or HOME funds.

(b) Maintain records to track the replacement of lower-income housing ensuring that it is provided within the required period.

(c) Make or provide for relocation payments and other relocation assistance to any lower-income person displaced by the demolition of any housing or the conversion of lower-income housing to another use.

5. Consistent with the goals and objectives of activities assisted under the Act, the City will take the following steps to minimize the direct and/or indirect displacement of persons from their homes. The City will:

(a) Coordinate code compliance activities with its residential rehabilitation and housing assistance programs.

(b) Adopt policies to identify and mitigate the displacement of lower-income persons resulting from the construction of new, multi-family housing.

(c) Adopt policies that provide reasonable protections for lower-income tenants faced with conversion of their rental unit or mobile home unit to a condominium or cooperative unit, or to a non-residential use.

(d) Evaluate housing codes and rehabilitation standards for lower-income housing to prevent undue financial burden on established owners and tenants.

(e) Encourage the rehabilitation of lower-income rental units to allow tenants to remain in the building/complex during and after the rehabilitation, working with unoccupied units first.

(f) Arrange for facilities to house persons who must be relocated temporarily during rehabilitation.

(g) Identify and/or establish counseling centers to provide homeowners and tenants with information on assistance available to help them remain in their neighborhood in the face of revitalization pressures.
Citizen Participation Process under Declaration of Disaster or Emergency

In the event of a declared disaster or emergency, it may be necessary for the City to expedite substantial amendments to the Consolidated Plan. There are three types of disasters/emergency events that may necessitate an expedited substantial amendment including (1) Man-Made-disasters, (2) Natural disasters, and (3) Terrorism. Man-made disasters can include chemical spills, mass rioting, power outages, dam failure, plant explosions, etc. Natural disasters can include earthquakes, tsunamis, hurricanes, tornadoes, wild fires, flooding and public health issues such as wide-spread disease. Terrorism events include bomb threats, biochemical attacks like the spread of anthrax, or cyber-attacks like hacking, phishing, and virus distribution, etc.

These expedited substantial amendments may include funding new activities and/or the reallocating of funds in order to meet needs resulting from a declared disaster or emergency. Therefore, the City shall adopt any and all process modifications allowed for by the specific orders related to any declaration in order to utilize HUD funds as quickly as possible to meet these needs.

With respect to a declared disaster, the City may elect to use HUD funds to address needs not provided for by the Federal Emergency Management Agency (FEMA) and the Small Business Administration (SBA), or other disaster relief efforts. Funding for disaster relief may not duplicate other efforts undertaken by federal or local sources unless allowed by the federal government. Potential eligible uses of funds are those that are included in this Citizen Participation Plan, the Consolidated Plan, or any other CDBG, HOME, or ESG eligible use. HUD may provide new guidance on eligible uses in which the City will comply with and may utilize as well.

All eligible CDBG activities, including those to address declared disasters or emergencies, must meet one of three national objectives which are: (1) Benefit to low-and moderate-income (LMI) persons; (2) Aid in the prevention of slums or blight; and (3) Meet a need having a particular urgency (referred to urgent need). The City may carry out eligible CDBG activities to meet needs resulting from declared disasters or emergencies under any one of the three national objectives.

Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") (CDBG-CV)

On April 9, 2020, HUD issued a notice on the CARES Act flexibilities for CDBG funds used to support COVID-19 response and plan amendment waiver and summarized as follows:

- For CDBG funding under FY 2019-20, FY 2020-21, and the CARES Act CDBG-CV funds, the City may provide a 5-day notice as allowed under a HUD waiver. To expedite the City’s use of the CDBG-CV funds, HUD waived the requirements
under 42 U.S.C. 12705(a)(2) to the extent that it requires updates to the housing and homeless needs assessment, housing market analysis, and strategic plan and 24 CFR 91.220 and 91.320 to the extent the action plan is limited to a specific program year to permit the City to prepare substantial amendments to the City’s most recent annual action plan, including the 2019 annual action plan. The City will identify the proposed use of all funds and how the funds will be used to prevent, prepare for, and respond to coronavirus. HUD also waived 24 CFR 91.505 to facilitate the use of the CDBG-CV funds to the extent necessary to require submission of the substantial amendment to HUD for review in accordance with 24 CFR 91.500.

- HUD eliminated the 15 percent cap on the amount of grant funds that can be used for public services activities. Following the CARES Act enactment, the cap in section 105(a)(8) of the Housing Community Development Act of 1974 and 24 CFR 570.201(e) has no effect on CDBG-CV grants and no effect on FY 2019-20 and FY 2020-21 CDBG grant funds used for coronavirus efforts.

- The City may use the CDBG-CV grant funds to cover or reimburse costs to prevent, prepare for, and respond to coronavirus incurred by the City, regardless of the date on which such costs were incurred, when those costs comply with CDBG requirements. For other grants, pre-agreement and pre-award cost authority is available under 24 CFR 570.200(h).

- HUD extended the deadline for City to submit action plans and other updates to the City’s consolidated plans submissions for FY 2019-20 and FY 2020-21 to August 16, 2021.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2020-21 (one year) [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

From: Kelvin Parker, Community Development Director
Date: December 22, 2020
Subject: Amendment #1 (Minor) to Program Year 2020 Community Development Block Grant (CDBG) Action Plan (FY 2020-21)

On May 12, 2020, the City Council approved the 2020 CDBG Action Plan which included the 2020-21 CDBG Entitlement Grant allocation of $577,995. As a participating member of the Ventura County HOME Consortium, the County of Ventura submitted the City’s 2020 Action Plan to the U.S. Department of Housing and Urban Development (HUD) on 6/30/2020. On 11/16/2020, the City received a HUD correction notice dated 10/22/2020, which reduced the 2020 CDBG allocation total by $88, which revises the allocation to $577,907.

Staff is requesting that the $88 allocation reduction be applied to the CDBG Program Administration as Minor Amendment #1 to the 2020 CDBG Action Plan which will reduce the original administration budget of $114,349.42 to $114,261.42 and request City Manager to sign a revised HUD Funding Agreement and related documents.

The City’s Citizen Participation Plan (Resolution 2020-013) allows the City Manager to approve funding revisions to the City’s CDBG Action Plan, provided said changes total less than 10 percent of the annual grant amount.

Upon City’s approval of the Minor Amendment, staff will take the necessary steps as required by HUD to correct the 2020 CDBG Action Plan.

CORRECTED NOTICE

The Honorable Al Adam
Mayor of Thousand Oaks
2100 E Thousand Oaks Boulevard
Thousand Oaks, CA 91362-2996

Dear Mayor Adam:

I am pleased to inform you of your jurisdiction’s Fiscal Year (FY) 2020 allocations for the Office of Community Planning and Development’s (CPD) formula programs, which provide funding for housing, community and economic development activities, and assistance for low- and moderate-income persons and special needs populations across the country. President Trump signed Public Law 116-94 on December 20th, 2019, which includes FY 2020 funding for these programs.

Since issuing the original allocation announcement letters, HUD has discovered an error in the formula calculation for two CPD formula programs, the Community Development Block Grant (CDBG) and the HOME Investment Partnerships (HOME) programs, stemming from issues at HUD field offices in California which are currently being resolved. HUD informs you that the correction to the formula has resulted in a decrease in the allocation for your community, an amount representing 99.98% of your total CDBG grant for FY 2020. Thousand Oaks’s original CDBG allocation was $577,995. Your jurisdiction’s FY 2020 available allocation is now as follows:

Community Development Block Grant (CDBG) $577,907

This letter highlights several important points related to these programs. We remind grantees that CPD seeks to develop viable communities by promoting integrated approaches that provide decent housing and suitable living environments while expanding economic opportunities for low- and moderate-income and special needs populations, including people living with HIV/AIDS. The primary means towards this end is the development of partnerships among all levels of government and the private sector, including both for-profit and non-profit organizations.

Based on your jurisdiction’s CDBG allocation for this year, you also have $2,889,975 in available Section 108 borrowing authority. Since Section 108 loans are federally guaranteed, this program can leverage your jurisdiction’s existing CDBG funding to access low-interest, long-term financing to invest in Opportunity Zones or other target areas in your jurisdiction.

HUD continues to emphasize the importance of effective performance measurements in all of its formula grant programs. Proper reporting in the Integrated Disbursement and Information System (IDIS) is critical to ensuring grantees are complying with program requirements and
policies, providing demographic and income information about the persons that benefited from a community's activities, and allowing HUD to monitor grantees. Your ongoing attention to ensuring complete and accurate reporting of performance measurement data continues to be an invaluable resource with regard to the impact of these formula grant programs.

The Office of Community Planning and Development is looking forward to working with you to promote simple steps that will enhance the performance of these critical programs and successfully meet the challenges that our communities face. If you or any member of your staff have questions, please contact your local CPD Office Director.

Sincerely,

John Gibbs
Assistant Secretary (Acting)
for Community Planning and Development
