THOUSAND OAKS MUNICIPAL CODE

Sec. 9-4.2518. Home occupations.

A home occupation shall include any use customarily conducted entirely within a dwelling or building accessory thereto and carried on by the inhabitants thereof. The use shall be clearly incidental and secondary to the principal use of the residence.

- (a) Home occupation permits: Issuance. A home occupation permit shall be issued if the Community Development Director determines that such use complies with the following criteria:
- (1) A maximum of two (2) employees per day, not occupants of the residence and only during the hours of 8:00 a.m. and 8:00 p.m., shall be allowed at the residence. No more than one employee shall be allowed at the residence at a time.
 - (2) No use of material or mechanical equipment which creates or emits light, sound, or vibration, or produces an odor, which can be heard, felt, or otherwise sensed upon adjoining property or public rights-of-way shall be permitted except uses compatible with the permitted residential uses.
 - (3) No commodities or services shall be advertised on the premises.
 - (4) No signs or structures shall be permitted other than those normally permitted in the zone.
 - (5) The use shall not create pedestrian or vehicular traffic other than normal to the residential use of said premises as follows:
 - (i) No more than four (4) visitors or customers a day shall be allowed in connection with the home occupation and may only be present between the hours of 8:00 a.m. and 8:00 p.m., except as provided in subsection (ii).
 - (ii) No more than two (2) students shall be allowed on the premises at the same time for music lessons, tutoring, or other instructional purposes and may only be present between the hours of 7:00 a.m. and 9:00 p.m. However, group instruction of up to eight (8) students at the same time shall be allowed once a week.
 - (6) No identifiable commercial vehicles in connection with the home occupation shall be permitted for delivery of materials to or from the premises except those vehicles that normally make deliveries to or pickups from households in residential areas.
 - (7) No outdoor storage of materials or supplies visible from the public street or adjacent property shall be permitted in connection with the home occupation.
 - (8) The appearance of the structure shall not be altered, nor shall the conduct of the occupation within the structure be such that the structure may be reasonably recognized as serving a nonresidential use.
 - (9) The home occupation must have sufficient parking on the premises to accommodate both residential and home business uses.
 - (10) No more than one vehicle used exclusively for, or in any way identifiable as related to, the home occupation may be used or stored on the premises. There shall be no parking or storing of commercial vehicles on public streets in connection with the home occupation. Commercial vehicles used for, or in any way related to the home occupation shall not be stored on the premises, or parked on the street unless otherwise permitted. As used herein, commercial vehicles are as defined in the California Vehicle Code.

The Community Development Director or designee may impose conditions upon the approval of a home occupation permit, as deemed necessary to insure compliance with the criteria listed in this section, to maintain the residential character of the neighborhood, and to require compliance with all Federal, State and local requirements.

- (b) Home occupation permits: Revocation. A home occupation permit granted in accordance with the provisions of this chapter may be terminated if the Community Development Director makes any of the following findings:
- (1) That any condition of the home occupation permit has been violated;
 - (2) That the use has become detrimental to the public health or traffic or constitutes a nuisance;
 - (3) That the permit was obtained by misrepresentation or fraud;
 - (4) That the use for which the permit was granted has ceased for six (6) consecutive months or more; and
 - (5) That the condition of the premises, or of the area of which it is a part, has changed so that the use is no longer justified under the meaning and intent of this section.

Any determination of the Community Development Director under the provisions this section may be appealed to the Commission pursuant to the provisions of Article 28 of this chapter.

- (c) Home occupation permits: Nontransferability. A home occupation permit granted in accordance with the provisions of this chapter shall not be transferred, assigned, or used by any person other than the permittee, nor shall such permit authorize such home occupation at any location other than the one for which the permit is granted.
- (d) Nonconforming home occupations. Non-conforming home occupations shall be discontinued or shall comply with all the provisions of this section on or before December 3, 2003.

DISABILITY ACCESS REQUIREMENTS AND RESOURCES

NOTICE TO APPLICANTS FOR BUSINESS LICENSES AND COMMERCIAL BUILDING PERMITS:

CERTIFIED ACCESS SPECIALIST INSPECTION SERVICES

Compliance with state and federal construction-related accessibility standards ensures that public places are accessible and available to individuals with disabilities. Whether your business is moving into a newly constructed facility or you are planning an alteration to your current facility, by engaging the services of a Certified Access Specialist (CASp) early in this process you will benefit from the advantages of compliance and under the Construction-Related Accessibility Standards Compliance Act (CRASCA, Civil Code 55.51-55.545), also benefit from legal protections.

Although your new facility may have already been permitted and approved by the building department, it is important to obtain CASp inspection services after your move-in because unintended access barriers and violations can be created, for example, placing your furniture and equipment in areas required to be maintained clear of obstructions. For planned alterations, a CASp can provide plan review of your improvement plans and an access compliance evaluation of the public accommodation areas of your facility that may not be part of the alteration.

A CASp is a professional who has been certified by the State of California to have specialized knowledge regarding the applicability of accessibility standards. CASp inspection reports prepared according to CRASCA entitle business and facility owners to specific legal benefits, in the event that a construction-related accessibility claim is filed against them.

To find a CASp, visit www.apps2.dgs.ca.gov/DSA/casp/casp_certified_list.aspx.

PREVENTION OF GENDER-BASED DISCRIMINATION: BUSINESS ESTABLISHMENTS' LEGAL OBLIGATIONS

The [Gender Tax Repeal Act of 1995](#) (Act) prohibits a business from discriminating based on a person's gender for prices of similar or like-kind goods and services. However, the Act does not prohibit price differences based on the amount of time, difficulty, or cost of providing the services.

In addition to prohibiting discrimination based on a person's gender, the Act **requires certain businesses** to clearly and conspicuously disclose to customers in writing the pricing for each standard service provided. The posting requirement applies to:

- Barbers and hair salons
- Tailors or businesses providing aftermarket clothing alterations
- Dry cleaners and laundries providing services to individuals

These businesses must follow **specific posting requirements**. The price list must:

- Clearly and completely display pricing for every standard service, which means the 15 most-frequently requested services.
- Use a font 14-point boldface or larger.
- Be posted in an area conspicuous to customers.

The business establishment must also provide a customer with a **complete written price list** upon request.

In addition, the business establishment **must display in a conspicuous place at least one sign**—printed in no less than 24-point boldface type—that states:

CALIFORNIA LAW PROHIBITS ANY BUSINESS ESTABLISHMENT FROM DISCRIMINATING, WITH RESPECT TO THE PRICE CHARGED FOR SERVICES OF SIMILAR OR LIKE KIND, AGAINST A PERSON BECAUSE OF THE PERSON'S GENDER. A COMPLETE PRICE LIST IS AVAILABLE UPON REQUEST.

Business establishments **may be fined \$1,000** for failing to correct within 30 days a violation of any of the requirements after receiving a written notice. The 30-day correction period only applies to posting violations and not to discriminatory pricing violations.

In addition, according to Civil Code section 52(a), a business may be liable for any amount determined by a jury, or a court sitting without a jury, up to three times the amount of actual damage but no less than \$4,000, plus any attorney's fees. However, an action under this section does not prohibit an aggrieved party from seeking any other available remedy or procedure.

OTHER PROVISIONS

This Act does not change or affect provisions of the Health and Safety Code, the Insurance Code, or other laws that govern a health care service plan, or insurer underwriting or rating practices.
